Prof. J. M. LOCKE, Analytical Chemist, of Cin-sicanti, whose high professional character is en-Jann McLean, Judge of the Supreme Court of the United States. THOS. CORWIN, Secretary of the Treasury. Hon. J. M. WHIGHT, Governor of Indiana. K. Longworth, great wine grower of the West. Also, Dr. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Hox. W. L. MARCY, Secretary of State.

WM. B. Aston, the richest man in America. S. LELAND & Co., Propr's of the Metropolitan Hotel, and many others. Ibid space permit, we could give many hundred certificates, from all parts where the Pills have been used, but cridence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together m such a manner as to insure the best results. This evatem of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient ressedy than had hitherto been obtained by any process. The reason is perfectly obvines. While by the old mode of composition, every medicine is burdened with more or less of acrimenious and injurious qualities, by this each individual viruse only that is desired for the curative effect is present. All the mert and obnoxious qualties of each substance employed are left behind, the curative virtues only being retained. Hence it is arif-evident the effects should prove, as they have phoved, more purely remedial, and the Pills a surer, ome powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have all persons in want of such a change of their hair.

Supplied the accurate Formula by which both my Pectural and Pills are made to the whole body of Practificators in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his request.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful nedicine before its effects were known. Many emment Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more thee realized by their effects upon trial.

They operate by their powerful influence on the interval viscera to parify the blood and stimulate it into healthy action - remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangemonts as are the first origin of disease. Being sugar-wrapped, they are pleasant to take, and teing purely segetable, no harm can arise from

their use in any quantity. For minute directions, see wrapper on the Box. PREPARED BY DR. JAMES C. AYER, Practical and Analytical Chemist,

ST. LOUIS AD'S

"COMBINATION PATENT." UPRIGHT STEAM SAW MILL. This mill concerneds the universal admiration of sawmill men everywhere. As its ments become known, the demand for it increases. Orders are coming from every section of this country, Canada, Caba, and South America. It is suited for every section of the world wherever there is timber to be sawed, no matter of what character ow hard, how large or how small. Two extensive mafactories are now engaged in building these mills, yet it is almost impossible to turn them out as fast as they are wanted. They embrace several valuable putents and improvements, and combine all of the following ad-Simplicity-Both the mill and power are so simple in their construction that any one of ordinary mechanical shifty can comprehend them, put them up and run them ithout danger or difficulty.

Portability-The whole establishment can be very mickly token apart and put together, thus rendering it easy to be moved from place to place as desired, and saving the necessity of drawing the logs a long distance to Durabilits-It is constructed in the most solid and istantial manner, runs perfectly still, is not liable to out of order, and will last for years without repair. Rapidity-It will saw taster than any other upright pright mill. The speed of the saw is about three bunfred strokes per minute, and the feed from one-eighth to bree-quarters of an inch per stroke. Thus, at a medium speed the saw will cut through a log twenty-lour feet long in about three minutes. From this data any one knowing the character of the timber can calculate how Lifficiency-It does its work well, cuts smoother and

traighter than the ordinary mills, and the arrangement of the saw is such as to render it utterly impossible for to run out of line. Cheapness-The entire lost of the mill, with fifteen borte power and everything all complete and ready for mains, boxed and ready for shipment in St. Louis, it This mill requires less power to drive than any other mill, and the power furnished is sufficient to drive extra-A circular containing full particulars will be sent to any one desiring it. All orders should be addressed to. BRAGG & BURROWES, Corner Third and Market streets, St. Louis, Mo., sole agents for the Western and Southern States.

MORE TO BE ADMIRED THAN THE RICHEST DIADEM

Worn by Kings or Emperors

What? Why a beautiful Head of Hair Because it the armament God Himself provided for all our race. Reader, sithough the rose may bloom ever so brightly in the glowing cheek, the eye be ever so purkling, the teeth be those of pearls, if the head is be eft of its covering, or the hair be snarled and shriveled earsh and dry, or worse still, if sprinkled with gray miure will lese more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated planist Thalberg:

New York; April 19, 1858. DR WOOD-Dear Sir: Permit me to express to you the obligations I am under for the entire restoration of my hair to its criginal color; about the time of my arrival in the United States it -as rapidly becoming gray but upon the application of your Hair flestorative, i soon recovered its original hue. I consider your restorative as a very wonderful invention, quite effications as I am yours truly. S THALBERG. well as agreeable.

