There are but few-even nurserymen-who understand putting up trees and shrubbery for transportation. As evidence of the manner in which Elwanger & Barry put up trees, we will state that last spring we received at this place, shipped direct from Rochester, a lot of about 100 dwarf fruit trees, flowering shrubs, &c., and out of the whole lot we lost not one; and quite a number produced fruit and flowers the same season they were shipped and transplanted! They take the pains, in shipping any distance, to prepare the roots of all trees and shrubs by dipping them into thin clay mortar, which adheres sufficiently to protect even the smallest and yet to be determined upon, agreea- fibre from drying out; they are then carefully packed in moss in boxes, iron bound. This in our opinion is the only reliable manner of transporting trees, and those who are thus particular should meet with a liberal support, a reward naming the place to be stipulated by the we are pleased to know Elwanger & Barry are receiving.

Brownville Steam Ferry BEST CROSSING ON THE MISSOURI RIVER. The Route from Brownville to Ft. Kearney,

and from thence to California, is the nearest and most practicable. BAKER & CODINGTON

ANNOUNCE to the Traveling Public that they are ow running as a Ferry across the Miscouri siver at STEAM FERRY BOAT Which arrangement will secure a certain and safe passage at, all times and in all kinds of weather. The Proprietors do not assert boastingly, or for the purpose of gaining custom merely, but are crossing of the Missouri River in Nebraska, and when they say the route from Browaville to Fort Kearney and from thence to California is the nearest for evidence they refer the reader to the man of the Country; and are warranted in saying it is the most practicable route by personal experience, as well as that of hundreds of others who have traveled it .-We claim therefor that this crossing and route holds out peculiarly favorable inducements, to persons going to California, and solicit their patronage. Notwithstanding our superior arrangements for a safe and speedy crossing, our charges are the same as other Ferriesin Nebraska, all being regulated by Legislative enactment.
