LOOK TO YOUR INTERESTS! STEAM FERRY BOAT Brownville, \_\_\_ Nebraska.

To those in the States contemplating going to the Nebraska and Kansas GOLD MINES.

The undersigned desire to ay, and in so doing will not practice deception; that there are advantages to be secured in and outfitting at, and starting from that point, not to be found at any other place on the Missouri River. In the first place, on both sides of the river are large extents of bottom lands in which grass makes a much earlier start than on the uplands, and We expect to keep a full stock, and are is much more abundant, being inexhausfible the entire season. Here, then, is a desirable place to recruit stock before starting on the Plains. Stock can also be purchased here on very favorable terms

The Brawnville Steam Ferry boat, being the best on the River, offers popular indecements for crossing at this point. It is large and commodious; with powarful machinery, which enables the proprietors to forry emigrants and others in the most expeditions manner For Outfitting We undertake to say that the ourtness men of

Brownville are as well propared to serve those wishing supplies, with a superior quality and on as fav-orable terms as can be found chewhere. Everything desirable can be purchased in Brownville, such as Provisions, Clothing, Mining Implements, &c., &c The Route from Brownville to the Mines is uni-

versally admitted by those who have traveled it and sthers, to be superior in every respect. Brownville, is about midway between St. Jo. and Omaha. As to desta es, an examination of the map is all that is necessary to prove to any one that it is nearer from here to the mines than from any other point on the Missouri. On this route wood and water abound the entire distance, while on many others. wood has to be hauled for many days. . The foregoing facts are fully and satisfactorily es-

tablished by the immense travel of last year, and those who adopt it the present season will have no Price \$3; sample copy \$2 by mail. postpaid by JAMES onuse to regret having done so. Therefore Cross the Missouri River at and start from Brownville.
