Scrofula, or King's Evil, is a constitutional disease, a corruption of the

blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, accurate and trustworthy, being drawn from person above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous com-plaints, but they have far less power to withstand the attacks of other diseases; conscquently vast numbers perish by disorders which, although not scrofulous in their nature, [Avon33-Fv2n3] are still rendered fatal by this taint in the system. Most of the consumption which dein this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by Lo cleanse it from the system we must ranov the blood by an alterative medicine, and in vigorate it by healthy food and exercise. Such a medicine we supply in