'Drych air Gwyliedydot' Welsh Newspaper office, Nassau st., April 12, '58 Prof O J WOOD-Deer Sir :- Some month or six weeks ago, I feesived a bottle of your Hair Restorative and gave it my wire, who concluded to try it on her hair mitte thinking at the time that it would restore the ray hair to its original color, but to her as well as m urprise, after a few weeks' trial it has performed that conderror effect by turning all the gray bairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to CHARLES CARDEW

New York, July 25, 1858. Prof O J Wood: With confidence do I recommend con Hair Restorative, as being the most efficacious, aracle I ever saw. Since using your Hair Restorative my hairs and whiskers which were almost white have gradually grown dark; and I now feel confident that a few more applications will restore them to their natu-

Chicago, 111, May 1, 1857. Prof Woop-About two years ago my hair commenced falling off and turning gray : I was fast becoming baid and had tried many remedies to no effect, I commenced using your Restorative in January last. A few applions fastened my hair firmly. It began to fill up grow out, and turned back to its former color (black). At this time it is fully restored to its original color, health and appearance, and I cheerfully recommend its use,

The Restorative is put in bottlds of 3 sizes, viz : large, stium and small; the small holds half a pant, and cetails for \$1 per bottle; the medium bolds at least 20 per cent more in proportion than the small, retails for \$2 per bottter the large holds a quart, 40 per cent more in proportion and retails for \$3. FOR ALL THE PURPOSES OF

FAMILY PHYSIC

Twent has long existed a public demnat is effective purgative pill which could be relief a sure and perfectly safe in its operation. Un

been prepared to meet that demand, and at on

sive trial of its virtues has conclusively about

what success it accomplishes the purpose to It is easy to make a physical pill, but not on make the best of all pills - one which should none of the objections, but all the advantage every other. This has been attempted here. with what success we would respectfully start the public decision. It has been unfortunate the patient hitherto that almost every pur medicine is acrimonious and irritating to the la els. This is not. Many of them produce a us than counterbalance the good to be derived them. These palls produce no irritation or unless it arise from a previously existing obtion or derangement in the howels. Heing po vegetable, no harm can arise from their use a quantity; but it is better that any medicine be taken judiciously. Minute directions for a use in the several diseases to which they are plicable are given on the box. Among the a plaints which have been speedily cured by them a may mention Liver Complaint, in its various to of Jaundice, Indigestion, Languor and Loss of petite, Listlessness, Irritability, Bilious Heats Bilious Fever, Fever and Ague, Pain in the in and Loins; for, in truth, all these are but the sequence of diseased action in the liver. aperient they afford prompt and sure relief it tiveness, Piles, Colle, Dysentery, Humars, Smit and Scurry, Colds with screness of the body, D. and impurity of the blood, Irregularities; it be any and every case where a purgative is require They have also produced some singular a cessful cures in Rheumatism, Gout, Dropy, Gou Erysipelas, Palpitation of the Heart, Palsing Back, Stomach, and Side. They should be in taken in the spring of the year, to purify the in and prepare the system for the change of tour An occasional dose stimulates the storad bowels into healthy action, and restores the ma tite and vigor. They purify the blood, and, by in stimulant action on the carculatory system, no vate the strength of the body, and reston a wasted or discused energies of the whole organe Hence an occasional dose is advantageous, or though no serious derangement exists; but a necessary desing should never be carried to a as every purgative medicine reduces the spage when taken to excess. The thousand cases in when a physic is required cannot be enumerated here is they suggest themselves to the reason of re-body; and it is confidently believed this pill a answer a better purpose than any thing which is hitherto been available to mankind. When the virtues are once known, the public will no longe
