McCORMICK'S

Reaper & Mower.

Manufactured by

C. H. McCORMICK & BROS.,

CHICAGO, ILLS.

Twenty-five Thousand Sold During the **last six years.**

An Average of over 4,000 each Year. Sales have increased from 1000 in '54 to 5,000 in '60.

As a Reaper, the "McCormick" has been before the American public for the last twenty years, and during that time has gained a reputation which is "[illegible]wide." Notwithstanding the yearly increasing competition, and the host of inventors engaged in the development of Reaping Machines, the "McCormick" leads the van—the acknowledged superior of all in the march for practical improvements.

The representations made by other manufacturers that the McCormick was "once" a noted Reaper, but is now *antiquated*, is simply ridiculous, as the increasing demand will prove. No single establishment in the WORLD, manufactures so largely of these implements, and none expends equal money time or talent in *reliable* improvements.

Many changes have been effected during the past season, and for 1861, the "McCormick" is presented greater attractions than ever before. As a Reaper its

SIMPLICITY, STRENGTH AND DURABILITY

commend it to the farmer, while its capacity for work, with *economy of power*, give it the preference over all others.

The compacting the frame, thus securing a more perfect balance to the machine: the position of the raker, in the rear of the driver, thus placing the weight where it should be, and relieving the weaker parts of the machine; the decreased weight, and slight indentation of the sickle. the Castor wheel, and other improvements added, have materially lessened the direct draught, and so obviated the *side* draught that many assure us that it does not now exist. The draught of the Reaper is so light that in numerous instances the large four-horse machine is worked with but two horses.

As A Mower,

The machine of 1861 will be found fully equal to any test that it may be submitted to. The slight indentation of the Sickle, its lightness and combination with the beam and fingers, allows an increase of motion not practicable in other machines, thus enabling us to do *good work*, with a a slow team, oxen, even, working well. Our

Improved Guard and Patent Cleaner,

effectually prevents choking, no matter what the condition of the grass, while our new divider point separates badly lodged and tangled clover or grass, where other machines fail.

There is also a great advantage in our serrated sickle edge over the smooth, as it does not require sharpening so often, thus saving time. Our Sickle will frequently run through an entire harvest without once grinding, while the smooth edge must be ground once each day, if not oftener. With a smooth edge the draught increases as the knife become dull. Our draught is uniform, and in repeated trials during the season of 1860, proved far lighter than single Mowers, cutting at the same time from twelve to eighteen inches wider.

Our Mower can be used with or without the reel his is important, and without the reel, weighs but about 670 pounds.

In addition to the very liberal warrantee given to all perchasers, we would say as heretofore, hat farmers who may desire it, are at liberty to work our machine through the harvest, with any thes, and keep, and pay for, the one preferred.

Pamphlets with full description of improvements estimonials, &c., can be had by application to

THEODORE HILL, Agent.

Electric Weather Indicator.

This neat and curious instrument foretells the weather from 12 to 24 hours in advance. Sent free by mail on receipt of 50 cents by the manufacturers, LEE & CO., Newark, N. J. Liberal discount to Agents.

TO THE PEOPLE OF THE UNITED STATS

In the month of December, 1858, the undersigned for the first time offered for sale to the public DR. J. BOVEE DODS' IMPERIAL WINE BITTERS, and in thir short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising simply from a neglect of small complaints is surprising, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for disease of the body must invariably affect the mind. The subscribers now only ask a trial of

DR. J. BOVEE DODS'
Imperial Wine Bitters

from all who have not used them. We challenge the world to produce their equal.

These Bitters for the cure of Weak Stomachs, General Debility, and for Purifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The wine is of a very superior quality being about one-third stronger than other wines, warming and invigorating the whole system from the head to the feet. As these bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all its parts, by equalizing the circulation, removing the obstructions and producing a general warmth. They are excellent for diseases and weakness peculiar to Females, where a tonic is required to strengthen and brace the system. No lady who is subject to lasitude and faintness, should be without them, as they are revivifying in their action.

THESE BITTERS

Will not only Cure but Prevent Disease.

and in this respect are doubly valuable to the person who may use them for

INSIPIENT CONSMMPTION

weak Lungs, indigestion, Dyspepsia, disease of the Nervous system, Paralysis, Piles, and for all cases requiring a Tonic.

