BROWNVILLE, SEPT. 13, 1860.

TURN OUT EVERYBODY

REPUBLICANS

AND

DEMOCRATS.

S. G. DAILY

AND

J. S. MORTON.

The two Candidates for Delegate to Congress will address the people of Nemaha county

AT BROWNVILLE,

MONDAY, SEPTEMBER 17TH,

At 3 o'clock!

Next Monday!

Let the people of Nemaha County bear in mind that this is the only opportunity they will have of seeing and hearing the contending candidates before the election. Everybody come and hear for yourselves. They will also speak at Tecumseh on the 18th; Rulo, the 20th; Salem, the 21st; Pawnee City, the 22d; Table Rock, the 24th; Beatrice, the 25th; and Austin the 26th of September.

Potter's Ware.—Mr. E. L. Grubb, of Nemaha City, has left at our office specimens of potters ware manufactured in this county. They are of excellent quality, showing that the clay hereabouts is admirably adapted for such purposes.—We understand Mr. Grubb is making arrangements to supply this market.—Hope he may succeed.

"Good as Old Wheat in the Mill."—Worthing of the City Saloon has fitted up an extensive eating department, where the hungry can find solid comfort in the shape of ham and eggs, game, fowl, pork and beans, pigs feet, tripe, coffee, ect. ect. We speak from the book when we say the arangement "jist suites." Wonder what Worthing and the Judge will get up next.

Daily Rocky Mountain News.—The enterprising publishers of the Rocky Mountain *News*, Denver City, are now issoing a large, handsome, well-filled daily paper. Success to the enterprise. The weekly *News* is a perfect record of mining events, and no one hereabouts, or in the States, wishing to keep accurately posted, should be without it.

The South-Western Iowaian—Is the name of a new paper we find upon our table, hailing from Sidney, Iowa; our old friend Capt. J. W. PATTISON, Editor. Mr. Pattison is an experienced and spirited writer, and will make the Sidney folks an excellent paper, and we hope he may be liberally patronized.

Donaphan County Dispatch—Is the name of another new paper before us; published at Troy, Kansas, by J. W. BIGGERS, Esq., formerly of the Iowa Point *Dispatch*. We hope friend Biggers will meet with better success in the future, than in the past in the newspaper business.

New Ball Game.—Somebody introduced a new game with ten pin balls at Worthing's Saloon the other night: "cleaned the alley" of all the balls; in other words, feloneously abstracted the balls and "skedadled" with them. That's the biggest "run" ever made on the alley. The Judge says he'll knock the "centre pin" out of the fellow if he ever lays eyes on him.

The Ladies Repository.—For September, we have received. A very interesting number. It contains an admirable steel plate likeness of Rev. P. B. WILLER, late President of the Female College, Cincinnati.

Evans Great Gift Book Store.—The now popular enterprise of GEO. G. EVANS, the great Gift Book Store man of Philadelphia, was commenced in 1854, and while most of his competitors have been overthrown he has been enabled to hold his own, and largely increase and extend his business. Since he commenced, he has sold over $2,000,000 of American and English Books, and distributed at least half that amount in gifts. Persons desiring any book whatever, no matter where or by whom published, is supplied with it at the usual retail price—also, receiving a gift varying in value—by of G. G. EVANS, 439, Chestnut Street, Philadelphia.

The Business Growth of St. Joseph.

Among one of the most striking features of the rising city of St. Joseph, is the extensive Iron and Heavy Hardware Establishment of Mr. D. A. Constable, on Third street. This house is conducted on a much larger scale than any other establishment of the kind in that city. His stock embraces an immense assortment of Iron, Files, &c., and also all kinds of woodwork for Wagons and Plows, and, in fact, everything that is required by Blacksmiths and Wagon Makers generally.

Mr. C. purchases his goods directs from the American and English manufatories, and offers them to the trade at Chicago and St. Louis wholesale prices.

Merchants, Blacksmiths and Wagon Makers, who intend laying in stocks this Fall, would do well to call at Mr. Constable's and examine his stock and prices, before going east.

Mr. Constable is a thorough business man, polite and gentlemanly in his manner, and we can gaurantee that any parties favoring him with a call will receive entire satisfaction.

CHICAGO, Sept. 8.

