PILLS. AYER'S

A NEW and singularly successful remedy for the cure of all Billious diseases - Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers Gout, Humors, Nervousness, Irritability, Inflamma-tions, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sick-ness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides, it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempors which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention : Prof. J. M. LOCKE, Analytical Chemist, of Cin-cinnati, whose high professional character is endorsed by

study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtrined by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative
