I will guarantee that this Alectride Grinder will **NOT** draw the temper from the steel. I don't want you to send me any money—not a cent. I want to make you an offer so liberal that you simply cannot afford to refuse it.

I will give you the use of this magnificent outfit for ten days absolutely FREE—no red tape, no papers to sign, no obligations of any nature. Just get the outfit use it for ten days just as though it were your own, on your own work, sharpen your sickles, plowshares, cultivator shovels, scythes, axes—anything that is dull—then, if you wish, return it to me at my expense.

Now, I want to tell you why I am making this offer

We know that every progressive, up-to-date farmer realizes the advantage of always having sharp, bright tools to work with. You know how much more work can be done with tools which are always in good condition. You know how much easier your work is and how much longer your tools last. You know all these things and yet—you DO sometimes work with dull tools, don't you?

I want to prove to you that you can easily keep all your farm tools in good condition all the time with this wonderful, simply wonderful, outfit which I will send you FREE.

Genuine Alectride Grinder NOT An Emery Wheel

And Alectride is the most wonderful abrasive in the world, even hard enough to scratch the diamond. It is really manufactured precious stones, for it is made of the very same substances which go to make up the sapphire and the ruby. Alectride is the most perfect grinding substance known. It is just as much harder than emery as emery is harder than ordinary chalk. A grinding wheel made entirely of pulverized South African diamonds would not grind one bit better or faster than the genuine Alectride wheels which we furnish with this superb machine.

Alectride is manufactured in the most terrific heat which man has ever been able to produce. A heat so great that it will actually burn up a common brick like so much gunpowder. And in this incomparable heat is produced Alectride. It is the heat in which the worlds were formed. Every one of the beautiful iridescent, needle-like crystals is so hard that it will actually scratch the diamond itself. It is these crystals which are crushed up and made into the grinding wheels. It is these inconceivably hard and sharp crystals which cut through the hardest steel more easily than the finest emery wheel will cut through soft copper.

SAVES TIME—EFFORT—MONEY!

You can do the same work in two minutes on an Alectride wheel that would take you at least half an hour on a grindstone, and do it better. And you can operate the Harman Special Farm Tool Grinder for half an hour with less effort than would be required in running a grindstone for two minutes. Alectride will grind 25 times faster than a grindstone and 8 times faster than an emery wheel.

We want to prove these things to you at our expense. We want to send you the Harman Special Tool Grinder for a ten days' trial right on your own farm. See for yourself how it will grind and sharpen every tool on your farm. See for yourself that it is time to throw away the grindstone. Send the free coupon for our free booklet describing this wonderful Alectride. Mail Coupon Today!

LASTING—BINDING—GUARANTEE

Alectride wheels are so much harder than the hardest steel that no amount of grinding seems to have the slightest effect on them. Alectride will cut the biggest steel file you have in two in five seconds. We give a lasting, binding guarantee with our tool grinder.

Alectride will NOT draw the temper from the steel!

Alectride wheels will not wear in spots or become lop-sided. They will not glaze over. They are not only hard, but they are equally hard throughout. There are no soft spots in an Alectride wheel. Alectride wheels will not draw the temper of the finest tool. The reason for this is that Alectride does not heat the article which is being ground as does an emery wheel or grindstone. Alectride cuts and cuts quickly—it cuts so quickly that the steel does not have time to heat.

THOUSANDS IN USE

Read These Letters of Praise

HARMAN GRINDER RECOMMENDED BY GOVERNMENT OFFICIALS
Supt. of Indian School Adds His Praise to That of Thousands of Farmers All Over the Country
 Department of the Interior, U. S. Indian Service, Wahpeton Indian School, Wahpeton, N. D.
HARMAN SUPPLY CO., Chicago.
 Sirs: The tool grinder shipped to this school has given good satisfaction and appears to be as guaranteed by you. I am enclosing photograph of the school and buildings, and you may use same and recommendation as you desire.
 Very respectfully,
 W. C. RANDOLPH,
 Supt. and Spl. Dist. Agt.

If Farmers Knew, All Would Buy
 I don't think any farmer would be without one of your grinders on his farm after he has an opportunity to try one. I think it is the best machine of the kind I ever saw. The Hone that I received with my machine is the best stone I ever used, and I have used a great many different kinds. I have tried nearly everything that needs sharpening on a farm on this grinder and it has proven satisfactory in every case.
 EMRY BUNNELL,
 R. R. No. 1, Nevada, Ohio.

Government recommendation means something. The Harman Grinder was first tested carefully, approved and purchased. Now, after it has been used and proved its worth in hard everyday grinding and polishing and has been approved by officials who are slow to praise unless they KNOW—don't you think that you should at least TRY this grinder when you can do so at no expense to yourself and no risk? The grinder MUST make good to your entire satisfaction or we want you to send it back. Write for the grinder today and see how much money it will save on YOUR farm.

Beats Anything I Ever Saw
 Your Grinder is just what every man that has tools to grind should have. I am well satisfied with the grinder. It beats any grinder I ever saw or used. Enclosed find check to pay for grinder.
 EBER DEFOON,
 R. F. D. No. 3, Ostron, Ia.

Most Useful Machine on Farm
 I must say the grinder is far ahead of anything I expected it to be. No more hand power grinders for me. When I want to sharpen anything I go and do it without chasing up the second party to turn the stone. Not being used to sharp tools, three of my family have slight mementos on their fingers and I touched myself slightly this afternoon. My boy calls it "Pop's" bicycle. Very true that statement that you can use it 365 days a year. I gunned a cross-cut, sharpened some knives and a hatchet. I am satisfied that it is the most useful tool or equal to any tool the farmer or anybody else has on his place.
 C. J. DOYLE,
 Orchard Farm, Westfield, Mass.

Seven Days Enough to Prove Worth
 I have had the grinder just seven days and that is enough to show me that it is more than you say it is, and I have tried it on everything that I could, and it beats the old grindstone all hollow, and I think you will make more sales around here, as there has been quite a few of my neighbors who have seen my grinder work.
 BERT LEWIS,
 Box 29, Larchwood, Iowa.

Would Not Take Twice Price
 After ten days' free trial with your Grinder I can say that I am well pleased with it and would not take more than twice the price for it if I could not get another like it.
 V. V. MAXSON,
 West Point, Miss.

Another Man Who Knows a Good Grinder
 I received your Grinder the 15th and have given it a thorough test. It is much better than I expected, which is enough to say I am well pleased with it. I would not sell it for double the cost and do without one.
 R. B. COLEMAN,
 Berryville, Va.
