GREAT IMPROVEMENTS IN

SEWING MACHINES.

EMPIRE SHUTTLE MACHINE.

Patented February 14th, 1860

Salesroom, 510 Broadway,

NEW YORK.

This Machine is constructed on an entirely new principle of machinery, posing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be SIMPLICITY and PERFECTION COMBINED.

The following are the principal objections urged against Sewing Machines:—

1.—Excessive fatigue to the operator.
2.—Liability to get out of order.
3.—Expense, trouble and loss of time in repairing.
4.—Incapacity to sew every description of material.
5.—Disagreeable noise while in operation.

The Empire Sewing Machine is Exempt from all these objections.

It has a straight needle perpendicular action makes the LOCK or SHUTTLE STICH, which will NEITHER RIP nor RAVEL, and is alike on both sides; performs perfect sewing on every description of material, from Leather to the finest Nansook Muslin, with cotton, linen or silk thread, from the coarsest to the finest number.

Having neither CAM nor COG WHEEL, and the the least possible friction, it runs as smoothly as glass, and is

Emphatically a Noiseless Machine!

It requires twenty-five per cent. less power to drive it than any other Machine in market. A girl of twelve years of age can work it steadily, without fatigue or injury to health.

Its strength and WONDERFUL SIMPLICITY of construction render it almost impossible to get it out of order, and is GUARANTEED by the company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to call and examine this UNRIVALLED MACHINE.

But in a more special manner do we solicit the patronage of

Merchant Tailors,	Dress Makers
Coach Makers,	Corset Makers,
Hoop-Skirt Manufacturers,	Gaiter Fitters,

McCORMICK'S

Reaper & Mower.

Manufactured by
C. H. McCORMICK & BROS.,
CHICAGO, ILLS.

Twenty-five Thousand Sold During the **last six years.**

An Average of over 4,000 each Year. Sales have increased from 1600 in '54 to 5,000 in '60.

As a Reaper, the "McCormick" has been before the American public for the last twenty years, and during that time has gained a reputation which is "*World-Wide.*" Notwithstanding the yearly increasing competition, and the host of inventors engaged in the development of Reaping Machines, the "McCormick" leads the van—the acknowledged superior of all in the march for practical improvements.

The representations made by other manufacturthat the McCormick was "once" a noted Reaper, but is now *antiquated*, is simply ridiculous, as the increasing demand will prove. No single establishment in the WORLD, manufactures so largely of these implements, and none expends equal money time or talent in *reliable* improvements.

Many changes have been effected during the past season, and for 1861, the "McCormick" is presented greater attractions than ever before. As a Reaper its

SIMPLICITY, STRENGTH AND DURABILITY

commend it to the farmer, while its capacity for work, with *economy* of *power*, give it the preference over all others.

The compacting the frame, thus securing a more perfect balance to the machine: the position of the raker, in the rear of the driver, thus placing the weight where it should be, and relieving the weaker parts of the machine; the decreased weight, and slight indentation of the sickle, the Castor wheel, and other improvements added, have materially lessened the direct draught, and so obviated the *side* draught that many assure us that it does not now exist. The draught of the Reaper is so light that in numerous instances the large four-horse machine is worked with but two horses.

As A Mower,

The machine of 1861 will be found fully equal to any test that it may be submitted to. The slight indentation of the Sickle, its lightness and combination with the beam and fingers, allows an increase of motion not practicable in other machines, thus enabling us to *do good work*, with a a slow team, oxen, even, working well. Our

Improved Guard and Patent Cleaner,

effectually prevents choking, no matter what the condition of the grass, while our new divider point separates badly lodged and tangled clover or grass, where other machines fail.

There is also a great advantage in our serrated sickle edge over the smooth, as it does not require sharpening so often, thus saving time. Our Sickle will frequently run through an entire harvest without once grinding, while the smooth edge must be ground once each day, if not oftener. With a smoth edge the draught increrses as the knife become dull. Our draught is uniform, and in repeated trials during the season of 1860, proved far lighter than single Mowers, cutting at the same time from twelve to eighteen inches wider.

Our Mower can be used with or without the reel this is important, and without the reel, weighs but about 670 pounds.

In addition to the very liberal warrantee given to all perchasers, we would say as heretofore, that farmers who may desire it, are at liberty to work our machine through the harvest, with any ther, and keep, and pay for, the one preferred.

Pamphlets with full description of improvements testimonials, &c., can be had by application to

IONA VINES.

MY Stock of native vines comprise all the variable varieties with which I am acquainted. The plants have been produced with great care, under the most favorable circumstances for healthy development, and surpass in excellency any that I have heretofore been able to offer.

For the fall trade, only a limited supply of Union Village, Lenoir, (Lincoln,) Paulise, Ehingburg, Taylor (or Bullitt,) and Allen's Hybrid is offered. Of best Defaware layers, also, the supply is not large, but quality unequaled.

The stock from Delaware, single eyes grown both in house and open air, is large and fine. For vineyard planting some strong vines, grafted on Catawba and Isabella stocks, are offered at a low price—roots very strong.