The steamer Lady Elgin, of the Lake Superior Line, which left here last night, was run into about 2 o'clock this morning off Waukeegan, by the Schooner Augusta, striking her abaft the wheel-house.—The steamer sunk in twenty minutes in 300 feet of water. Only seventeen persons are known to be saved, including the clerk, steward and porter. From 800 to 850 persons are said to have been on board, among whom were the Black Yagers, Green Yagers and Rifle, and several fire companies of Milwaukee, who were on a visit to this city. Col. Lumsdon, of the New Orleans *Picayune*, and family were also on board, and are supposed to be lost. At the time of the accident the schooner was sailing at the rate of eleven miles an hour. The steam tug McQueen left this morning, for the scene of the disaster, and on her return we will have further particulars.

September 9.

In regard to the Lady Elgin no accurate list or number of persons on board can be given, but the following estimate is nearly correct:

Excursion party, 800; regular passengers, 50; steamers crew, 35. Of these but 98 were saved.

September 12.

The crew of the schooner are being examined to-day. 50 bodies have been recovered most of whom resided at Milwaukee.

HARRISBURG, Sept. 7.

Mr. Douglas arrived here on the noon train. There was a large crowd at the depot. The Harrisburg Rifles met him at York as an escort. The reception was quite impressive. He was received by a committee and escorted to his quarters at the Butler Hotel. An address of welcome was delivered by Gen. Rounfer, to which the Judge briefly replied.

CAPE RACE, Sept. 7.

The City of Washington, from Liverpool on the 20th, via Queenstown on the 30th, passed the Point to-day.

It was reported at Paris on the 28th that the King of Naples had quitted there on board the frigate Stromolice. As the Piedmontes occupy the forts this needs confirmation.

Disturbances at Naples were imminent. Appeals to the people to revolt were being publicly distributed.

Napoleon's Minister of War and Gen. Bascoe had left Naples for Calabria with battalions and reinforcements.

NEW YORK, Sept. 8.

The nominations between the Breckinridge and Douglas Committee yesterday amounted to nothing: the former claims ten names on the electeral ticket and the latter offered six. They are to meet again to-day.

September 12.

The screw steamer Africa sailed today for Liverpool, with $35,000 in specie $20,000 in bank bills.

CLEVELAND, Sept. 10.

The Inauguration of the Perry Statue took place to-day. The weather is clear and cool, and the attendance is extremely large. Masons, Sdd-Fellows and Military are in full attendance. Several companies of Ohio Volunteer Militia, under Brigadier General Fitch, with many companies from Pennsylvania, Michigan and New York encamped at Camp Perry. They join in the ceremonies. 250 passenger-cars arrived this morning in addition to the previous arrivals, and this is probably the largest gathering ever in Ohio. The ceremony opened with prayer by Rev. G. D. Perry, Natchez, Miss., cousin of Com. Perry. The Statue was then inaugurated by Walcott, artist, and recorded in behalf of the city by Mayor Sentor, in a brief speech. Mr. Bancroft then delivered the oration which was a splendid effort. Everything passed off pleasantly.

September 12.

The schooner Vermont, with a cargo of wheat and corn, struck the pier last night and sunk just inside. No lives were lost. Cargo insured.

CINCINNATI, Sept. 10.

The grounds fitted up for the Eighth Exhibition of United States Agricultural Society are ready, and numerous entries are coming in from distant States as well as Ohio, Indiana and Kentucky. There is every prospect of an exhibition superior to any yet witnessed in this country. The premiums exceed $20,000 with several citizens premiums. The Fair opens on 12th and continues to the 20th.

September 12.

The National Exhibition of horses commenced here to-day, and promises to be more than ever successful. Some of the finest horses in the country are on Exhibition. Flora Temple and Ethan Allen are among the number. 2,000 people are on the grounds, notwithstanding the rain.

NEW ORLEANS, Sept. 10.

A cargo of slaves had been landed on the eastern coast, but we have no particulars.

The steamer Osceola had arrived at Batavano, from Truxillo. She brings the news that the commander of the English Man-of-war had ordered Walker to surrender the town, and that Walker had obeyed and retired down lower on the coast with eighty men. According to last advices his force was reduced to twenty-five men by the continued attacks of his enemies Walker himself was severely wounded in the face.

Several of his followers were placed on board the man-of-war at Truxillo.

