Autology

The new scientific word "AUTOLOGY," coined by Mrs. Moras and myself, has now been accepted by *The New Universities Dictionary* as a standard word of the English language.

Doctor Moras has written a Commonsense Book on *Autology*, and by so doing has placed the standard of the Creed of Health further to the front than any other man who has lived for a thousand years.—
Elbert Hubbard.

I have read your *Autology* with care. It has been of unusual interest throughout, and from beginning to end makes a splendid environment for producing active thought.—
Luther Burbank.

I say this is a book. There are men and men; but there is much difference. When it comes to measuring men by an ideal standard there are but a few; the same is true of books. *Autology*, by E. R. Moras, M. D., is a book.—Dr. J. H. Tilden, Editor of "*The Philosophy of Health*," Denver, Colo.

Autology saved my life. Three of the best physicians here told me I would be compelled to have an operation for *Appendicitis*. Nevertheless I have had no pain or indications of it since following *Autology* EIGHT YEARS AGO. It has been nothing less than a "Godsend" to me.—Mrs. C. K. G. (Name on request.)

I am getting better of the HARDENING OF THE ARTERIES; all dizziness and heart thumping have disappeared.—E. C. C. (Name on request.)

We consider *Autology* one of the most wonderful books ever written.—"*Physical Culture*" Magazine.