Very large layers of Diana, Herbemont, and Concord, grown with especial care for immediate bearing. Good layers of Anna, Rogers' Hybrid, 12 kinds also Clara, Cassidy, To Kalon, Rebecca, Miller's Louisa, Logan, Emily, Canby's August, Hudson, H. Prolific, Cuyahoga, &c.

A general assortment of foreign varieties for vineries.

Of Downing's Everbearing Mulberry the supply is not large, and a great part of the trees already ordered. They are very vigorous, and the wood well grown and matured.

Wholesale descriptive list sent to those who wish to form clubs, on application. List also sent to dealers. Fourth edition of Illustrated Catalogue sent for two three-cent stamps It is designed to be a full and comprehensive treatise on the management of the vine, giving such information as purchasers and growers are supposed to need. Particular directions are given for the preparation of the soil and planting, and the directions for training are illustrated by many carefully prepared engravings.

The descriptions of the varieties will be found accurate and trustworthy, being drawn from personal knowledge, and very extensive observation.

TO THE PEOPLE OF THE UNITED STATS

In the month of December, 1858, the undersigned for the first time offered for sale to the pubic DR. J. BOVER DODS' IMPERIAL WINE BITTERS, and in thir short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising simply from a neglect of small complaints is surprising, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for disease of the body must invariably affect the mind. The subscribers now only ask a trial of

DR. J. BOVEE DODS'S
Imperial Wine Bitters

from all who have not used them. We challenge the world to produce their equal.

These Bitters for the cure of Weak Stomache, General Debility, and for Purifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The wine is of a very superior quality being about one-third stronger than other wines, warming and invigorating the whole system from the head to the feet. As these bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all its parts, by equalizing the circulation, removing the obstructions and producing a general warmth. They are excellent for diseases and weakness peculiar to Females, where a tonic is required to strengthen and brace the system. No lady who is subject to lasitude and faintness, should be without them, as they are revivifying in their action.

THESE BITTERS

Will not only Cure but Prevent Disease,

and in this respect are doubly valuable to the person who may use them for

INSIPIENT CONSMMPTION

weak Lungs, indigestion, Dyspepsia, diseasec of the Nervous system. Paralysis, Piles, and for all cases requiring a Tonic.

DR. DODD'S
Celebrated Wine Bitters Are Unsurpassed.

For Sore Throat so common among the Clergy they are truly invaluable.

For the aged and inarm, and for persons of weak constitutions For ministers of the gospel, lawyers and all public spackers—for book-keepers tailors seamatresses, students, ar Artists, and all persons leading a sedentary life, they will prove beneficial.

As a beverage they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of brandy or wine, without intoxicating and are a valuable remedy for persons adicted to the use of excessive strong drink, and who wish to refrain from it. They are pure and entirely free from the poisons contained in the adulterated wines and brandies with which the country is floodfd.

These bitters not ny CURE but prevent disease, and should be used by all who live in a country where the water is bad, or where chills and fever are prevalent. Being entirely innocent and harmless they may be given freely to children and infants with impunity,

Physicians and Clergymen, and temperance advocates as an act of humanity, should assist in spreading these valuable bitters over the land, and threby essentially banish drunkenness and disease.

In all affections of the Head, Sick Headache, or Nervous Headache, Dr. Dod's Imperial Wine Bitters Will be found to be most Sainfarn and Efficacious.

FEMALES.

The many cirtificates which have been tendered us and the letters which we daily receive, are conclusive proof that among the women these Bitters have given a satisfaction which no others have ever done before. No woman in the land should be without them, and those who once use them, will not fail to keep a full supply.

DR J Bovee Dod's

IMPERIAL WINE BITTERS,

Are prepared by an eminent and skillful physician, who has used them successfully in his practice for the last twenty-five years. The proprietor before purchasing the exclusive right to manufacture and sell Dr. Bove. Dods' Celebraeg Imperial Wine Bitters, had them tested by two distinguished medical practitioners, who pronounced them a valuable and safe remedy for disease.

Although the medical men of this country, as a general thing, disapprove of Patent medicines yet we do not believe that a respectable Physician can be found in the United States, acquainted with their medical properties, who will not highly approve Dr. Dod's IMPERIAL WINE BITTERS

In all newly settled places, where there is always a large quantity of decaying timber; from which a poisonous miasma is created, these bitteds should be used every morning before breakfast.

DR. J. BOVEE DODS'
IMPERIAL WINE BITTERS

Are composed of a pure and unadulterated wine, combined with Barberry, Solomon's Seal, Comfrey, Wild Cherry Bark, Spikenard Camomile Flowers, and Gentian. They are manufactured by Dr. Dop himself, who is an experienced and successful physician, and hence should not be classed among the quack nostrums which flood the country, and against which the medical profession so justly denounce.

These truly valuable Bitters have been so thoroughly tested by all classes of community, for almost every variety of disease incident to human system, that they are now deemed indispensable as a

Tonic, Medicines and a Beverage.
