A Benevolent Institution established by special E dowment, for the relief of the sick and distressed, afflicted with Virulent and Epedemic Disease. THE Howard Association, in view of the awful distruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such discase by Quacks, several years ago directed their Con-sulting Surgeon, as a charitable act worthy of their name, to open a dispensary for the treatment of this class of diseases, in all their forms, and to give Medical Advice Gratis to all who apply by letter, with a descrip tion of their condition (age, occupation, habits of life, &c.) and in case of extreme poverty, to furnish medicines free of charge. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Rehual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Surgeons in the cure of Sper-matorrhoea; Seminal Weskness; Gonorrhoea; Gleet; Syphilis; the vice of Onanism or self-abuse, disease of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensning year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort bave been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves with renewed zeal, to this very important and much deapised cause. An admirable Report on Spermatorchoea, or Seminal

Other reports and Tracts on the nature and treatment of Sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatmnets discovered during the last year are of great value. Address for Report or treatment, DR. J.
