This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease that it is entirely unnecessary to recount the evi dences of its virtues in any community where i has been employed. So wide is the field of its usu fulness, and so numerous the cases of its cure that almost every section of the country abound in persons publicly known, who have been restored from alarming and even desperate discusses of the lungs by its use. When or ce tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what aptidets to employ for the distressing and dangerous affections of the pulmonery organs which are incident to our climate. THE GREAT-WONDER OF THE NINETEENTH CENTRY Professor Wood's HAIR RESTORATIVE. Says the St. Louis, Democrat: Below, we publish :

letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. - Such evidence must-have its effect, when coming front a reliable source. If certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press "BATH, MAINE, Jan 20, 1858. Prof. O. J. Wood, & Co.

GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own bair, which had become quite gray, probably one-third white; fny whiskers were of the same character. Some three months since I procured a bottle of hair restorative, and used it. I seen found it was proving what I had wished. I used it about twice a week. have since procured another bottle, of which I have used some. I can now certify to the world that the gray of white hair is as totally disappeared, both on my head and gace, and my hair has resumed its original color, and I am now sixty years-old my good wife at the age of fif-'ty-two, has used it with the same effect. The above notice I deem due to you for your valuable

discovery. I am assured that whoever will rightly use as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident bere for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,
A. C. RATHOND.

Professor Wood-Dear Sir: Having had the mister time to loose the best portland my hair, from the cf. feets of the Yellow Fererin New Orleans in 1854, I was induced to make e Irial of your preparation, and found FINLEY JOHNSON.
