Send one dollar with your name and shipping address to

Marion Phonograph Co., STATION A 28 CINCINNATI, OHIO

Rupture Kills 7,000 Annually

Seven thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance, or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—nourishment.

But science has found a way, and every truss sufferer in the land is invited to make a FREE test right in the privacy of their own home. The PLAPAO method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known.

The PLAPAO-PAD when adhering closely to the body cannot possibly slip or shift out of place, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to PLAPAO CO., Block 4040, St. Louis, Mo., for FREE trial. Plapao and the information necessary.

Rheumatism

A Remarkable Home Treatment Given by One Who Had It

In the Spring of 1893 I was attacked by Muscular and Sub-acute Rheumatism. I suffered as only those who have it know, for over three years, I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a treatment that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, some of them 75 to 80 years old, and results were the same as in my own case.

I want every sufferer from such forms of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of getting rid of your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when relief is thus offered you free. Don't delay. Write today.

WATCHFUL LOBBIES AND LOBBYISTS THAT CAMP IN WASHINGTON

"Remember that the eye of this country is on to you," wrote Bill Nye in a letter of advice and warning to Grover Cleveland, when the latter became President the first time. To write such a thing to a President today would only fractionally state the case. The country at present not only has its composite eye "onto" the President, but a good part of it is right in the midst of things at Washington with both composite feet, so to speak. This is accomplished by the maintenance at the national capital of more than a hundred lobbies whose duty it is to watch not only the Chief Executive but the whole works of the government, and particularly congress, so that nothing is slipped over that might imperil the real or fancied interests of the aggregations who pay the salaries of these lobby watchdogs. There is nowhere a complete list of the organizations that are represented in Washington lobbies, but we are told that practically every sort of American business is so represented to say nothing of social, racial, religious, and educational groups. In a recent article in the Detroit News, Jay G. Hayden gives a list of 120 such lobbies, compiled from Washington directories and the examination of the tenant lists of a number of the best-known office-buildings in the city. The list is headed by the National Chamber of Commerce, which leads the business organizations, Manufacturers' associations are given first, as follows:

- National Association of Manufacturers.
- American Manufacturers' Export Association.
- Institute of American Meat Packers.
- American Automobile Association.
- National Cannery Association.
- Council of American Cotton Manufacturers.
- Founders' Association.
- Lumber Manufacturers' Association.
- Manufacturing Chemists' Association of America.
- Highway Industries Association.
- Interstate Cottonseed Crushers' Association.
- Merchants and Manufacturers' Association.
- Southern Industrial Education Society.
- United States Sugar Manufacturers' Association.
- Western Petroleum Refiners' Association.

Attached to nearly all these bureaus are experts on tax laws, the tariff, labor conditions, and every other thing that may have an immediate or a remote bearing on the interests they represent. Other bureaus closely related to the foregoing are the following:

- American Association of Engineers.
- American Bankers' Association.
- American Beet Sugar Association.
- American Bureau of Trade Extension.
- American Chemical Society.
- American Mining Congress.
- American Realty Exchange.
- American Association of Real Estate Boards.
- American Automobile Chamber of Commerce.
- National Bureau of Wholesale Lumber Distributors.
- National Industries Conference Board.
- National Merchant Marine Association.
- League of Commission Merchants of the United States.
- National Oil Bureau.

National Petroleum Association.

American Patent Law Association. The various farmers' associations that have come into being during the last few years are powerfully represented, but perhaps the most thoroughly looked after industry is rail-roading. As we read:

Chief of the bureaus under this heading is the American Railways Association, which operates the car-service bureau in close cooperation with the Interstate Commerce Commission and which also conducts a vigorous and constant propaganda in behalf of private ownership of the railways.

Attached to this bureau are several of the most capable statisticians and lawyers in the country, who are ever ready to supply information or elsewhere as it may be required. The railway association is, in fact, a close rival for the Interstate Commerce Commission in the scope of its public operations.

