its wonderful curative properties, to be the greatest Made by Hingsland & Ferguson, discovery in medical science, and nature's own remedy, is the result of years of toll and study, by one of Ohio's THE above named machines are unquestionably the favorite physicians, in order to produce something that

can testify to the immediate relief found by its use. Fair of the St. Louis Agricultural and Mechanical Asso-clation, for being the BEST FOUR HORSE THRESHER dences in its favor. dences in its favor.

> MOLINE, ILL., Feb. 19, 1857. MESSES. S. K. MANN & CO-We find your Ague balsam superior to any remedy in our market for the permanent cure of all malarious diseases. We cheerfully recommend it as worthy that great name it has wherever sold and used.

Very Truly Yours, BICHARDS & THOMAS.

To the sufferers from Chills, Fever and Ague, I cheerfully submit the following: Having observed closely the effects of Dr. Mann's Ague Balsam in this vicinity for the past three years, I am well pleased with its remedial virtues as an antidote to malaria. I have frequently used it in my practice, and with entire satis faction. From my intimate knowledge of this compound I recommend it as safe, promt and efficient. N. E. HACEEDOM, M D.

Galion, Ohio, April 1st, 1858.

BLUFTON, Ind., May 17, 1858. MESSRS, S. K. MANN & CO.-Having sold your Bal-am for the past three years to scores of persons in this vicinity, and closely observing its effects, we do not hesitate in saying, we believe it the best remedy ever sold in Indiana, and will effectually cure chills fever and will effectually cure chills, fover and ague without fail. Truly Yours, PHILLIMAN & KEARNS, Drug'ts.

LOGANSPORT, Ind., Sep. 13, 1856. DR. MANN-Please send me one half gross more of your Ague Balsam immediately. It is ingreat demand, and may be truly styled the King of Fever and Ague. J. LYTLN.

ST. LOUIS, March 1st, 1858. MESSRS. SK MANN & CO-We have sold a large mount of your Ague Balsam the past three years, and find that where introduced and sold it has no equal in the history of ague remedies, and from all parts of the west we hear the same chooring news-lt never fails to cure its patient-and is looked upon in this country as the best medicicine for chills, fever and ague over in our market. 0. "COMBINATION PATENT." UPRIGHT STEAM SAW MILL This mill commands the universal admiration of sawnill men everywhere. As its marits become known, the nand for it increases. Orders are coming from every section of this country, Canada, Cuba, and South America. It is suited for every section of the world wherever there is timber to be sawed, no matter of what character how hard, how large or how small. Two extensive manufactories are now engaged in building these mills, yet it is almost impossible to turn them out as fast as they are wanted. They embrace several valuable patents and improvements, and combine all of the following ad-Simplicity-Both the mill and power are so simple in their construction that any one of ordinary mechanical ability can comprehend them, put them up and run them

ithout danger or difficulty. Portability-The whole establishment can be very uickly taken apart and put togethor, thus rendering i easy to be moved from place to place as desired, and sav ng the necessity of drawing the logs a long distance t Durability-It is constructed in the most solid and bstantial manner, runs perfectly still, is not liable to t out of order, and will last for years without repair. Rapidity-It will saw faster than any other upright pright mill. The speed of the saw is about three hun-red strokes per minute, and the feed from one-eighth to bree-quarters of an inch per stroke. Thus, at a medium eed the saw will cut through a log twenty-four feet mg in about three minutes. From this data any one knowing the character of the timber can calculate how uch it will do. Efficiency-It does its work well, cuts smoother and

straighter than the ordinary mills, and the arrangement of the saw is such as to render it utterly impossible for t to run out of line. Cheapness-The entire lost of the mill, with fifteen

norse power and everything all complete and ready for running, boxed and ready for shipment in St. Louis, is

This mill requires less power to drive than any other mill, and the power furnished is sufficient to drive extra machinery. A circular containing full particulars will be sent to

any one desiring it. All ordert should be addressed to BRAGG & BURROWES, Corner Third and Market streets, St. Louis, Mo.,

STEAM FERRY BOAT Which arrangement will secure a certain and safe passage at, all times and in all kinds of AFFLICTED REA weather. The Proprietors do not assert beastingly, THE weather. The Proprietors do not assert boastingly, or for the purpose of gaining custom merely, but are governed by facts, when they say this is the best crossing of the Missouri River in Nebraska, and when they say the route from Brownville to Fort Kearney and from thence to California is the nearest for evidence they refer the reader to the map of the Country; and are warranted in saying it is the most

practicable route by personal experience, as well as that of hundreds of others who have traveled it.— We claim therefor that this crossing and route holds out peculiarly favorable inducements, to persons going to California, and solicit their patronage. Notwithstanding our superior arrangements for a safe and speedycrossing, our charges are the same as other Ferries in Nobraska, all being regulated by Legislative enactment.

Brownville Steam Ferry !

BEST CROSSING

Recollect that with our facilities of Power. o kinds of weather will prevent our Boats from making regular trips at all hours.

Le A skiff and hand will be in readiness tocross ot passengers at all times of night. n20-November 11th,1857.

THE subscribers have entered into a partnership under the firm of Reed, Holabird & Co., to nanufacture the J. C. Reed, Patent Portable Grist Mill and are now prepared to furnish all those in want of a good Corn or Wheat Mill that for durability, simplicity and economy ; excel any Mill in the world. On the late exhibition of the Mechanics institute in Cincinnati, a Gold Medal was awarded them for it.

It is adapted to all Grain grinding purposes; it is superior to all others for the most extensive Merchant Mill, as it is for grinding the Farmers feed by Horse
