## EMPIRE SHUTTLE MACHINE

Patented Pebrusry 14th, 1800

Salesroom, 510 Broadway This Machine is constructed on an entirely new principle of machinery, possing many rare and val-

PLICITY and PERFECTION COMBINED. The following are the principal objections urged against Sewing Machines .-L-Excessive fatigue to | 4 .- Incapacity to sew every description of the coerator. 2.-Linbility to get out of material. 5 .- Disagreeable noise B .- Expense, trouble and while in operation.

The Empire Sewing Machine is Exempt from all these objections.

less of time in repair-

glass, and is

It has a straight needle perpendicular action makes the LOCK or SHUTTLE STICH, which will WEITHER RIP nor RAVEL, and is slike on both sides; performs perfect sewing on every description READY-MADE CLOTHING, of material, from Leather to the finest Nansook Muslin, with cotton, lines or silk thread, from the corsest to the finest number. Having meither CAM nor COG WHEEL, and the the least possible friction, it runs as smoothly as

Emphatically a Noiseless Machine! It requires twenty-five per cent, less power to fatigue or injury to health.

Its strength and WONDERFUL SIMPLICITY of construction render it almoss impossible to get it out

of order, and is GUARANTEED by the company to give entire entire entirention. We respectfully invite all those who may desire to supply themselves with a superior article, to call and examine this UNRIVALLED MACHINE. But in a more special manner do we solicit the

patronage of Drass Makers Merchant Tuilors, Corset Makers, Ceach Makers. Hoop-Skirt Manufacturers. Galter Fitters, Shirt and Bosom Makers, Shoe Binders, Vest and Pantaloon Makers. Religious and Charitable Institutions will be liberally dealt with.

Price of Machines, Complete: No. I, or Family Machine, \$45,00; No. 2 Small sized Manufacturing, \$30,00; No. 3 Large sized Manufacturing, \$75,00.
Cabinets in Every Variety.

We want Agents for all towns in the United States, where agencies are not already established, to whom a liberal discount will be given, but we make no consignments. T. J. McARTHUR & Co.,

510 Broadway, New York. COLORED PLATES OF FRUITS AND FLOWERS. WE have attlets constantly employed in painting specimens of all kinds of Fruits, Shrubs. Evergreens and Flowers, and can supply nursery agents or others

with any quantity, either bound or in sheet. Our bound wolumes are intended to contain all that an agent will require in selling a list of general Nursery products. We offer them much under the usual price, and can furnish the bound volumes very lew; and we have no hesitancy in saying that the execution of the artist and likeness to nature are not surpassed by any in the country. 1861 McCORMICK'S

Mower. Manufactured by C. H. MCCORNICK & BROS.

CHICAGO, ILLS.

Twenty-five Thousand Sold During the last six years.

An Average of over 4,000 each Year. Sales have increased from 1600 in '54 to 5,000 in '60. As a Reaper, the "McCormick" has been before

the American public for the last twenty years, and

during that time has gained a reputation which is "World-Wide." Notwithstanding the yearly increasing competition, and the host of inventors engaged in the development of Renping Machines, the "McGormick" leads the van—the acknowledged superior of all in the march for practical improve-The representations made by other manufacturthat the McCormick was "once" a noted Reaper, but is now autiquated, is simply ridiculous, as the in-

creasing demand will prove. No single establishment in the WORLD, manafactures so largely of these implements, and none expends equal money ime or talent in reliable improvements. Many changes have been effected during the past season, and for IS61, the "McCormick" is presented greater attractions than ever before. As a Reaper

SIMPLICITY, STRENGTH AND DU-RABILITY commend it to the farmer, while its capacity for work, with economy of power, give it the preference

over all others. The compacting the frame, thus securing a more perfect balance to the machine: the position of the raker, in the rear of the driver, thus placing the in house and open air, is large and fine. For vineweight where it should be, and relieving the weak- yard planting some strong vines, grafted on Cataw er parts of the machine; the decreased weight, and | ba and Isabella stocks, are offered at a low priceslight indentation of the sickle, the Castor wheel, and other improvements added, have materially lessened the direct draught, and so obviated the side | cord, grown with esne in oure for immediate beardranght that many assure us that it does not now ing. Good layers of Anna, Rogers' Hybrid, 12 kinds vxist. The draught of the Reaper is so light that also Clara, Cassidy, To Kalon, Reheeca, Miller's in numerous instances the large four-horse machine Louisa, Logan, Emily, Canby's August, Hudson, H. is worked with but two horses.

- As A Mower, indentation of the Sickle, its lightness and combination with the beam and fingers, allows an increase
