Clerk of District Court.

We are pleased to know that our townsman T. W. BEDFORD, Esq., has been appointed Clerk of the District Court for Nemaha County. John Long, of this county, near Christmas last, killed six hogs 18 months old, all of the same litter, the aggregate weight of which was 2037 pounds; viz:—492—347—329—326—327—and 306.—Those were good pigs, and hard to beat.

Persons who have business at Helena or the Western part of Nemaha County will find a very good road from Brownville to those points by way of Glen Rock, thence to Worrallton, crossing the Nemaha on the new bridge. The distance from Worrallton to Helena is ten miles, over a very fine prairie road.

"Why Labor so hard to Wash"

I have a Chemical process for cleaning clothes by the use of which they can be washed in *one half of the usual time* without being boiled, and with scarce any rubbing; this saving much labor; and the clothes are very white and sweet, and they last much longer than if washed in the old way of rubbing by hand or with work of machine by which the clothes are much worn. The articles used cost very little and are easy to obtain. I put this very useful recipe to order, post paid, upon receipt of 50 cents. Three cent postage stamps good as money.

If you really wish something new, do not miss the Honey or Washing recipes for they are all I claim for them, and should be in every family.

"Good News for the Ladies."

ANY LADY that will send her address to MRS. E CREAGER Baltimore City Maryland with 13 cent postage stamps enclosed, shall receive by return mail something of importance to her. "Woman know thyself and be happy."

Honey the best of Honey.

I have a valuable receipt for making honey that I will send to any person upon receipt of 50 cents. We make it and use it in our family *at half the cost* and consider it as good as the best. The most genuine honey made it is *"from which it cannot be told."* Any person who will make and sell it can easily clear from $2 to $3 a day; it only requires four articles to make it, and they can be had at any store for fifty cents.

Every family may have this delicious luxury, for any lady can make it in 15 minutes at any time.

If you really want something nice do not miss the Honey or Washing recipes for they are all I claim for them, and should be in every family. Address

PROSPECTUS OF
HARPER'S MAGAZINE

The publishers embrace this opportunity to evince their acknowledgments to the press and the public for their continued confidence and support. ☞ Subscribers are respectfully solicited to renew their subscriptions.

Each number of the Magazine will contain 144 octavo pages in double column; each year thus comprising nearly two thousand pages of the choicest literature of the day. GOLD MINES,

The undersigned desire to say, and in so doing will not practice deception when I have are advantages to be secured in

Crossing the Missouri river at Brownville.

and outfitting at, and starting from that point, not to be found at any other place on the Missouri River. In the first place, on both sides of the river are large extents of bottom lands in which grass makes much earlier start than on the uplands, and is much more abundant, being inexhaustible the entire season. Here, then, is a desirable place recruit stock before starting on the Plains. Stock can also be purchased here on very favorable term

The Brownville Steam Ferry boat, being the best on the River, offers peculiar inducements for crossing at this point. It is large and commodious; with powerful machinery, which enables the proprietor to ferry emigrants and others in the most expeditious manner.

For Outfitting

We undertake to say that the business men of Brownville are as well prepared to serve those wishing supplies, with as superior quality and on as favorable terms as can be found elsewhere. Everything desirable can be purchased in Brownville, such as

Provisions, Clothing, Mining Implements, &c., &c

The Route from Brownville to the Mines is universally admitted by those who have traveled it and others, to be superior in every respect. Brownville is about midway between St. Jo. and Omaha. As to distance, an examination of the map is all that is necessary to prove to any one that it is nearer from here to the mines than from any other point on the Missouri. On this route wood and water abound the entire distance, while on many others wood has to be hauled for many days.

The foregoing facts are fully and satisfactorily established by the immense travel of last year, and those who adopt it the present season will have no cause to regret having done so. Therefore

Cross the Missouri River at and start from Brownville.

THE LAST CALL.

I hereby once more notify those indebted to me that they can liquidate their indebtedness with corn pumpkins, or almost any kind of produce, at the highest market price, in Brownville. This request is made because I am in debt myself, and need money, but can make use of corn.

Heretofore the excuse with those owing me has been, that they cannot raise the money. I now inform you that I will take produce: it *knows* you can raise that. Such an arrangement will be taken as a great accommodation under present circumstances.

I wish to be accommodating, but I repeat, this is THE LAST CALL. JESSE NOEL.
