AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have many of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is sickening and irritating to the lowest. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a positively existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantities; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Dysentery, Irregularity, Bilious Headache, Bilious Fever, Fever and Ague. Pain in the Side and Limbs; for, in truth, all these are but the consequence of disordered action in the liver. As an apothecy they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Rheumatism, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and incipient stage of the blood, Irregularities; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, remove the strength of the body, and restore the vested or diseased energies of the whole organism. Hence on occasional dose is advantageous, even though no serious derangement exists; but an unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the mouth of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are more known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-coated, they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

AYER'S CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. Not only is justifiable attacks upon the lungs, but for the milder varieties of Colds, Coughs, Hoarseness, &c.; and for CONSUMPTION it is the most certain and safest medicine that can be obtained.

As it has long been in constant use throughout this section, we tend not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by—

THE
GREAT WONDER
OF THE NINETEENTH CENTRY
Professor Wood's
HAIR RESTORATIVE.

Says the St. Louis Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks highly of the superior merits of his hair fluid. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no commissions, nor sublime puffery from the press:

SACO, MAINE, Jan 20, 1859.

Prof. O. J. Wood, & Co.

GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of hair fluid of your agent in this town (which was precisely the same I had used). I used it about two weeks, when I discovered my hair had become restored to its original color, and I am now thirty years old my head was at the age of thirty-five. I used it with the same effect.

You are at liberty to use this testimonial of your valuable discovery. I am assured that whoever will rightly use as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one here and adjacent towns. Any one you may address like above, without name attached, is at your service, as I wish to preserve the interests of nature as others as well as myself. I am, truly yours,

A. C. RAYMOND.

BALTIMORE, Jan. 22, 1858.

Professor Wood—Dear Sir: Having had the misfortune to loose the best portion of my hair, from the effects of the Yellow Fever in New Orleans in 1856, I was induced to make a trial of your preparation, and found it to answer at the very thing needed. My hair is now thick and glossy, and no words can express my obligation to you in giving to the afflicted such a treasure.

TILLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great intelligence and universally beloved. WM. DYER.

BROOKFIELD, January 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like pleasure or at profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of three sizes, viz: large, medium and small; the small ones hold a half pint each, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars a bottle; the large holds a quart forty per cent more in proportion, and retails for three dollars a bottle.

ST. LOUIS AD'S

COMBINATION PATENT.

UPRIGHT STEAM SAW MILL.

This mill commands the universal admiration of saw-mill men everywhere. As its merits become known, the demand for it increases. Orders are coming from every section of the country, Canada, Cuba, and South America. It is adapted to every section of the world where there is timber to be sawed, no matter of what character how hard, how large or how small. Two extensive manufactories are now engaged in building these mills, yet it is almost impossible to turn them out as fast as they are wanted. They embrace several valuable patents not contained in any other mill, and none of the imitations.

Simplicity—Both the mill and power are so simple in their construction that any one of ordinary mechanical ability can comprehend them, put them up and run them without danger or difficulty.

Speed—The whole establishment can be run very quickly to do work and put together so as to be readily taken to pieces and put together at pleasure. It may be so located that water is not at all required, and thereby save the necessity of drawing the logs a long distance to the mill.

Durability—It is constructed in the most solid and substantial manner, runs perfectly still, is not liable to get out of order, and will last for years without repair.

Rapidity—It will saw faster than any other upright mill. The speed of the saw is about three hundred strokes per minute, and the feed from one-eighth to three-quarters of an inch per stroke. Thus, at a medium speed the saw will cut through a log twenty-four feet long in about three minutes. From this data any one knowing the character of the timber can calculate how much it will do.

Cheapness—The entire cost of the mill, with fifteen horse power and everything all complete and ready for running, boxed and ready for shipment to St. Louis, is only $1,750.

This mill requires less power to drive than any other mill, and the power furnished is sufficient to drive extra machinery.

A circular containing full particulars will be sent to any one ordering it. All orders should be addressed to

SCARRITT & MASON,

Wholesale and Retail Manufacturers of

Furniture and Upholstery

CORNER WASHINGTON AV. & 2D ST.,

St. Louis, Missouri.

To our Patrons and the Public in General.

We take great pleasure in being able to announce that, notwithstanding our heavy loss by the burning of our Sales Rooms at Nos 40 and 42 Washington Avenue, and the loss of the entire stock in them, on the morning of the 25th inst., are already ahead in our sales for the year, and are prepared to fill any order that may be desired in our line.

Having a large amount of stock in our ware houses that are not damaged, which our sales room, and before it contained invoices of goods from the best manufacturers, we are thus soon enabled to fill orders at our usual low prices, and at our customer prompt and satisfactory manner.

Our facilities for procuring and keeping up a desirable stock are unequalled; our personal attention and large experience in and will be constantly given to our legitimate business, and merit a continuance of the liberal patronage heretofore extended to us.

FURNITURE AND UPHOLSTERY,

in all the various styles. We assure you that we will sell as good goods and at as low prices, and on as favorable terms as any house in the West.

Thanking you for our very liberal patronage already bestowed on us, we ask a continuation of the same.

Sales Rooms for the present on the Northwest corner of Washington Avenue and Second Street, four doors below our old stand.

Very Respectfully, SCARRITT & MASON.

The most one of Safes of the different Manufactures in the GREAT FIRE of the City Building, in which the Excelsior triumphed over all others, fully establishes the superiority of the Excelsior Safe, which merits the confidence of all interested in Safes, and the security of their contents. The Excelsior being the only safe after being in the fire for ninety hours, and taken out of the ruins, that saved the Books and Papers, while a large number of the others, in the fire but a short time, were taken out with their contents entirely consumed, most impress all with the necessity of examining their safes, and those purchasing to be sure beyond a doubt, of the fact having stood the test and come out victorious. We pledge ourselves to manufacture none but such as can be relied on, and refer to the following:

DRUGS, MEDICINES.

