A cure of all Bilious diseases - Costiveness, Indi gestion. Jaundice, Dropsy, Rheumatism, Fevers Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides, it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilions derangements. They all tend to become or FORWARDING & COMMISSION MERCHANT produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. testified in favor of these Pills, we may mention: Prof. J. M. LOCKE, Analytical Chemist, of Cincinnati, whose high professional character is en

dorsed by Joun McLean, Judge of the Supreme Court of the United States.

Thos. Conwin, Secretary of the Treasury. Hon. J. M. WRIGHT, Governor of Indiana. N. LONGWORTH, great wine grower of the West,

Also, DR. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Hon. W. L. MARCY, Secretary of State. WM. B. ASTOR, the richest man in America.

S. LELAND & Co., Propr's of the Metropolitan Hotel, and many others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in | weather. The Proprietors do not assert boastingly. their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and

most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical Country; and are warranted in saying it is the most process in a state of purity, and combined together | practicable route by personal experience, as well : in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove, as they have proved, more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending

Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be comptly forwarded by mail to his request. Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful nedicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial. They operate by their powerful influence on the internal viscora to purify the blood and stimulate it into healthy action—remove the obstructions of Brownville May 6.