In the past, local public utilities, such as street-railways, electric lighting and gas plants, were little in touch with the Federal Government. During the war, however, these companies were brought before the War Finance Corporation in the matter of security issues and before the War Labor Board for settlement of their disputes with employees.

More recently the passage of the new water-power law which places the development of new hydroelectric enterprises under direction of a board composed of the Secretaries of the Interior, Agriculture, and War has given these companies another reason for keen interest in the doings of the government.

Among the utilities organizations already established in Washington are the following:

- American Electric Railway War Board.
- National Association of Railway and Public Utilities Commissions.
- National Committee on Gas and Electric Service.
- National Committee on Public Utilities Conditions.
- Dixie Freight Traffic Association.

There is a growing activity of farm organizations looking to legislation addition to the Farm Bureau, which, with 1,250 members, is now the leading farm organizations in America. The societies of farmers with offices in Washington are as follows:

- American Agricultural Association.
- Eastern Agricultural Bureau.
- Farmers' National Council.
- The Grange.
- Cane Growers' Association.
- National Board of Farm Organizations.
- Texas Cotton Association.

The labor organizations maintain a strong lobby, as do also those interested in the welfare of women. During and since the war a number of organizations were created in the interest of various racial groups. Then there is a large group of miscellaneous organizations ready to do battle for all kinds of things, from Christian Science to the promotion of smokeless coal. Even Old John Barleycorn, ostensibly defunct, has a body of watchers at the capital, ready to apply restoratives in case any symptoms of the revival of their favorite reveal themselves. Mr. Hayden continues:

Chief of the labor organizations in addition to the American Federation of Labor, which occupies an entire building of its own, are the organizations of Federal employees and the railroad brotherhoods.

Labor organizations, in addition to the very large number affiliated with the Federation of Labor, which main-

A Real Genuine Victor Victrola Only \$1.00

NEARLY FIVE MONTHS TO PAY!

Every woman has always wanted a real for sure Victrola like they see advertised. Now you can have one and plenty of records, too. Every member of the family enjoys good music. It helps keep the boys and girls at home. It completely satisfies their desire for good wholesome home entertainment. Makes long dull evenings full of joy. Young people entertain friends.

Plays every record \$3000.00 and \$400.00 machines will play. Oak cabinet, 7 1/2 inches high, 13 inches wide, 14 1/2 inches deep. Nickel-plated exhibition box. Victor tapering tone arm and "goose-neck" sound box tube, brake and speed-regulator. Newly designed patented and improved single spring spiral drive motor (can be wound while playing). Improved floating wood horn and horn elbow.

Send for it now. Wind it up and play it to your heart's content. Sit down in your easy chair in your own home and listen to the sacred and wonderful old melodies of yesteryear. Play the Victrola for yourself and your friends. See for yourself that it is a guaranteed Victor Victrola. Then if you aren't satisfied, simply box up the machine and records and return at our expense. When we receive the machine we will return your dollar and no questions asked.

Special Offer: But if you want to keep it and pay all at one time, send us a balance of \$32.85 and the machine and records are yours forever. If you prefer to pay by month, send only \$10.10 at the end of the twelve days and then the small sum of \$6.00 per month for four months. Could anything possibly be more fair? Simply, easy, inexpensive!

ECZEMA

Also called Tetter, Salt Rheum, Pruritus, Milk Crust, Water, Poison, Weeping Skin, etc.

I believe eczema can be cured to stay. I mean just what I say C-U-R-E-D and NOT merely patched up to return again. Remember, I make this statement after handling nearly a half million cases of eczema and devoting 12 years of my life to its treatment. I don't care what all you have used nor how many doctors have told you that you could not be cured, all I ask is just a chance to prove my claims. If you write me TODAY, I will send you a FREE TRIAL of mild, soothing, guaranteed treatment that will surely convince you at it has me. If you are disgusted and discouraged, I dare you to give me a chance to prove my claims. By writing me today I believe you will enjoy more real comfort than you really thought this world held for you. Just try it, and I feel sure you will agree with me.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 83 G Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.
