Texas Land ON FIFTEEN YEARS' TIME
Farms in 25, 40, 80 and 160-acre tracts, north of Houston, in the Famous Southeast Texas Coast Country, at \$30 to \$35 an acre, selling on terms of \$1.90 an acre cash and balance in payments running 15 years. Possession at once. Railroad through land; store, postoffice and station. Fertile soil—produces money-making staple crops of corn, cotton, potatoes, peanuts, cane, as well as truck and fruit crops that net \$100 to \$300 an acre. Mild climate; two truck crops a year; splendid hog and cattle country; pure water, ample rainfall, no irrigation needed; good markets. Greatest opportunity ever offered the enterprising, young men, those who want more land, and investors, to get a real farm—not a truck patch. Sale just opened. Write today for free maps, plans, and illustrated literature. C. L. FRISCK, Owner, 245 First National Bank Building, Houston, Texas.

AN ECONOMIC WASTE
The outflow of Nebraska money to buy life insurance in the eastern companies is an economic waste. You can stop it so far as the taking of new life insurance is concerned by patronizing a Nebraska company.
This is a question worthy of consideration. Think it over when approached by agents of eastern companies. You will be surprised at the number of excellent reasons for keeping life insurance money in Nebraska.
