That Great Remedy, IS FEVER AND AGUE!

This remedy, claimed by the medical profession and the multiplied thousands that have used it and tested its wonderful curative properties, to be the greatest discovery in medical science, and nature's own remedy, is the result of years of toil and study, by one of Ohio's favorite physicians, in order to produce something that would meet the wishes of suffering humanity, and thousands from the princely palace, and humblest cottage testify to the immediate relief afforded by its use.

For want of space we only offer a few of the many evidences in its favor. MEDICAL TEST, Feb. 19, 1887. MESSRS. S. K. MANN & CO.—We used your Agent's Balm superior to any remedy in our market for the permanent cure of malarial disease. We cheerfully recommend it as worthy that great name it has wherever sold and used.

Very Truly Yours, RICHARDS & THOMAS. To the sufferers from Chills, Fever and Ague, I cheerfully commend the celebrated Dr. J. C. DeWitt's Fever and Ague Balm. I have used it for the past three years, and I can testify to its efficacy. It is a most valuable remedy, and I have recommended it in my practice, and with entire satisfaction to my patients. I have used it in every case of malarial fever, and it has cured me in every instance. I recommend it as a safe, prompt and efficient.

Brownville Steam Ferry!

THE BEST CROSSING ON THE MISSOURI RIVER. The Route from St. Louis to California, is the nearest and most practical.

JOHN CODINGTON & CO. ANNOUNCE to the Traveling Public that they are now running a Ferry across the Missouri River, from St. Louis to California, for a safe and speedy crossing, at charges as low as the most favorable routes.

STEAM FERRY BOAT. (Whichever arrangement will secure a certain and safe passage at all times and in all kinds of weather. The Proprietors do not assert boasting, or for the purpose of gaining custom merely, but are governed by facts, when they say this is the best crossing of the Missouri River in Nebraska, and when they say the route from Brownville to Fort Kearney, from thence to California, is the nearest and most practical, they refer the reader to the map of the country; and are warranted in saying it is the most practicable route by personal experience, as well as that of hundreds of others who have traveled it. We claim therefore that this crossing and route holds out peculiarly favorable inducements, to persons going to California, and solicit their patronage. Notwithstanding our superior arrangements for a safe and speedy crossing, our charges are the same as other Ferries in Nebraska, all being regulated by Legislative enactment.

NEBRASKA CITY Insurance Company. Capital Stock \$50,000. NEBRASKA CITY, N. T.

THIS Company, under a liberal charter, is now fully organized, and has received the capital stock of Fifty Thousand Dollars, paid in and secured. They are prepared, from this date, to grant open policies, and take risks, upon equal terms, with the most favored Insurance Company anywhere. Having adopted the mutual principle, its patrons, without incurring any liability, will share in the profits of the company.
