## EGITIMATE RESULT OF THE LAND SALES!!! Voters Look At This.

We caution voters not to suffer political tricksters to divert their attention from the real issues, or objects, in the present campaign, at least so far as refers to the election of Delegate. One of the objects of those who work the wires in the Democratic party in this Territory is to endorse the Administration of James Buchanan.

The officials are indebted to Buchanan for all they have and are, and are in duty bound sustain him. Hence they put one of his leading officials on the track as candidate; back square down from Douglas' Popular Sovereignty doctrine; take the Buchanan. The result was, you were caught in the condition that you must either leave-which most of you could not do, for you had spent on your claims all you had or submit to borrow a warrant at the exhorbitant rate of interest of sixty per cuit per annum!

Now let us see what has been the ruinous result in the end; not only to each of you as individuals, but to the future of the country. We have taken the pains to ascertain the exact indebtedness of the people in this Land District, created as an inevitable result of the Land Sales, at the time and under the circumstances they were brought on.

We find, from an examination of the Books of the Register of Deeds in Nemaha, Richardson and Pawnee counties, that the Land Sales has saddled a debt upon the Farmers of Nemaha county of FORTY THREE THOU-SAND ONE HUNDRED AND THIR-TY DOLLARS, secured by Trust Deeds upon TWENTY-SEVEN THOUSAND THREE HUNDRED AND FORTY.