He had lost a Colonel when the Osceola was leaving Truxillo.

Alvarez was entering the town with 200 men.

The Stuntevoit had arrived at Havana, from Vera Cruz, on the 3rd.

Miramon was at the Capitol concentrating his forces.

The Liberals were rapidly advancing on the Capitol.

The Jaurez Government had declared the barque Maria Conception to be a legal prize.

TORONTO, U. C., Sept. 10.

The Prince of Wales went to Collingwood on Monday by the Northern railroad. Crowds gathered at every station, and the Prince went on an open platform to let the people see him. Arches had been erected at several places along the line, and numerous addresses were presented at Collingwood. The party went for a cruise on Red River.

September 12.

The royal party left at 11 o'clock by cars for London.

PORTLAND, ME., Sept. 10.

The election for State officers and members of Congress, in Maine, took place to-day. The vote is probably the largest ever yet cast in the State. Scattering returns, including several of the large cities and towns, show Republican gains and indicate the election of the full Republican ticket by large majorities. Twenty towns heard from early in the evening give Washburn, Republican, for Governor, 2,676 majority.

September 12.

Over 200 towns heard from give Washburn, Rep., 48,147, Smart, Dem., 35,026, Barnes, Whig, 1,240; being a majority for Washburn over all of 11,881, and over Smart, 13,121.

D. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

AN aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale an otherwise sickly complexion indicate its necessity almost every conceivable case.

Innoxious in all maladies in which it has been tried, has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Scrofulus Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Rheumatism, Chronic Headaches, Intermittent Fevers, Pimples on the Face, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease, or of continued distribution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the oil oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In DYSPEPSIA innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness*.

In unchecked DIARRHŒA, even when advanced to DYSENTARY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the goods effects of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this *remedy* and *restorative*, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects Good appetite complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise.

Put up in flat metal boxes containing 60 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

INPECTINE.

The Persian Fever Charm.

For the prevention and cure of Fever and Ague and Bilious Fevers. This wonderful remedy was brought to the knowledge of the present proprietors by a friend who has been a great traveler in Persia and the Holy Land.

While going down the rever Euphrates, he experienced a severe attack of Fevor and Ague. On discovering his condition, one of the Reatmen too from his pocket an *Amulet*, saying: "Wear this and no Fever will touch you." Although incredulous as to its virtues; he complied, and experienced immediate relief, and has since always found it an effectual protection from all malarious complaints.

On further investigation he found that the heatman attributed to it miraculous powers, and said that it only could be obtained from the priest of the sun. Sometime afterwards, the gentleman in conversing with a Priest obtained from him the secret of its preparation, and ascertained where the medicinal herbs were found, of which it was compounded. The wonderful virtues of this article have induced a full belief in the minds of the natives in the miraculous healing powers of their Priests.

Since his return to America, it has been tried with the happiest effect by several Ladies and Gentlemen of high character, who have given it the most unqualified paoise. This remedy having been a specific in Persia for hundreds of years, for the prevention and cure of Fever and Ague and Bilious Fevers—is now offered to the American People.

It will be sent by mail, prepaid, with full directions for use, on receipt of one dollar.

Consumption and Bronchitis have Been and Can be Cured, by J. C. Curtis' Compound Syrup of Sassafras.

The Success of Curtis' Mameluke LINIMENT.

In such that in any neighborhood, if you inquire into its general use, you will find it in difficult cases, most effectual in producing a speedy and permanent cure. It would be difficult to find anything for which it has been more thoroughly and successfully tested in some of the most dangerous and difficult cases, and all diseases where the Lungs and chest are affected. Its Syrup has gladdened the hearts of many families, who have been on the most hopeless and premature grave. A few cases performed by this valuable syrup might be added to the following list, which is to certify that I have sold J. C. Curtis' Compound Syrup of Sassafras for a number of years, and have known it to be used with great success in almost every disease for which it is so highly recommended as a certain remedy. Its Liniment is also unsurpassed by any in use, for all other diseases, by applying it as early as possible after the disease has been contracted. In all cases where I have sold it, it has been of great benefit to my customers, many of which were afflicted with bone felon, sore throat, pleurisy, rheumatism, &c., and who had been entirely relieved, and who had been entirely relieved, and who had been entirely relieved,
