Nebraska Hemp.—Between forty and fifty tons of hemp, dressed and ready for shipping, was delivered in this place this week...

Another Acquisition.—It is with pleasure that we announce the fact that Messrs. CHAMBERS & NOYES, manufacturers and wholesale dealers in every description of household furniture...

Still Another.—Hon. JESSE NOEL, who some time ago purchased and has since been running what is known as the "Nemaha City Steam Mills," has made his arrangements to remove the machinery to this place this season...

The River is usually high for this season of the year. Within the last week it has risen no less than six feet. It is near about "bank full." Of course it is in most excellent boating order.

Hon. JOHN TAYLOR passed up on the "West Wind" yesterday. He is direct from Washington. No further appointments had been made, when he left for Nebraska than those already announced.

Neighbor Reynolds of the News, assumes to be the nucleus around which is forming a great conservative element in newspaperdom in Nebraska. That's cool.

The best smoking tobacco in town can be had at B-Fry's. We have, and do hereby "pull" it and know whereof we speak.

Another New Business House.—Our old friend, RICHARD BROWN, who a few weeks since sold his interest in the city Drug Store, has been cast and purchased an entire new stock of Dry Goods, Groceries, &c., &c., and will in a few days open up in Strickler's new building, on Main street.

Lecture.—We neglected last week to notice the Lecture of Rev. A. S. BILLINGSLEY, before the Brownville Literary Society. Although the regular course of Lectures had terminated, Mr. B. by special invitation lectured on Monday evening, the 25th ult. Subject "The Mission of the Pioneer." The address had been prepared with great care, and we consider it one of the "Author's best efforts."

HARNA & SOX have lately put into operation an extensive steam shingle manufactory in this place, and are now turning out, at a rapid rate, an excellent article of shingles, and at greatly reduced prices.

C. G. DORSET, Esq., has opened a Law office, on Main street, opposite the Post office.

Rev. A. S. BILLINGSLEY, who has officiated as Pastor of the First Presbyterian Church in this city for two years past, has received and accepted a call from Denver City, Colorado Territory. He left this place on Monday last to attend the Presbytery at Bellevue, in this Territory, from which place he will go directly to Denver. "Westward" &c., appears to be Mr. B.'s motto. May health, prosperity and success in his vocation attend him, that, in the end, his labors may result in the gathering of many sheaves into his Master's garner, beyond the skies.

Uncle BEN WYTHE has moved his eating Restaurant into Judge Whitney's new building, on Main street, where he is prepared, as usual, to serve his customers with a plus ultra cup of Old Java Coffee, broiled steak, ham and eggs, oysters steamed, fried, or raw; or anything else "good to eat" one can call for.

Hon. S. G. DAILY has for late repeatedly placed us under obligations for valuable documentary favors: supplies of new seeds from the U. S. Patent office, &c.

The naughty Ferry Boat the other day pushed itself off from shore—"Say, don't let the Advertiser's 'Local' get hold of that!"—without ringing the bell, or blowing the whistle—"Look here, keep still now, won't you?"—and the result was—"I'll treat the crowd if you'll be mum!"—Well, it was an "almighty good 'joke," and as we promised to "keep still," we'll do it; but its most good to keep!

MATTHEWS & MELFORD who have for some time past been engaged in the manufacture of an improved style of Fanning Mill in this place, have just completed a new and commodious work shop, on second street between Main and Atlantic, and will go into the business on a more extended scale.

E. C. STICKNEY, the accomplished telegraph operator at this point, and who has been ruralizing for a week or so past in the village above, returned this morning on the steamer Florence.

We understand that Hon. E. S. DORSEY, of Richardson county, has been appointed Receiver in the U. S. Land, at Nebraska City.

THEO. HILL has gone east to purchase his Spring Stock of Goods.

Col. NIXON is making extensive and valuable improvements, putting down substantial stone gutters, excavating his lots at the foot of Main street and filling up and leveling off the levee in front thereof.

Rain.—Within the past ten days this country has been visited with refreshing rains. They were just in time, and fell slowly; the hitherto parched earth receiving and retaining the benefit of every drop that fell. The heart of the farmer everywhere is encouraged in the belief that Providence will smile bountifully upon his labors the present season.

D. POX, of this place, made, on Wednesday & Thursday, the table, the other day, the handsome run of one hundred and fifty-six billiards.

LAKE & WEST have re-opened their meat market on Main Street.

The River is usually high for this season of the year. Within the last week it has risen no less than six feet. It is near about "bank full." Of course it is in most excellent boating order.

Hon. JOHN TAYLOR passed up on the "West Wind" yesterday. He is direct from Washington. No further appointments had been made, when he left for Nebraska than those already announced.

Neighbor Reynolds of the News, assumes to be the nucleus around which is forming a great conservative element in newspaperdom in Nebraska. That's cool.

Ayer's Sarsaparilla

A compound remedy, designed to be the most effective alternative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power...

SCURF AND SCURFIDIOUS COMPLAINTS, Eruptions and Eruptive Diseases, ULCERS, PIMPLES, BOILS, TUMORS, Salt Rheum, Scald Head, Scabies, and Syphilitic Affections, Mucous Discharge, Dropsy, Dyspepsia, and Indigestion, Rheumatism, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foal humors which enter in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Malinical eruptions, or the ail of this remedy, spare themselves from the endurance of foal eruptions and ulcersous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. It cleans out the vitiated blood whenever you find it impurities bursting through the skin in pimples, eruptions, or sores; cleans it when you find it obstructed and sluggish in the veins; and it is when it is full, and your feelings will tell you when. Even when you particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pollution of its elements, the system is never at rest. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing the cure of many of the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtues that is claimed for it, but more because many preparations, pretending to be the compound, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla, for one quart of the real thing. Many of these bottles, which they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall restore the system to its normal condition, which rest upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete freedom from the system, the remedy should be judiciously taken according to directions on the bottle.

Prepared by DR. J. C. AYER & CO., LOWELL, MASS. Price, 25 cents per bottle; Six Bottles for \$3.

Ayer's Cherry Pectoral has been very fully and justly commended for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recite the evidence of its virtues, which has been abundantly given. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and the object of its preparation for their relief all it has ever been found to do.

Ayer's Cathartic Pills, FOR THE CURE OF Constipation, Jaundice, Dyspepsia, Indigestion, Headache, Biliousness, Dropsy, Rheumatism, Liver Complaint, Dropsy, Bile, Tumors and Salt Rheum, Worms, Gout, Nephritis, and a Diarrhoeal Pill, and for Purifying the Blood. They are sugar-coated, so that the most sensitive can take them without inconvenience. It is the best aperient in the world for all the purposes of a family physic.

Great numbers of Clergymen, Physicians, Statesmen, and eminent persons, have lent their names to certify the merits of the above-named remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given, with also full directions for their use, complaints, and the treatment that should be followed for their cure.

Do not be deceived by unprincipled dealers who offer preparations that make more profit on Demand AYER'S, and take no others. The sick want the best all their remedies for them, and they should have it.

All our remedies are for sale by For Sale by J. J. THURMAN and JOHN GRIM, Brownville, April 4, 1881.
