

BANKER WARNS RETAILERS TO CUT PRICE ON STOCKS

A New York dispatch, dated Aug. 15, says: "With the recent so-called buyers' strike still fresh in memory," Francis H. Sisson, vice president of the Guaranty Trust company, sa.d, "retailers who are endeavoring to sustain their prices until they can work off stocks carried over from the

war period should remember the public holds an irresistible power—and has demonstrated that it knows how to use that power effectively when occasion demands."

Mr. Sisson declared the apparent reluctance of retailers to lower their prices in the same ratio that producers, manufacturers, and wholesalers have done is the principal factor in obstructing a return to complete prosperity.

WILL RADIUM AT LAST OPEN THE DOOR OF THE GREAT UNKNOWN

If you are sick and want to Get Well and Keep Well, write for literature that tells How and Why this almost unknown and wonderful new element brings relief to so many sufferers from Rheumatism, Sciatica, Gout, Neuritis, Neuralgia, Nervous Prostration, High Blood Pressure and diseases of the stomach, Heart, Lungs, Liver, Kidneys and other ailments. You wear Degnen's Radio-Active Solar Pad da, and night, receiving the Radio-Active Rays continuously into your system, causing a healthy circulation, overcoming sluggishness, throwing off impurities and restoring the tissues and nerves to a normal condition—and the next thing you know you are getting well. Sold on a test proposition. You are thoroughly satisfied it is helping you before the appliance is yours. Nothing to do but wear it. No trouble or expense, and the most wonderful fact about the appliance is that it is sold so reasonable that it is within the reach of all, both rich and poor. No matter how bad your ailment, or how long standing, we will be pleased to have you try it at our risk. For full information write today—not tomorrow. Radium Appliance Co., 665 Bradbury Bldg., Los Angeles, Calif.

WILLIAM JENNINGS BRYAN ON "THE MENACE OF DARWINISM"

(By C. E. W. Smith, in St. Louis Christian Advocate.)

The above is the title of a tract of 32 closely printed pages by Mr. Bryan. The writer's attention was called to this attack on evolution by receiving a copy from Bishop Candler. On reading it I felt that it ought to be widely circulated among our preachers and people, if it could be had in quantities. On writing Mr. Bryan I found that the Miami Printing Company, Miami Florida, might print it in quantities. On writing the company I received the following information:

"Finding from personal conversations with students and from correspondence extending over many years that the Darwinism doctrine, viz., 'that man is lineal descendent of the lower animals' (though unsupported by evidence), is being taught in high schools, colleges, and universities, and that the acceptance of it by students is weakening faith in a personal God, lessening interest in prayer and undermining belief in personal immortality, Mr. Bryan prepared an address pointing out the fallacies of Darwin's hypothesis and the disastrous influence it exerts. After circulating 5,000 copies at his own expense, he found the demand for additional copies so great that he consented to the publication and circulation of the address by the Miami Printing Company of Miami, Florida, on condition that he receive no profit from the sale and that the copies be sold at cost. We therefore are printing copies of the address and sending them out postpaid as per prices quoted below.

In lots of 10, postpaid, per copy, 10 cents; in lots of 25, postpaid, per copy, 9 cents; in lots of 50, postpaid, per copy, 8 cents; in lots of 100, postpaid, per copy, 7 cents; in lots of 500, postpaid per copy, 6 cents."

Address Miami Printing Company, 1409 Avenue D. Miami, Florida, with check or money order enclosed, and you will receive by return mail the tracts.

This is, as all of Mr. Bryan's writings, a strong, clear and convincing arguments against this deadly menace to our educational interests. Hemphill, Texas.

RESOLUTION BY SEN. WALSH OF MASSACHUSETTS ON PRESIDENT UNEMPLOYMENT

Resolved, that the Committee on Education and Labor, or any subcommittee thereof to be appointed by it, be hereby authorized and directed by the President of the Senate to make thorough and complete investigation, research and study into the causes, effects, character and extent of the present generally prevalent condition of unemployment throughout the country.

That said committee be authorized to summon before it necessary persons, papers and documents; to visit areas affected by said unemployment which it deems essential; to employ assistants, and submit its findings, at a cost of not more than \$1.25 per printed page.

That said committee be instructed to survey and recommend any or all of the following remedies as alleviation for said unemployment: Public works, such as irrigation, reclamation, afforestation, road building, canal building, or any other steps of relief which seem logical

outgrowths of said study and investigation.

That said committee be further instructed to consider as an adjunct to proposals for prevention and relief the establishment of a centralized national employment system, and the feasibility of creating a gov-

ernment agency to encourage the adoption of social unemployment insurance programs by the several states.

That said committee sit during sessions and recesses of the Senate and submit its report within one week following September 19, 1921.