That Great Remedy,

SO LONG SOUGHT,

Is Found at Last!

This remedy, claimed by the medical profession and the multiplied thousands that have used it and tested its wonderful curative properties, to be the greatest discovery in medical science, and nature's own remedy, is the result of years of toil and study, by one of Ohio's favorite physicians, in order to produce something that would meet the wants of suffering humanity, and thousands from the splendid palace and humble cottage can testify to the immediate relief found by its use. For want of space we only offer a few of the many evidences in its favor.

MOLINE, Ill., Feb. 19, 1857.

MESSRS. S. K. MANN & CO.—We find your Ague balsam superior to any remedy in our market for the permanent cure of all malarious diseases. We cheerfully recommend it as worthy that great name it has wherever used and tried.

Very Truly Yours, RICHARDS & THOMAS.

To the sufferers from Chills, Fever and Ague, I cheerfully submit the following: Having observed closely the effects of Dr. Mann's Ague Balsam in this vicinity for the past three years, I am well pleased with its remedial virtues as an antidote to malaria. I have frequently used it in my practice, and with entire satisfaction. From my intimate knowledge of this compound I recommend it as safe, prompt and efficient.

MESSRS. S. K. MANN & CO.—Having sold your Balsam for the past three years to scores of persons in this vicinity, and closely observing its effects, we do not hesitate in saying, we believe it the best remedy ever sold in Indiana, and will effectually cure chills, fever, and will effectually cure chills, fever and ague, and all diseases arising from a disordered liver, when all other remedies fail.

Truly Yours, PHILLEMEN & LEAKNS, Drug'ts.

LOGANSPORT, Ind., Sep. 12, 1856.

DR. MANN—Please send me one half gross more of your Ague Balsam immediately. It is in great demand, and may be truly styled the King of Fever and Ague.

ST. LOUIS, March 3d, 1858.

MESSRS. S. K. MANN & CO.—We have sold a large amount of your Ague Balsam the past three years, and find that since introduced and sold it has no equal in the history of ague remedies, and from all parts of the west we hear the same cheering news—it never fails to cure its patient—and is looked upon in this country as the best medicine for chills, fever and ague ever in our market.

The Nursery is situated on the farm of R. J. Whitney, about two miles south of Brownville. The trees are one year old from the graft and very large and healthy for that age. Produced in the soil and climate of Nebraska, they must prove superior to those that are shipped from the States. They can be obtained earlier in the spring—are not injured by cutting off the small sprouts in order to make the shipment less and to lessen the freight, and are adapted to our southern climate, and our tree-planting friends abroad. This is a truth that our Nebraska farmers must take into consideration. To those who wish to have Good orchards the proprietors will endeavor to give entire satisfaction to all who may favor us with a call. During the planting season, one of us will be found in the nursery to wait on those who favor us with their valued orders.

BOOTS & SHOES.

WILLIAM T. DEN,

Importer & Manufacturer.

BROWNVILLE, NEBRASKA.

The Proprietor respectfully informs the citizen of Brownville, and the public generally, that he has just returned from St. Louis with the largest stock of custom-made

BOOTS & SHOES ever brought West of St. Joseph.

His assortment of ready-made Boots & Shoes embraces every variety for Fall and Winter. French Calf-skin boots, single and double sole—of the latest style and fashion; also a superior stock of Genin leather water-proof boots, just right for PIKE'S PEAK Gold Diggings. He has a large supply of Kip and Stoga Boots, and a great variety of Shoes and Brogans; Boys' Shoes and boots of all sizes and varieties.

He has a large supply, and great variety in every style and fashion, of Ladies' Gaiters, Slippers, Misses' and Children's Gaiters and Shoes, Gentlemen's Slippers, Buffalo and Gum-elastic Overshoes, &c., &c.

He also has constantly on hand a large supply of French Kip and Calf-skins and trimmings

FOR HOME MANUFACTURE.

He warrants his work to give entire satisfaction, and invites the public to call and examine for themselves at the Brownville Boot & Shoe Store, and judge whether the boots and shoes are not of better leather, better made and cheaper than any you ever purchased from any other place. The highest prices paid for hides.

Brownville Steam Ferry!

BEST CROSSING ON THE

MISSOURI RIVER.

The Route from Brownville to Ft. Kearney, and from thence to California, is the nearest and most practicable.

JOHN CODINGTON & CO.

ANNOUNCE to the Traveling Public that they are now running as a Ferry across the Missouri river at

An entirely new, substantial and commodious

STEAM FERRY BOAT,

Which arrangement will secure a certain and safe passage at, all times and in all kinds of weather. The Proprietors do not assert boastingly, or for the purpose of gaining custom merely, but are governed by facts, when they say this is the best crossing of the Missouri River in Nebraska, and when they say the route from Brownville to Fort Kearney and from thence to California is the nearest for evidence they refer the reader to the map of the Country; and are warranted in saying it is the most practicable route by personal experience, as well as that of hundreds of others who have traveled it.—We claim therefor that this crossing and route holds out peculiarly favorable inducements, to persons going to California, and solicit their patronage. Notwithstanding our superior arrangements for a safe and speedy crossing, our charges are the same as other Ferries in Nebraska, all being regulated by Legislative enactment.

☞ Recollect that with our facilities of Power, no kinds of weather will prevent our Boats from making regular trips at all hours.

☞ A skiff and hand will be in readiness to cross foot passengers at all times of night.
