DAY SCHOOL BELL .- This book is eminently adapted to nic in our common schools. We have a great number of school song backs before the public, but many of them lack manical as well as lite-rary taste, and are really demoralizing in their influ-ence upon the musical talent of the young. Airs of acknowledged excellence, wedged to words of true poetry are the qualifies that count to be sought with the greatest care in the preparation of a school song book. This book seems to combine these two qualities. - Pennsylranta School Journal. HORACE WATERS, Published by No. 481 Broadway, New York.

THE HARP OF PREEDOM. Now ready, a new and superior collection of 27 Anti-Slavery, Patriotic, and "Contraband" songs, soles, duets, quartets, and choruses. Most of the Poetry and Music has been written expressly for this work, to correspond with the times, and should be sung by the million, in order to awaken a deep interest in behalf of the "Contrabands," whom God, in his providence, has cast upon the Free North to clothe and educate. "Fair Freedom's Morn has dawned at last: "Break the Chains, or the Emancipating Sword;"
"Fremont is Marching on, ot, Glory Hallelajah;"

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effecremedy is wanted by those who suffer from | Very Liberal Reductionts Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROPULA AND SCROPULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPERS, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AP-PECTIONS, MERCURIAL DISEASE, DROPSY, NEU- Important to Radi Road to RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-OR ST. ANTHONY'S FIRE, and indeed the whole To all whom this may concern class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which fester in the ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. Rut the world has been egregiously deceived by preparations of it, partly because the arug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparlla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete. eradication from the system, the remedy should be judicibusly taken according to directions on