DR. DODD'S
Celebrated Wine Bitters Are Unsurpassed.

For Sore Throat so common among the Clergy they are truly invaluable.

For the aged and infirm, and for persons of weak constitutions For ministers of the gospel, lawyers and all public speakers—for book-keepers tailors seamstresses, students, ar artists, and all persons leading a sedentary life, they will prove beneficial.

As a beverage; they are wholesome, innocent, and delicious to the taste. They produce all the exhilerating effects of brandy or wine, without intoxicating; and are a valuable remedy for persons addicted to the use of excessive strong drink, and who wish to refrain from it. They are pure and entirely free from the poisons contained in the adulterated wines and brandies with which the country is flooded.

These bitters note nly CURE but prevent disease, and should be used by all who live in a country where the water is bad, or where chills and fever are prevalent. Being entirely innocent and harmless they may be given freely to children and infants with impunity,

Physicians and Clergymen, and temperance advocates as an act of humanity, should assist in spreading these valuable bitters over the land, and thereby essentially banish drunkenness and disease.

In all affections of the Head, Sick Headache, or Nervous Headache, Dr. Dod's Imperial Wine Bitters Will be found to be most Salutarn and Efficacious.

FEMALES.

The many certificates which have been tendered us and the letters which we daily receive, are conclusive proof that among the women these Bitters have given a satisfaction which no others have ever done before. No woman in the land should be without them, and those who once use them, will not fail to keep a full supply.

DR J Bovee Dod's

IMPERIAL WINE BITTERS,

Are prepared by an eminent and skillful physician, who has used them successfully in his practice for the last twenty-five years. The proprietor before purchasin the exclusive right to manufacture and sell Dr. Bovee Dods' Celebrated Imperial Wine Bitters, had them tested by two distinguished medical practitioners, who pronounced them a valuable and safe remedy for disease.

Although the medical men of this country, as a general thing, disapprove of Patent Medicines, yet we do not believe that a respectable Physician can be found in the United States, acquainted with their medical properties, who will not highly approve Dr. Dod's IMPERIAL WINE BITTERS

In all newly settled places, where there is always a large quantity of decaying timber; from which a poisonous miasma is created, these bitters should be used every morning before breakfast.

DR. J. BOVEE DODS'

IMPERIAL WINE BITTERS

Are composed of a pure and unadulterated wine, combined with Barberry, Solomon's Seal, Comfrey, Wild Chery Bark, Spiknard Camomile Flowers, and Gentian. They are manufactured by Dr. Dop himself, who is an experienced and successful physician, and hence should not be classed among the quack nostrums which flood the country, and against which the medical profession so justly denounce.

These truly valuable Bitters have been so thoroughly tested by all classes of community, for almost every variety of disease incident to human system, that they are now deemed indispensable as a

Tonic, Medicines and a Beverage.

Purchase one Bottle

It Costs but Little! Purify the Blood. Give Tone to the Stomach--Renovase the System and Prolong Life.

GREAT IMPROVEMENTS IN

SEWING MACHINES.

EMPIRE SHUTTLE MACHINE.

Patented February 14th. 1860

Salesroom, 510 Broadway,

NEW YORK.

This Machine is constructed on an entirely new principle of machinery, possing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be SIMPLICITY and PERFECTION COMBINED.

The following are the principal objections urged against Sewing Machines.—

1.—Excessive fatigue to the operator.
2.—Liability to get out of order.
3.—Expense, trouble and loss of time in repairing.
4.—Incapacity to sew every description of material.
5.—Disagreeable noise while in operation.

The Empire Sewing Machine is Exempt from all these objections.

It has a straight needle perpendicular action makes the LOCK or SHUTTLE STICH, which will NEITHER RIP nor RAVEL, and is alike on both sides; performs perfect sewing on every description of material, from leather to the finest Nansook Muslin, with cotton, linen or silk thread, from the coarsest to the finest number.

Having neither CAM nor COG WHEEL, and the the least possible friction, it runs as smoothly as glass, and is

Emphatically a Noiseless Machine!

