Brownville, Nebraska. To those in the States contemplating going to he Nebraska and Kausas

GOLD MINES, The universigned desire to my, and case doing will not practice deception; that there are advantages tube semigroush Crossing the Missouri river at Brownville, and outlitting at, and starting from that joint not to be found at any other place on the Missouri River. In the first place, on both sides of the river are large extents of bottom lands in which grass makes a much carlier start than on the uplands, and is much more abandant, being inexhaustible the entire season. Here, then, is a desirable place to recruit stock beforestorting on the Plains. Stock can also be purchased here on very favorable terms. The Brownville Steam Ferry boat living the best on the liver, oders peculiar inducements for crossing at this paint. It islarge and commodious; with powerful machinery, which enables the proprietors to ferry emigrants and others in the most expedi-

For Outfitting We undertake to say that the business men of Brownville areas well prepared to serve those wishing supplies, with a superior quality and on as favorable scrmene can be found elsewhere. Everything desirable can be purchased in Brownville, such as Provisions, Clothing, Mining Imple-

ments, &c., &c. The Route from Brownville to the Mines is universally admitted by those who have traveled it and others, to be superior in every respect. Brownvilla is about midway between St. Jo. and Omaha. As to distance, an examination of the map is all that is necessary to prove to any one that it is nearer from here to the mines than from any other point on the Missouri. On this route wood and water abound the entire distance, while on many others. wood hasto be hanled for many days.

The foregoing facts are fully and satisfactorily astablished by the immense travel of last year, and those who ndopt it the present season will have no

cause to regret having done so. Therefore Cross the Missouri River at and start from Brownville. JOHN CODDINGTON & CO., Proprietors Steam Ferry Boat.
