Brownville, - Nebrasha.

To those in the States contemplating going to GOLD MINES, The undereigned desire tosay, and in so doing will not practice deception; that there are advantages

to be secured in The coming season, a large and well selected stock | Crossing the Missouri river at Brownville, and outfitting at, and starting from that point, not to be found at any other place on the Missouri River. In the first place, on both sides of the river are large extente of bottom lands in which grass makes a much earlier start than on the uplands, and is much more abundant, being inexhaustible the entire season. Here, then, is a desirable place to recruit stock beforestarting on the Plains. Stock can also be purchased here on very favorable terms The Brownville Steam Ferry boat, being the best on the River, offers peculiar inducements for crossing at this point. It is large and commodious; with powerful machinery, which enables the proprietors to ferry emigrants and others in the most expedi-Raspberries

We undertake to say that the business men of Brownville areas well prepared to serve those wishing supplies, with a superior quality and on as favrable terms as can be found elsewhere. Everything lesirable can be purchased in Brownville, such as Provisions, Clothing, Mining Implements, &cc., &cc.

The Route from Brownville to the Mines is universally admitted by those who bayetraveled it and others, to be superior in every respect. Brownville s about midway between St. Jo. and Omaha. As o distance, an examination of the map is all that s necessary to prove to any one that it is nearer from here to the mines than from any other point on the Missouri. On this route wood and water abound the entire distance, while on many others.

wood has to be hauled for many days. The foregoing facts are fully and satisfactorily eslished by the immense travel of last year, and hose who adopt it the present season will have no tause to regret having done so.
