WE are now in receipt of the most complete and magnificent stock, ever offered to the Western Trade. Merchants visiting this city are invited to EDDY, JAMESON & CO. Chinese Sugar Cane.

This exotic plant, known as Sorghum Succharates, recently introduced into this country by the Patent Office, may be cultivated to advantage in every parof the United States. It will make a good crop of the poorest soil. From experiments already made in syrup making from the juice of this plant, I fully believe that sugar can be profitably made; at my rate, it is worth a trial by every farmer.