It requires twenty-five per cent. less power to drive it than any other Machine in market. A girl of twelve years of age can work it steadily, without fatigue or injury to health.

Its strength and WONDERFUL SIMPLICITY of construction render it almost impossible to get it out of order, and is GUARANTEED by the company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to call and examine this UNRIVALLED MACHINE.

But in a more special manner do we solicit the patronage of

Merchant Tailors, Coach Makers, Hoop-Skirt Manufacturers, Shirt and Bosom Makers, Dress Makers, Corset Makers, Gaiter Fitters, Shoe Binders, Vest and Pantaloon Makers.

☞Religious and Charitable Institutions will be liberally dealt with.

Price of Machines, Complete:

No. I, or Family Machine, $45,00; No. 2 Small sized Manufacturing, $60,00; No. 3 Large sized Manufacturing, $75,00.

Cabinets in Every Variety.

We want Agents for all towns in the United States, where agencies are not already established, to whom a liberal discount will be given, but we make no consignments.

T. J. McARTHUR & Co.,
510 Broadway, New York.

Brownville, April 11th, 1861. n40-tf

The Economy of Using

THE

FRANKLIN

Family Sewing Machine.

These machines make the celebrated *GROVER & BAKER STITCH*, which has taken the highest premium at the Illinois State Fair, in September last, at the United States Fair in St. Louis, in 1860, and at the principle State Fairs throughout the country.

Competent Judges gave a decision in favor of this stitch, on account of its great strength and adaptation to all kinds of family and manufacturing purposes.

The following Table will show the difference in favor of Sewing Machines over the old method of stitching by hand. In the working of these Machines there is not only a great saving of labor and time, besides adding greatly to the healthfulness of the employment, but the stitch is much stronger, more elastic, and less liable to rip or ravel than the stitch made with shuttles and bobbins.

Time consumed in making up Ladies' Garments.	By Machine. Hours.	Min.	By Hand. Hours.	Min.

The Franklin Family

SEWING MACHINE,

Has one advantage which is worthy of especial attention in addition to the peculiar character of the stitch, and that is its adaptation to either light or medium heavy work. The Machine which at one moment is used on *THE MOST DELICATE FABRIC*, in a few moments after can be brought to bear with the same facility on cottonades and towels of the coarsest description. Its adaptation for *FAMILY WORK*, is thus remarkable, and gives it a superiority over every other style of machine in the Market.

In order that these Machines may be placed in the hands of all classes, we have reduced the price of our *FRANKLIN FAMILY MACHINE TO FORTY DOLLARS*. From the increase of our business for the last year, and the entire satisfaction our Machines are giving throughout the United States and European Countries, we are led to believe that our determination to manufacture a *PERFECT, SIMPLE, RELIABLE AND CHEAP MACHINE*, has been fully appreciated by the public. This policy will remain unchanged, and as heretofore no Machine will be allowed to leave the office that we cannot fully warrant in every respect.—We shall keep on hand at all times a general assortment of Sewing Machine materials

Needles for all machines can be ordered by Mail or Express. Price One Dollar per dozen.

Persons in the country, by sending us their address enclosing a letter stamp, can have forwarded by return mail, one of our circulars containing the different styles of Machines, list of prices, and sample of work.

THE OPORTO GRAPE.

The Oporto is a very strong grower, and is perfectly hardy, having fruited annually for more that ten years. It is very productive, old vines having produced from five to over ten bushels each in a single season. Two vines, two years planted in La Salle county, Illinois, were uninjured by the cold, and fruited last season. The wine finds a ready sale from two to four dollars per gallon. Read what the public say of the Oporto.

"It is esteemed by Physicians a good Port Wine It is somewhat astringent, rich and of fine body. The vines are unfailing and good bearers."—Rev. Dr. Lounsbury.

"I have six different kinds of Grapes, and the Oporto is the best of either of them for wine, and better than any other grape that I am acquainted with."—A. Devereax, in the Rural.

"For several years we have made wine from the Oporto Grape, and find a ready sale at one dollar per bottle, selling 50 bottles for single orders."—Sylvester Clark.

Strong vines $1 to $2. For vines or circulars address E. WARE SYVESTER' Lyons, N. Y. n37v5-tf.
