PAGE'S PATENT Portable Circular saw-Mill, FOR STEAM AND HORSE POWER. FITHE most useful and necessary machinery in op-Leration; is simple in construction and easily kept in order, and can be moved on a wagon as readily as a threshing machine, and put in operation at a small expense. It will saw from one to two thousand feet of lumber a day, with one team of six houses, as an average business, and in a better style than other mills now in use. It is equally well adapted to

Steam, Water or Horse Power. The undereigned, agents for the patantee, would announce to the public that they are now prepared to furnish Mills, with or without horse power, of superior quality and workmanship, with the right to use the same, upon the most favorable torms, at their manufactory, No. 202, Second street, St. Louis, Mo. We have also the right for the manufacture of Childs' Patent Double Saw Mills.

The successful practical operation of these mills through the country has been the means of establish ing their great reputation-and with improvements in construction and increased facilities in manufacturing, we offer them to the public with full confidence of their advantages. All orders addressed to us will be promptly executed, and any information in regard to Mills cheerful-

Persons ordering Mills will please mention the State and County in which they wish to use them.

KINGSLANDS & FERGUSON.

Extension of Page's Patent. VOTICE is hereby given to the public, that the patent of PAGE'S PORTABLE CIRCULAR SAW MILL has been extended for seven years from Jely 16th, 1855. All persons found violating this patent, or infringing on the same, in making, using or vending, will be proceeded against in accordance with the laws in such case made and provided.

GEORGE PAGE, Patentee.

By Authority! THE STATE SUPERINTENDENT And Board of Education. Have ordered the following Desirable Works for the

Township Libraries of Indiana. Some of them have been put into every Library, others only into the more populous townships. The careful attention given to the examination of works for these libraries, is a guarantee of the merit of the books chosen. Many families will desire to own the books, and read at their leisnre, rather than wait their turn to get them from a library. The works may be purchased of Booksellers, or will be sent by mail, free of postage, upon payment of prices annex-
