

Rupture Kills 7,000 Annually

Seven thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance, or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—nourishment.

But science has found a way, and every truss sufferer in the land is invited to make a FREE test right in the privacy of their own home. The PLAPAO method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known.

The PLAPAO-PAD when adhering closely to the body cannot possibly slip or shift out of place, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to PLAPAO CO., Block 4040, St. Louis, Mo., for FREE trial, Plapao and the information necessary.

BRITISH PLAN TO VOID WAR DEBTS SPURNED BY U. S.

The following was carried by The Associated Press.

Birmingham, England, Feb. 4.—The British government formally proposed a cancellation of all inter-allied debts, but the proposals were unacceptable to the American government, said J. Austen Chamberlain, chancellor of the exchequer, in a speech to his constituents here today.

"To make them again," Chamberlain continued, "would be, I think, beneath our dignity, and would render us liable to a misconception of our motive."

"In making them," he added, "we sought no national advantage for ourselves. We proposed a solution in which we would have foregone claims larger than any remitted to us, and we proposed it because we believed it would be in the interests of good relations among peoples, the rehabilitation of national credit and the restoration of international trade."

"Our great international debt is due to the obligations we undertook on behalf of our allies. If we had had only ourselves to consider we should have been particularly free of external debt at the present time."

BROUGHT UP BEFORE

Washington, Feb. 4.—Treasury officials refused to comment tonight on the statement of the British chancellor of the exchequer, J. Austen Chamberlain, in an address at Birmingham, England, that the United States government refused to accept British government proposals that the inter-allied debts arising from the world war be cancelled.

No mention has ever been made in official circles here of any proposal officially tendered by Great Britain for cancellation of the inter-allied debts, but it was recalled tonight that Sir George Paish, the British financial expert, who visited the United States a year ago, put forward some such proposal while in this country. Sir George's mission was not regarded by the United States government as official and consequently his proposal did not receive official consideration.

COM'R KRAMER DECLARES PROHIBITION KEPT CRIME WAVE AT LOW LEVELS

Prohibition Commissioner Kramer in a Washington interview with the Universal News Service last week declared that but for such enforcement of the prohibition law as has been effected, the United States would have suffered more severely from crime waves than it has to date. The Commissioner said:

"Any crime wave which now exists or has prevailed is largely and almost exclusively due to the conditions of unrest and disturbance which follow every war. It is only human nature to think that our experiences are unique to us and have never occurred before, and in addition Americans have too great a tendency to disregard European conditions and

to look only to happenings in our own country.

"The fact of the matter is that the criminal statistics show that countries all over the world, no matter whether they had any active part in the war or not, are experiencing practically the same percentage of increase in crime that has caused so much trouble here."—American Issue.

200 PER CENT COAL PROFITS CHARGED

A Washington dispatch, dated Feb. 3, says: Estimated profits of twenty-one mining companies operating in the Pocahontas coal fields of West Virginia, some of which were as high as 200 per cent on investment during 1920, were placed today before the senate committee considering the Calder coal regulation bill. The corporation names involved were not

made public after an animated debate during which J. D. A. Morrow, vice-president of the National Coal association, said this would violate an "understanding" reached with senate investigators who procured the accounts. Chairman Calder of the investigating committee which drafted the bill denied that any such "understanding" had existed.

One corporation in his list, on total investment of \$178,000, mined 122,000 tons of coal in the first nine months of 1920, on which its profit was \$478,000.

Another corporation with an investment of \$163,000, made \$133,000 in nine months of 1920, or a profit rate of 109 per cent on capital. A third, with \$1,428,000 invested made \$716,000 during the same period, a rate of 67 per cent, while its profits in 1919 were estimated at 30 per cent. Its production was 407,000 tons.

Why You Must Have Iron to Make Your Body Strong and Your Brain Keen

Alert and Powerful—Value of Spinach and Organic Iron to Help Make Rich Red Blood and Revitalize Wornout Exhausted Nerves

WITH FLENTY OF BLOOD AND IRON, YOUR BRAIN, is the most wonderful thing in all creation but without these it is nothing. IRON TAKES OXYGEN from your lungs and carries it to your brain. Without iron your brain gets no oxygen; and without plenty of rich red blood and oxygen your brain becomes dull and heavy. YOUR INTELLECT POOR, your memory fails, YOU DO FOOLISH THINGS, make bad decisions and you really amount to nothing, as far as accomplishing anything of importance is concerned.

Also, without iron YOUR BLOOD BECOMES THIN AND WATERY and loses its power to change food into living cells and tissue and therefore nothing you eat does you the proper amount of good—you do not get the full strength out of it.

THERE ARE 30,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD, AND EACH ONE MUST HAVE IRON.

When, as a result of iron starvation you get up feeling tired in the morning, when you find yourself nervous, irritable and easily upset; when you can no longer do your day's work without being all fagged out at night; when your digestion all goes wrong, or you have pains across the back and your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration, or until in your weakened condition you contract some serious disease, but eat more spinach and other iron-containing vegetables and take organic iron with them to help enrich your blood and revitalize your wornout exhausted nerves. But be sure that the iron you take is organic iron and not metallic or mineral iron which people usually

take. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is just as it comes from the action of strong acids and small pieces of iron. Organic iron may be had from your druggist under the name of NUXATED IRON. Nuxated Iron represents organic iron in such a highly concentrated form that one dose is estimated to approximately equivalent (in organic iron content) to eating half a quart of spinach or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat. Your money will be refunded by manufacturers if you do not obtain perfectly satisfactory results. For sale by all druggists.

NUXATED IRON ENRICHES THE BLOOD—GIVES YOU NEW VIGOR AND ENERGY
