A cure of all Bilious diseases - Costiveness, Indi Gostion. Jaundice, Dropsy, Rheumatism, Fevers Gout, Humors, Nervousness, Irritability, Inflamma-tions, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed very few are the diseases in which a Purgative Medisine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides, it soon generates serious and aften fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Billions derangements. They all tend to become or roduce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Profes-eors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:

Prof. J. M. LOCKE, Analytical Chemist, of Cincinnati, whose high professional character is en-JOHN McLEAN, Judge of the Supreme Court of the United States. THOS. CORWIN, Secretary of the Treasury.

Hon. J. M. WRIGHT, Governor of Indiana. M. LONGWORTH, great wine grower of the West. Also, Dr. J. R. CHILTON, Practical Chemist, of New York City, endorsed by HON. W. L. MARCY, Secretary of State. WM. B. ASTOR, the richest man in America. S. LELAND & Co., Propr's of the Metropolitan

Hotel, and many others. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial. These Pills, the result of long investigation and

study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together n such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been oblens and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove, as they have proved, more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Paysician, and as he could not properly judge of a remedy without knowing its compound supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his request.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful nedicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action - remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Being sugar-wrapped, they are pleasant to take, and being purely vegetable, no harm can arise from

their use in any quantity. For minute directions, see wrapper on the Box. PREPARED BY

"COMBINATION PATENT." UPRIGHT STEAM SAW MILL. This mill commands the universal admiration of saw-mill men everywhere. As its merits become known, the demand for it increases. Orders are coming from every section of this country, Canada, Cuba, and South America. It is suited for every section of the world wherever there is timber to be sawed, no matter of what character how hard, how large or how small. Two extensive manufactories are now engaged in building these mills, yet it is almost impossible to turn them out as fast as they are wanted. They embrace several valuable patent Simplicity-Both the mill and power are so simple in their construction that any one of ordinary mechanica ability can comprehend them, put them up and run them

without danger or difficulty. Portability-The whole establishment can be very quickly taken apart and put together, thus rendering i easy to be moved from place to place as desired, and saving the necessity of drawing the logs a long distance to Durability-It is constructed in the most solid and substantial mauner, runs perfectly still, is not liable to get out of order, and will last for years without repair. Rapidity-It will saw faster than any other upright spright mill. The speed of the saw is about three hundred strokes per minute, and the feed from one-eighth to three-quarters of an inch per stroke. Thus, at a medium tained by any process. The reason is perfectly ob-wious. While by the old mode of composition, every medicine is burdened with more or less of acri-Efficiency-It does its work well, cuts smoother and straighter than the ordinary mills, and the arrangement of the saw is such as to render it utterly impossible for t to run out of line. Cheapness-The entire lost of the mill, with fifteen

horse power and everything all complete and ready for anning, boxed and ready for shipment in St. Louis, is This mill requires less power to drive than any other mill, and the power furnished is sufficient to drive extra A circular containing full particulars will be sent to any one desiring it. THE RICHEST DIADEM

Worn by Kings or Emperors

What? Why a beautiful Head of Hair Because it the ornament God Himself provided for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is beeft of its covering, or the hair be snarled and shriveled, harsh and dry, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebreted planist Thalberg: New York; April 19, 1858.

DR Woon-Dear Sir: Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative, it soon recovered its original hue. I consider your restorative as a very wonderful invention, quite efficatious as well as agreeable. I am yours truly, S THALBERG.

'Drych air Gwylledydct' Welsh Newspaper office, Nassau st., April 12, '58 Prof O J WOOD-Dear Sir :- Some month or six weeks ago, I feceived a bottle of your Hair Restorative and gave it my wife, who concluded to try it on her hair listle thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray bairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair. CHARLES CARDEW

New York, July 25, 1858. Prof O J Wood: With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative my hairs and whiskers which were almost white have gradually grown dark; and I now feel confident that a THIS Company, under a liberal charter, is now few more applications will restore them to their natu-

> J G KILEY. Chicago, 111, May 1, 1857. Prof Woon-About two years ago my hair commenced falling off and turning gray: I was fast becoming bald, and had tried many remedies to no effect, I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up grow out, and turned back to its former color (black). At this time it is fully restored to its original color, health

The Restorative is put in bottlds of 3 sizes, viz: large, nedium and small; the small holds half a pint, and retails for \$1 per bottle; the medium holds at least 20 per cent more in proportice than the small, retails for \$2 per bottle; the large holds a quart, 40 per cent more portion and retails for \$3. FOR ALL THE PURPOSES OF A

FAMILY PHYSIC

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with aive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is aerimonious and irritating to the boxels. This is not. Many of them produces as many els. This is not. Many of them produce so much griping pain and revulsion in the system as to mon than counterbalance the good to be derived from them. These pills produce no irritation or pain unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in an quantity; but it is better that any medicine should be taken judiciously. Minute directions for there use in the several diseases to which they are applicable are given on the box. Among the com-plaints which have been speedily cured by them, v-may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Ap-petite, Listlessness, Irritability, Bilicus Headacis, Bilious Fever, Fever and Ague, Pain in the Sin and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As m aperient they afford prompt and sure relief in Co-tiveness, Piles, Colic, Dysentery, Humors, Scroft and Scurvy, Colds with soreness of the body, Ulcon and impurity of the blood, Irregularities; in short any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel. Erysipelas, Palpitation of the Heart, Pains is the Back, Stomach, and Side. They should be freet taken in the spring of the year, to purify the blood and prepare the system for the change of seasons An occasional dose stimulates the stomach and bowels into healthy action, and restores the appe tite and vigor. They purify the blood, and, by the stimulant action on the circulatory system, recovate the strength of the body, and restore to wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, em though no serious derangement exists; but m necessary dosing should never be carried too for as every purgative medicine reduces the strength when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, by they suggest themselves to the reason of even body; and it is confidently believed this pill wil hitherto been available to mankind. When the virtues are once known, the public will no longer

harm can arise from their use in any quantity. For minute directions, see wrapper on the Box PREPARED BY DR. JAMES C. AYER, Practical and Analytical Chemist LOWELL, MASS. Price 25 Cents per Box. Five Boxes for \$L.

cathartic medicine. Being sugar-wrapped, they up pleasant to take, and being purely vegetable, is

AYER'S CHERRY PECTORAL For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH,

CROUP, ASTHMA, AND CONSUMPTION. This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease. that it is entirely unnecessary to recount the endences of its virtues in any community where has been employed. So wide is the field of its usfulness, and so numerous the cases of its cure, that almost every section of the country abound in persons publicly known, who have been restore from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too app rent to escape observation, and where its virtues an known, the public no longer hesitate what antidob to employ for the distressing and dangerous after tions of the pulmonary organs which are incided to our climate. Not only in formidable attach upon the lungs, but for the milder varieties of COLDS, COUGHS, HOARSENESS, &c.; and for CHIL

DREN it is the pleasantest and safest medicine that As it has long been in constant use throughout this section, we need not do more than assure people its quality is kept up to the best that it eve has been, and that the genuine article is sold by-
