35-tf February 12th, 1857.

A NEW and singularly successful remedy for the cure of all Bilious diseases — Costiveness, Indi gestion, Jaundice, Dropsy, Rheumatism, Fevera Gout, Humors, Nervousness, Irritability, Inflamma-tions, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medirine is not more or less required, and much sick-ness and suffering might be prevented, if a harm-less but effectual Cathartic were more freely used. No person can feel well while a costive habit of hody prevails; besides, it soon generates serious and body prevails; besides, it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Fill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Profesextensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not sub-stantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:
Prof. J. M. Locke, Analytical Chemist, of Cincinnati, whose high professional character is en-

JOHN McLEAN, Judge of the Supreme Court of the United States. THOS. CORWIN, Secretary of the Treasury. Hon. J. M. WRIGHT, Governor of Indian N. Longworth, great wine grower of the West. Also, Dr. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Hon. W. L. Marcy, Secretary of State.

WM. B. ASTOR, the richest man in America. S. LELAND & Co., Propr's of the Metropolitar Hotel, and many others. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of emiment public men is found in their effects upon trial. These Pills, the result of long investigation and

These Phis, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious with the most favored Insurance Company any where. Having adopted the mutual principle, its patrons, without vious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove, as they have ular plan, West of the Misseuri, it confidently expressed more purely remedial and the Pills a surer. more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his request.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the

internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derange ments as are the first origin of disease. Being sugar-wrapped, they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. For minute directions, see wrapper on the Box.

AND GENERAL LAND AGENT Florence City, N. T.

PATENT GRAIN SEPARATOR Cincinn

TAME SUBSCRIBER is now prepared to tu I nish Farmers and others with his "GRAIN SEPARATOR,"

for the present season. It is unnecessary to speak particularly of the merits of these Machines, as they are too well known throughout the country to need extolling; but the fact that they have heretofore and are continuing to receive the premiums at the State and County Fairs where they have been exhibited is sufficient to induce all those in want of such a Machine, to purchase one of these. At a practical test of this Separator in competition with the best of those made in England, in 1853, it received the highest commendations of the press, and of the leading a grigulturalists of that country.

I have a large number of them on hand, ready for

the coming crop, made of the best material, and war-ranted to do good work. I have made many valuable improvements in these Everything that comes under that machines within the last year, and have no hesitation in warranting them superior to any in use. I am also preparing a large number of Crawford's Improved Clover Hullers,

patented in 1854, which are greatly superior to his patent of 1844, being in itself feeder, and greatly ahead of it in other respects. They will be manufactured under the immediate supervision of the patentee, who has permanently located in this place. The above cut represents my four horse "Separa-or," and is designed especially for the farmer's own Preserved, fruit for pies, Brandied peaches, fresh Im also agent for McCormick's celebrated REAP-ER and MOWING MACHINE, combined.

J. R. MOFFITT, Piqua, Mami couniy, Ohio. Improved Little Giant CORN & COB PLANTATION MILI

Price Reduced. THE subscriber has purchased exclusive right of Territory in the West, of the above celebrated Mills, and is prepared to furnish them at all times, either wholesale or retail, and guaranteed in the most positive manner.

It is now more than a year since the "Little Giant" Was introduced to the public, during which time, it

has been constantly growing in the popular favor.

The improvements escently effected and patented makes it the most perfect machine ever offered for general farm use. It is furnished ready for attachin team, and weighs as follows: No. 1, 225 No. 2, 330 No. 3, 400, No. 4, 500 pounds. Twenty minutes are sufficient to set one up, without mechanical aid, and when once adjusted, it can with safety be entrus to a boy. Full directions accompany each Mill.
