HOME ON GRAPEFRUIT GROVE NEAR MIAMI

Miami and Dade County is the Nation's fastest growing section in population. It is a progressive community. Here is opportunity. The man with small capital can here get a bit of land to till, live in the smiling out-of-doors healthfully and profitably. The fertile Everglades offer unlimited opportunity for extensive farming. Tropic fruits and winter vegetables brought Dade growers, gross (1921-22) \$10,000,000.

New, handsome illustrated booklet of Miami and Dade County now ready for free distribution. Address,
