character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention: Prof. J. M. Locke, Analytical Chemist, of Cin-einnati, whose high professional character is en-JOHN McLEAN, Judge of the Supreme Court of

the United States. THOS. CORWIN, Secretary of the Treasury. Hon. J. M. WRIGHT, Governor of Indiana. N. LONGWORTH, great wine grower of the West. Also, Dr. J. R. CHILTON, Practical Chemist, of

New York City, endorsed by Hon, W. L. MARCY, Secretary of State. WM. B. ASTOR, the richest man in America. S. LELAND & Co., Propr's of the Metropolitan Hotel, and many others. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than

the experience of eminent public men is found in

their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove, as they have proved, more purely remedial, and the Pills a surer, more powerful antidote to disease than any other

medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by man to his request.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action - remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Being sugar-wrapped, they are pleasant to take, and being purely vegetable, no harm can arise from

"COMBINATION PATENT." UPRIGHT STEAM SAW MILL. This mill commands the universal admiration of sawmill men everywhere. As its merits become known, the demand for it increases. Orders are coming from every section of this country, Canada, Guba, and South America. It is suited for every section of the world wherever there is timber to be sawed, no matter of what character how hard, how large or how small. Two extensive manufactories are now engaged in building these mills, yet t is almost impossible to turn them out as fast as they are wanted. They embrace several valuable patents and improvements, and combine all of the following ad-Simplicity-Both the mill and power are so simple in their construction that any one of ordinary mechanical ability can comprehend them, put them up and run them rithout danger or difficulty.

Portability-The whole establishment can be very quickly taken apart and put together, thus rendering it easy to be moved from place to place as desired, and saying the necessity of drawing the logs a long distance to Durability-It is constructed in the most solid and substantial manner, runs perfectly still, is not liable to get out of order, and will last for years without repair. Rapidity-It will saw taster than any other upright upright mill. The speed of the saw is about three hundred strokes per minute, and the feed from one-eighth to three-quarters of an inch per stroke. Thus, at a medium speed the saw will cut through a log twenty-four feet long in about three minutes. From this data any one knowing the character of the timber can calculate how much it will do. Efficiency-It does its work well, cuts smoother and

straighter than the ordinary mills, and the arrangement of the saw is such as to render it utterly impossible : Cheapness-The entire lost of the mill, with fifteen horse power and everything all complete and ready for running, boxed and ready for shipment in St. Louis, is This mill requires less power to drive than any other

nill, and the power furnished is sufficient to drive extra A circular containing full particulars will be sent to any one desiring it. All ordert should be addressed to BRAGG & BURROWES, Corner Third and Market streets, St. Louis, Mo. sole agents for the Western and Southern States. March 25, '58

MORE TO BE ADMIRED THAN THE RICHEST DIADEM

Worn by Kings or Emperors

What? Why a beautiful Head of Hair Because it the ornament God Himself provided for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarted and shriveled, harsh and dry, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated pianist Thalberg : New York; April 19, 1858.

Dn Wood-Dear Sir: Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray. but upon the application of your Hair Restorative, it soon recovered its original hue. I consider your restorative as a very wonderful invention, quite efficatious as I am yours truly, S THALBERG. well as agreeable.

'Drych air Gwyliedydct' Welsh Newspaper office, Nassau st., April 12, '58 Prof O J WOOD-Dear Sir :- Some mouth or six weeks ago, I feceived a bottle of your Hair Restorative and gave it my wife, who concluded to try it on her hair lighle thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks' trial it has performed that ronderful effect by turning all the gray hairs to a dark brown, at the same time beautifying and thickening the hair. 1 strongly recommend the above Restorative to all persons in want of such a change of their hair. CHARLES CARDEW

New York, July 25, 1858. Prof O J Woon: With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative my hairs and whiskers which were almost white have gradually grown dark: and I now feel confident that

Chicago, H1, May 1, 1857. Prof Woon-About two years ago my hair commence adupted the mutual principle, its patrons, without | and had tried many remedies to no effect, 1 commenced Incurring any tiability, will share in the profits of using your Bestorative in January last. A few appliations fastened my hair firmly. It began to fill up, grow out, and turned back to its former color (black). A The operations of the Company, will be confined, this time it is fully restored to its original color, health

The Restorative is put in Bottlds of J'sizes, viz: large aedium and small; the small holds half a pint, and retails for \$1 per bottle; the medium bolds at least 20 per cent more in proportioe than the small, retails for \$2 per bottle; the large holds a quart, 40 per cent more proportion and retails for \$3. FAMILY PHYSIC

what success it accomplishes the purpose despit is easy to make a physical pill, but not as make the best of all pills — one which should none of the objections, but all the advantum every other. This has been attempted bewith what success we would respectfully what the public decision. It has been unfortune the patient hitherto that almost every pur medicine is acrimonious and irritating to the els. This is not. Many of them produce was griping pain and revulsion in the system as to than counterbalance the good to be derived them. These pills produce no irritation of a unless it arise from a previously existing de tion or derangement in the bowels. Bengy vegetable, no harm can arise from their use a quantity; but it is better that any medicine be taken judiciously. Minute directions feets use in the several diseases to which they a plicable are given on the box. Among the plaints which have been speedily cured by the may mention Liver Complaint, in its various of Jaundice, Indigestion, Languor and Long petite, Listlessness, Irritability, Bilious Heal, Bilious Fever, Fever and Ague, Pain in the and Loins; for, in truth, all these are but the sequence of diseased action in the liver. aperient they afford prompt and sure relief has tiveness, Piles, Colie, Dysentery, Humen, Sen and Scurvy, Colds with soreness of the boy, U.

and impurity of the blood, Irregularities; in the any and every case where a purgative is remis-They have also produced some singularly cessful cures in Rheumatism, Gout, Dropsy, Garris Erysipelas, Palpitation of the Heart, Palai at Back, Stomach, and Side. They should be taken in the spring of the year, to purify the and prepare the system for the change of sea An occasional dose stimulates the stomed a tite and vigor. They purify the blood, and by stimulant action on the circulatory system a vate the strength of the body, and rester wasted or diseased energies of the whole organised and occasional dose is advantageous at though no serious derangement . exists; but; necessary dosing should never be carried to a as every purgative medicine reduces the street when taken to excess. The thousand cases in a a physic is required cannot be emimerated here. they suggest themselves to the reason of ene body; and it is confidently believed this pill a answer a better purpose than any thing which to hitherto been available to mankind. When the virtues are once known, the public will no ! doubt what remedy to employ when in need a cathartic medicine. Being sugar-wrapped, there pleasant to take, and being purely vegetable,

harm can arise from their use in any quantity. For minute directions, see wrapper on the Bu PREPARED BY DR. JAMES C. AYER Practical and Analytical Chemia LOWELL, MASS.
