City Ordinances.
Reference to City Ordinance "No. 10" in today's paper, it will be seen that property holders on Main street are required to pave and grade. This is as it should be, and we are sure the more heartily, with this to be no exception, viz: that there is to be no paving and grading for another year. If city authorities will require non-resident property holders to make improvements, all right. But this passing an ordinance and not compelling all to comply with its requirements, isn't just the thing. From time since, property holders were required by ordinance to clear from all within certain boundaries, hazel and such like incumbrances—either or quite all actual residents complied with the ordinance. Non-residents who own "City Fathers" will enforce their ordinances to the letter.

John McPherson has just received a very large and varied supply of excellent Stone Ware: crocks, jars, churns and jugs.

Commercial Nursery, BLOOMINGTON, ILL.
The undersigned has the honor to announce and Farms of the West and Southwest, that they are extensively engaged in the propagation of ROOT, GRAFTED AND SEEDLING STOCKS FOR NURSERIES, especially the APPLE, and a few other hardy Fruits. Having spent near twenty years in selecting their Fruits, they are now offering them in quantities, selected with regard to the quality and the proportions in their respective kinds. Being desirous of obtaining them as widely as possible, they adopt the method of sending out small, cultivated stocks for the Nursery, as being far more practical and profitable than any other mode, and of shipping large trees, which should always be raised near where they are wanted. From their long experience they therefore guarantee that they are perfectly acquainted with the above business, and they offer only such hardy varieties as succeed well in the West, and of which the most desirable, tender and hardy kinds. The grafting will be done at the proper season, and in the best manner. The stock will be packed securely and shipped by express, and the greatest care in early spring, to any part of the West. They have also, on hand, the largest and best crop of MAJURA HEDGE PLANTS, ever grown, for sale on best terms, by the thousand or million. They will be shipped in the Fall or Spring. Their prices for every stock of the most desirable, and of equal quality in the Union. Catalogue and Treatise on Hedge Culture, sent gratis to all applicants. Patience solicited. Orders for Nursery Stock should be sent prior to 25th of December. Address, OVERMAN & MANN, Bloomington, Ill. Oct. 15, '87-16
