**FREE MEDICINE FOR CATARRH**

If You Suffer from this Loathsome and Dangerous Disease, Your Name and Address Will Bring to You Our Catarrh Medicine FREE.

We are specialists in the treatment and cure of Catarrh. We know that we have the right treatment for Catarrh and we are going to prove it. We want to prove it in the quickest possible way; therefore we make this offer of one month's Catarrh medicine FREE. After carefully reading the symptoms enumerated below, write us indicating those you feel in your case, and upon receipt of your letter with name and address, we will send you one full month's treatment FREE. Now we will tell you why we can afford to make you this liberal offer. Ours is not a "cure all" nostrum, such as is dealt out to all alike, independent of age, temperament or condition, but instead is a scientific course of medicine prescribed to meet the INDIVIDUAL requirements and special needs of each individual case and compounded by an up-to-date pharmacist from pure, fresh drugs. It has proven successful in so many cases that have tried numerous so-called Catarrh cures with little or no benefit, AND WE BELIEVE IT WILL CURE YOU. It is cheaper for us to give a month's medicine free, knowing that thousands will take advantage of this generous offer, and thereby quickly spread to their friends and relatives the efficiency of our method, than it would be to wait patiently for years in the old way to have this grand treatment become famous; therefore seeming generosity is really economy.

**LOSS OF SIGHT, DEAFNESS,**

and many other afflictions find their origin in the Catarrh poison lurking in the system and cannot be cured until this primary cause is removed.

**READ CAREFULLY the Following Symptoms**

**EYE** Do your eyes water, do they itch or burn; does matter accumulate in the corners of eyes during sleep; is vision impaired; are the eyelids inflamed or granulated? If so you need our treatment

**EAR** Catarrh extends from the throat along the Eustachian Tubes into the ears, frequently causing partial or complete deafness. Is your hearing failing; do your ears discharge; do you hear better some days than others; do you have roaring or cracking or other noises in your head? If you have any or all of these symptoms you need prompt treatment.

**NOSE AND THROAT** This form of Catarrh is most common, resulting from neglected colds. Is your nose tender or stopped up; does your nose discharge; is there pain in front of the head; do you h'awk to clear the throat; is your throat dry in the morning; do you sleep with your mouth open? Now is the time to be cured—do not delay, thus allowing the trouble to become complicated and deep seated.

**BRONCHIAL TUBES** When Catarrh of the head or throat is neglected or improperly treated it frequently extends down the wind-pipe into the bronchial tubes and in a short time may attack the lungs. Have you a cough; do you take cold easily; have you pain in the side; do you raise frothy matter or spit up little cheesy lumps, are you growing weaker? It is dangerous to neglect these warnings. Stop the disease before it becomes too late.

**STOMACH** Catarrh of the stomach is due to swallowing mucus which drops from the head and throat during sleep. Do you suffer from nausea, or belch up gas? Is your tongue coated; do you blost after eating; is there a constant bad taste in the mouth; have you a foul disagreeable breath; do you vomit or spit up your food? If you neglect these symptoms you will regret it.

**LIVER DISEASE** The liver is frequently affected by Catarrhal poisons carried from the stomach through the ducts into the liver. Do you get dizzy; see specks before the eyes; have you cold feet; feel generally miserable; get tired easy; have hot flashes; easily discouraged; rumbling in the bowels; constipated, sallow skin? If you have any of these symptoms prompt treatment is necessary.

**KIDNEY DISEASES** may result by taking cold, or by overworking the kidneys in separating the Catarrhal poison which may affect any organ. Do your hands and feet swell; do you notice it more at night; is there a pain in the small of the back; has the perspiration a bad odor; do you notice sediment, mucus or a "brick dust" deposit? Watch out for Bright's Disease and Deabets.

**NERVOUS DISEASES** The majority of nervous diseases are caused by poisons in the system. Is your mind dull; are you easily excited; does your heart flutter; do your muscles twitch; are you irritable; suffer from sleeplessness; get up as tired as when you went to bed; suffer from Neuralgia; have bad dreams; have you gloomy forebodings and always a feeling that something is going to happen! To delay treatment is dangerous.

Remember, send only your name and address, **no money**, and without delay, you will receive **one month's medicine free** for your particular case, also a large illustrated book, which contains much valuable information. It explains how to get well and how to **keep well**, and should be in every home. Address

**Washington News**

A special dispatch to the Louisville Courier-Journal says: "Speaker-to-be Champ Clark is in search of a real live wire in the stenographic line to fill a vacancy in the official corps of shorthand reporters of the house. The place pays \$6,000 a year for life and the successful candidate must be able to jot down his potbooks quick enough to record the running fire of the liveliest debate in the house. No amateur need apply. The appointee will only have to work when the house is in session, but must then be steadily on the job, even if the legislative day is spread by filibuster or other parliamentary process over a span of several ordinary calendar days. This vacancy was created last Saturday by the sudden death of A. C. Welch, of Tennessee, the ranking official stenographic reporter of the house who, for twenty-six years, had been actively reporting the proceedings of the house. Speaker Cannon has the power of filling the vacancy, but passes that task along to Champ Clark. When asked why he did not care to make the appointment, Mr. Cannon replied: 'I'm afraid you democrats would fire some of my stenographers out the moment you came into power.' Mr. Clark wants to give it to the best man that can be found and said he would like to have it known that he is on the market for an 'official stenographer.' When applications arrive Mr. Clark will arrange some sort of a competitive examination and give the winner the appointment. The coming speaker says it's a good job for a good democrat."

The Washington correspondent to the Associated Press says: "The democrats of the house, aided by a few republicans who declined to be bound by the party caucus, won their fight for an increased representation in the lower branch of congress under the census of 1910. They voted down the republican caucus bill to maintain the membership at 391, as at present, and then passed the original Crumpacker bill, fixing the membership at 433 on and after March 3, 1912. If Arizona and New Mexico should be admitted to statehood they would be given one representative each, bringing the total to 435. The action of the house must be ratified by the senate. The house leaders believe the senate will follow the wishes of the lower branch. Under the new reapportionment plan no state loses a member. The following states gain the number indicated: Alabama 1, California 3, Colorado 1, Florida 1, Georgia 1, Idaho 1, Illinois 2, Louisiana 1, Massachusetts 2, Michigan 1, Minnesota 1, Montana 1, New Jersey 2, New York 6, North Dakota 1, Ohio 1, Oklahoma 3, Oregon 1, Pennsylvania 4, Rhode Island 1, South Dakota 1, Texas 2, Utah 1, Washington 2, West Virginia 1."

A copy of the Daily Congressional Record for every home is contemplated in a bill introduced by Senator Heyburn of Idaho. The bill provides that the record shall be supplied at the rate of \$1 per year and that all postmasters may take subscriptions. No postage is to be paid on the Record.

Senator Bristow of Kansas replied to Senator Lodge on direct election of senators. "How," he asked, "can the distinguished senator entertain such a delusion when at this very hour there are in several states deadlocked in pending senatorial elections, caused solely by the persistent

determination of certain powerful financial interests to control the election of senators from those states?" Mr. Bristow asserted further that the great financial systems have acquired too much power in the government of the United States with the result that they have used their power to enrich themselves at the expense of the general public. He continued: "Unless a change is made, not only in the method of electing senators, but also in the manner of selecting delegates to the national conventions, the rising tide of unrest and dissatisfaction that prevails throughout the country will rapidly increase. Men will not become less greedy for wealth and power. The great financial interests will not abate their efforts to control, not only the business, but the politics of the country." Mr. Bristow was not afraid of the effect of giving too much power to the people. "I do (Continued on Page 15.)"
