

A scarcity of paper compels us to issue a half sheet this week.

Result of the Presidential Election.

Well, reader, the Presidential election is over; the die is cast and Lincoln is the President. We prophesy one of the most conservative, harmonious and useful administrations ever known.

How do you seem to like it now?

Since the certificate has been awarded to Morton, we are "numbrously" asked the above question.

Brownville the Telegraph Terminus.

We are gratified to announce to the citizens of this city and all others interested in its future welfare and prosperity, that arrangements have been consummated by which Brownville, Nebraska, is made the western terminus of the St. Louis and Missouri River or Stebbins-Line of Telegraph, and the eastern terminus of the great Missouri River and California Telegraph line chartered by Congress, at its last session.

Stopped 'em.

"They say" a special messenger was dispatched to Ft. Randall to tell 'em to stop votin', as the "last return" from that point was sufficient to secure the certificate for Morton.

Population Changing.

The heavy Democratic population located at Ft. Kearny last year, removed, it seems, to Ft. Randall this year.

Why Didn't they Get a Hundred? They had a Sure Thing?

Why be content with only fourteen majority? It might as well have been fourteen hundred.

The Elements Frowned.

In ten minutes after the dispatch reached here from Omaha, announcing that the certificate had been awarded Morton, the very elements became disturbed and burst forth with vehement indignation.

THE FRAUD PERPETRATED! AS WAS PROPHESED!

The People Again Swindled! MORTON GETS CERTIFICATE!

As announced last week, the Board of canvassers awarded to Mr. Morton the Certificate as Delegate to Congress elect on a "constructive" majority of fourteen votes.

While the "surroundings" remain as they are, it appears useless almost for the people of Nebraska to attempt through the ballot box to secure a man of their choice as Delegate to Congress.

There are stubborn and singular "facts" connected with the Delegate election last year and this, which cannot fail to stare all in the face, and to which we will here refer.

This year there is returned for Morton, from a single precinct—at Ft. Randall—said to be established outside the boundaries of any organized county, one hundred and twenty-two majority—ALL THE VOTES SAID TO BE TOLDED AS BEFORE, and he gets the certificate.

"How do you seem to like it now?" Since the certificate has been awarded to Morton, we are "numbrously" asked the above question.

Somebody was once asked a similar question after an election at which he had been "thornsvegged," and answered by saying, he felt like Lazarus did on a certain occasion; that he had been "kicked by dogs!"

There is yet another very singular "fact" connected with the late election, which cannot fail to "have weight" with every honest man in Nebraska, and elsewhere in making up an opinion as to the true and legitimate result between Daily and Morton.

The way it was done in Brownville.

We venture the assertion that the citizens of no other place in the country was so promptly and faithfully served with Telegraph News in regard to the Presidential election as were those of this city.

Platte Valley Herald.—

We are in receipt of a new paper bearing the above name, and hailing from Plattsburgh, N. T. It is edited and published by A. R. THOMPSON, Esq., formerly of Pacific City, Iowa.

If Government Officials are to elect our Congressmen, we suggest that it would be a great saving of expense to the Territory to dispense with formal elections.

Lushbaugh & Carson.

In our advertising column will be found the announcement of dissolution of partnership heretofore existing between Messrs Lushbaugh & Carson, Bankers, in this city.

Mr. Carson, Esq., continues the business at the old stand. We need not say a word commendatory of Mr. Carson in this community where he is so well known for business and moral qualifications.

The above is from the Nebraska City News. We venture Morton men, here, will bear us out in saying it is decidedly the "coolest" paragraph they have ever read.

Comparative Table.

We publish below the official vote this year compared with the official vote of last year, by which it will be seen that the total vote this year is precisely the same as that of last year—5,900.

Table with columns: County, Daily, Total, Increase, Decrease. Lists counties like Buffalo, Burt, Butler, etc.

First Snow.—

On Tuesday and Friday last, quite a snow fell in this region, forcibly reminding us that "Winter approaches."

Hill has just returned from the east, and a new stock of goods will be here on "the next boat."

Corn.—

As we have not mentioned the matter for some time, we take occasion to say that we want some corn, on subscription.

Chess Problem.

Read by regular chess moves. Board diagram showing pieces and their positions.

Hon. S. G. Dally, our Delegate in Congress is in this city at present.

He looks "none the worse for wear" by reason of the laborious canvass through which he has just passed.
