We hope the President will finally succeed in getting somebody to accept the office of Receiver both at this place and Nebraska City. The politicians have been diddling about them quite long enough. Neither of them will pay sufficient to warrant apy non-resident in coming to the Territory expressly for that purpose, and the sooner they are given to some resident, who can take them in connection with other business, the better it will be for the Territory. Quite a recruiting business has been going on in this county the past four weeks for the Missouri State Militia .-Nearly one full company has been raised for Col. Penick's Regiment, Gen. Loan's Brigade, and part of another for Col. Hall's Regiment, same Brigade. Jno. S. Minnick, Capt. of the Nemaha county Cavalry, of this vicinity, and Capt. Fairbrother of the Nemaha City Guards, have both gone; the former 1st Lieut., and the latter Orderly Serg't of Capt. Fitzpatrick's company. Next week we will publish the muster roll.

We venture the assertion that Nemaha county has furnished of her actual citizens more soldiers for the war than any other two counties in the Territory.
