AND MACHINE COMPANY. Capital \$250,000. This company has been organized with the above capi-

tal for the purpose of supplying the demand for the COMBINATION PORTABLE STEAM SAW-MILL, AND OTHER IMPROVED MACHINERY. They have purchased the entire machinery business heretofore carried on by J. M. Emerson & Co., also the fontgomery Works at Yonders on the Hudson, near this city, and with the experience and facilities combined in All those knowing themselves indebted to the Corpora- kinds at more liberal rates than has ever been offered at The Combination Saw-Mill was patented October 1856, and is now generally acknowledged to be the cheaper, most practical and efficient lumber manufacturing ma-

chine in the world. A large number of them are successful operation in different sections of this country merits have been tested they are being adopted by lumor manufacturers in preference to all other mills. The following letter expresses the general opinion of those who are using the Combination Mill. messrs. EMERSON & Co-Gentlemen: I have tried the saw-mill purchased of you, and will say that it perin, as they are determined to sell. It consists of 160 forms well and more than meets my expectations. I am well pleased with its performance. I set it up on a ine belance prairie; 40 acres under fence and culti-small stream that afforded constant water about as thick as my little finger which was much more than Seman City, one mile north of Long's bridge.

sufficient to supply the boiler. We are able to cut 3,000 feet of beautiful lumber in 12 hours, with something less than one cord of wood. It is the very thing we have so much needed in our county for a long time. With a e trouble and expense we are able to move it from five to ten miles per day, and set it up in the hart of the limber, which saves the great burden of hauling the logs a long distance to the mill.

JESSE KERR, JR., Yours, respectfully. Louisville Tempesce.
The Company have purchased Lund's Patent Feed Aragement, which is illustrated and described in the ntific American for October 24. This adds greatly the efficiency of the mill. The Combination Mill with all the recent improvements, and steam power of 15 horses, is capable from sawing from 3.000 to 4,000 feet in 12 hours, and is sold Port.

THE NEW YORK CIRCULAR SAW-MILL Is manufactured only by this Company. If is of superior construction, and sold for 25 per cent less than other cifelly announces to the public that he has on saw can be sold for \$450 to \$500, and with a 20 horse eagine and boiler is sold for \$2,200.

Steam Engines and Boilers; Engines of from one to 100 horse power; Locomotive, Tubular, Flue and Cylinder Boilers furnished at greatly reduced prices from former quotations. Drawings, with plans and specifications for buildings and machinery furnished gratis to our castomers.

Competent mechanics are sent out to put up and set in operation our machinery, when required.

We also manufacture Shingle Machines, Planing

JOHN McDONOUGH. House, Sign, & Ornamental Painter, BROWNVILLE, N. T.

Commercial Nursery,

BLOOMINGTON, ILL. The undersigned beg leave to inform the Nurserymen and Farmers of the West and South-west, that they are extensively engaged in the propagation of ROOT, GRAPTED AND BUDDED STOCES FOR NURSERIES, specially the APPLE, and a few other hardy Fruits. Having spent near twenty years in selecting their Pruits, they are now convinced that their list is unsurpass-ed, both in regard to the quality and the proportions in which they cultivate. Being very desirous of disseminating them as widely as possible, they adopt the method of sending out small, cultivated stocks for the Nursery, as being far more practicable and safe, than to incur the great expense, delay and risk of shipping large trees, which should always be raised near where they are wanted. From their long experience they flatter themselves that they are perfectly acquainted with the above business, and they graft only such hardy varieties as succeed well on the root, and bud, on seedling stocks, and the most de-sirable, tender and half hardy kinds. Thegrafting will be done at the proper season, and in the best manner. The stock will be packed securely and shipped by express, with the greatest care in early spring, to any part of the West. They have also, on hand, the largest and hest crop of

other of equal quality in the Union. Catalogue and Treat ise on Hedge Culture, sent grain to all applicants. Patronage solicited. Orders for Nursery stock should be sent prior to 35th of December. Address, OVERMAN'S MANN, Oct. 15, 67-n16
