A Benevolent Institution established by special Endowment, for the relief of the sick and distressed, afflicted with Virulent and Epedemic Discase.
THE Howard Association, in view of the awful distrucon of human life caused by Sexnal diseases, and the eceptions practiced upon the unfortunate victims of suri isease by Quacks, several years ago directed their Consulting Surgeon, as a charitable act worthy of their name, to open a dispensary for the treatment of this lass of diseases, in all their forms, and to give Medical Advice Gratis to all who apply by letter, with a description of their condition (age, occupation, habits of life, &c.) and in case of extreme poverty, to furnish medicines free of charge. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment. The Directors of the Association in their Annual Re-nuar Report upon the treatment of Sexual Diseases, ex-press the highest satisfaction with the success which has attended the labors of their Surgeons in the cure of Sperstorrhoea; Seminal Weakness; Govorrhoea; Gleet; sphilis; the vice of Onanism or self-abuse, disease of e Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afficted, especially to the young, and they have resolved to devote themselves,

Brownville, Nebraska.

To those in the States contemplating going to the Nebraska and Kansas GOLD MINES The undersigned desire to say, and in so doing wil not practice deception; that there are advantages

to be secured in Crossing the Missouri river at Brownville, and outfitting at, and starting from that point, not to be found at any other place on the Missouri River. In the first place, on both sides of the river are large extents of bottom lands in which grass makes a much earlier start than on the uplands, and is much more abundant, being inexhaustible the entire season. Here, then, is a desirable place to recruit stock before starting on the Plains. Stock can also be purchased here on very favorable terms The Brownville Steam Ferry boat, being the best on the River, offers peculiar inducements for crossing at this point. It is large and commodious; with powerful machinery, which enables the proprietors to ferry emigrants and others in the most expedi-

We undertake to say that the business men-o Brownville areas well prepared to serve those wishing supplies, with a superior quality and on as favorable terms as can be found clsewhere. Everything desirable can be purchased in Brownville, such as Provisions, Clothing, Mining Imple-

ments, &c., &c. The Route from Brownville to the Mines is uniersally admitted by those who have traveled it and others, to be superior in every respect. Brownville is about midway between St. Jo. and Omaha. As to distance, an examination of the map is all that is necessary to prove to any one that it is nearer from here to the mines than from any other point on the Missouri. On this route wood and water abound the entire distance, while on many others wood has to be hauled for many days. The foregoing facts are fully and satisfactorily established by the immense travel of last year, and those who adopt it the present season will have no cause to regret having done so. The public are now respectfully informed that the undersigned have procured from Cincinnati and put in operation one of Homer & Co.'s flour mills of the latest patent, and the first brought to this Territory. They were induced to exchange their former mill for this one, from the high character they have gained in the east, and from the personal testimony of millers who have tried them throughout the Western States, and in view of the increased demand for grinding which will exceed that of any previous year in Nebraska, requiring a mill that will do the work better and quicker than any heretofore in ope-
