

THE ADVERTISER.

R. W. FURNAS, Editor. A. S. HOLLADAY, Associate Editor.

WEDNESDAY MORNING, APRIL 24, 1857.

General Advertising Agent in rear of New York, Ladies' and Children's Shoe Store, No. 143, Broadway, New York.

JOB WORK.

With recent additions of new Type, Job Work, Bookbinding, etc., made to the "Advertiser" Office, we claim to be able to turn out...

FLAX SEED.

We have a few bushels of extra Flax Seed to be had in limited quantities...

THE PRE-EMPTOR'S GUIDE.

Is now ready for delivery to Agents, or mailing to order on the reception of \$1.

THIS COUNTY.

We were struck with the march of improvement visible in Nemaha county during a day lately spent in the interior.

GOV. SLADE'S SCHOOL MA'AKES.

This is a fact worthy of note, for it speaks well of the law abiding principles of our citizens, and is evidence of the manner in which the people regard all regulations...

THE BACKWARDNESS OF THE PRESENT SPRING.

The backwardness of the present spring has had but slight effect upon our farmers, if one may judge from the energy displayed among that class of our community.

G. S. HORNBACK & CO., OF OMAHA CITY.

Our young friend CHARLEY DORSEY has associated himself with Mr. McLaughlin & Dorsey in the Land Agency business.

HARRIS' PAPER FOR APRIL IS ON OUR TABLE.

On the west side of the Nemaha river, plenty of claims are being taken, and we advise those who desire a farm, and those who wish to make a start in a new country to settle there without delay...

EDUCATION.

There is no subject which so directly claims the attention of this country as that of Education. None which is so intimately connected with the best interests of this Territory, its future growth and prosperity.

WISDOM.

"Knowledge is power," says the copy-book, and everyone will acknowledge its truth. Where you find a country rapidly progressing in all that gives a state dignity and position, in science, literature, in art, in all that renders it a powerful member of the family of nations and creates respect at home and abroad, there you will find the most of this omnipotent power.

HOW MANY PERSONS HAVE PASSED UNNOTICED THROUGH LIFE.

How many persons have passed unnoticed through life, for want of that polish to their intellect which education gives? And how many jewels in the literary crown have been lost, their radiance undiscovered, their lustre unknown, because, in their youth, the advantages of acquiring knowledge were denied them?

THERE IS NO SOURCE FROM WHICH A GREATER DIFFUSION OF BLESSINGS FLOW THAN A WELL REGULATED AND WISDOMLY ORGANIZED SYSTEM OF COMMON SCHOOLS.

The rising generation is the hope of the nation, and, for a time at least, its destiny will be in their hands. Let us, then, attend our part in this matter, that they in turn may well act when time calls, them on the stage of life.

JUDGE W. W. DRUMMOND, CHIEF JUSTICE OF THIS TERRITORY, HAS RESIGNED.

It is impossible for him to hold his office any longer, being fully aware that the Mormons do not recognize the power of Congress, that they have a secret organization, acknowledging no law but the law of the "Holy Priesthood," at the head of which is the Governor Brigham Young, and that it was by his orders that the papers, records, &c., of the Supreme Court have been destroyed and the Federal officers constantly harassed and grossly insulted.

WEEKLY REVIEW.

St. Louis papers of 15th and 16th inst. furnished us by Messrs. Ogden and Hamilton, see the city materials we have to make our review, all our exchanges brought by mail containing but anterior news to those given in our last.

THE TRIAL OF REV. MR. KALLOCH IS AT AN END.

After a sitting of twenty-one hours, the jury being brought to the court room, Judge Sanger put the question to the foreman:—Mr. Foreman have you agreed to a verdict?

FOREMAN—WE HAVE NOT.

Judge—Are there any instructions upon points of law that you desire?

FOREMAN—I KNOW OF NONE.

Judge—Is there any probability of your agreement upon a verdict?

Foreman—We stand in the same position that we did last night as to opinion, and there can be no chance of an agreement.

Judge—Mr. Oyer, you may take the papers from the jury.

This was done, and thus terminated the trial which had so long occupied the public mind in relation to it, the Boston Journal says:

"In the face of this conflicting evidence, we would gladly believe Mr. Kalloch to be innocent, although to do so would ignore circumstantial evidence—the main points of which are admitted—of the strongest possible character. The belief in his guilt, we may safely say, is more general since the trial than before, and nothing but evidence of innocence of a positive character can now remove from the minds of many whose opinions are worthy of respect the unfavorable impression which has been made by the evidence. Under such circumstances, Mr. Kalloch ought to withdraw entirely from the ministry."

MR. KALLOCH HAS INDICED COME TO THAT CONCLUSION, AND INTENDS TO COMMENCE THE STUDY OF LAW.

Mr. Kalloch has indeed come to that conclusion, and intends to commence the study of law.

AMONG THE CALIFORNIA NEWS ITEMS, WE NOTICE THAT MR. BATES, THE LATE STATE TREASURER, WHOSE IMPEACHMENT WE ANNOUNCED TWO WEEKS AGO, HAS BEEN TRIED AND CONVICTED.

Among the California news items, we notice that Mr. Bates, the late State Treasurer, whose impeachment we announced two weeks ago, has been tried and convicted.

JUDGE W. W. DRUMMOND, CHIEF JUSTICE OF THIS TERRITORY, HAS RESIGNED.

It is impossible for him to hold his office any longer, being fully aware that the Mormons do not recognize the power of Congress, that they have a secret organization, acknowledging no law but the law of the "Holy Priesthood," at the head of which is the Governor Brigham Young, and that it was by his orders that the papers, records, &c., of the Supreme Court have been destroyed and the Federal officers constantly harassed and grossly insulted.

He furthermore charges the Mormons as having induced the Indians to murder Capt. Garrison and his party, poisoned his predecessor, Leontidas Shaver, and positively asserts that the late Secretary of that Territory, A. W. Babbit, has been murdered on the plains by a band of Mormon marauders, acting under orders of Brigham Young and others, and not by the Indians as was reported by the Mormons themselves.

He concludes by saying that, so long as Brigham Young be not removed and another Governor appointed, supported by a sufficient military force, "it is soon-day madness and folly to attempt to administer law in that Territory."

The pending difficulty between the United States and New Grenada is in no way settled. It will be remembered that a year ago the buildings of the Panama Railroad were attacked and numbers of American passengers killed by a furious mob of natives. The U. S. Minister, Mr. Bowlin, together with Mr. Morse, sent as Special Commissioner, were instructed to enter into negotiations with the government of New Grenada. Our latest advices, April 4th, state that they have been unsuccessful, the demands of the United States being insultingly refused. Both representatives had determined to leave Bogota. "There remains," says the Aspinwall correspondent of the N. Y. Evening Post, "but two courses for the United States to adopt, namely, either to be insulted and brow-beaten by New Grenada, and quietly withdraw her claim, or to adopt that principle of 'self-preservation,' of which the new President's inaugural spoke, and take by force the indemnities and guarantees that have been denied to her demands for redress."
