**STEAM FERRY BOAT**  
 Brownville, Nebraska.  
 To those in the States contemplating going to the Nebraska and Kansas  
**GOLD MINES,**  
 The undersigned desire to say, and in so doing will not practice deception; that there are advantages to be secured in crossing the Missouri river at Brownville, and starting from that point, not to be found at any other place on the Missouri river. In the first place, on both sides of the river are large extents of bottom land, which grows a much more fertile soil than on the uplands, and is much more abundant, being inexhaustible in the entire season. Here, then, is a desirable place to recruit stock before starting on the Plains. Stock can also be purchased here on very favorable terms. The Brownville Steam Ferry boat, being the best on the river, offers peculiar advantages for crossing at this point. It is large and commodious, with powerful machinery, which enables the proprietors to ferry emigrants and others in the most expeditious manner.

**FOR OUTFITTING**  
 We undertake to say that the business men of Brownville are as well prepared as any other place in the West, for outfitting, with a superior quality, and on as favorable terms as can be found elsewhere. Everything desirable can be purchased in Brownville, such as Provisions, Clothing, Mining Implements, &c., &c.

The route from Brownville to the Mines is universally admitted by those who have traveled it, and others, to be superior in every respect. Brownville is about midway between St. Jo. and Omaha. As to distance, an examination of the map will show it to be necessary to prove to any one that it is nearer from here to the mines than from any other point on the Missouri. On this route wood and water abound the entire distance, which on many other roads has to be hauled for many days.

The foregoing facts are fully and satisfactorily established by the immense travel of last year, and those who adopt it the present season will have no cause to regret having done so. Therefore  
 Cross the Missouri River at and start from Brownville.
