The Conventions.

The Democrats, at their Convention at Omaha, on Wednesday, after a stormy and exciting contest, succeeded in nominating Judge Kinney, of Utah, formerly of Nebraska City, as their standard bearer. Mr. Poppleton, of Omaha, was the principal opponent of Judge Kinney .-Poppleton was understood to represent the Vallandingham wing of the party.-The delegates from Douglass and Nemaha Counties, when they found they could not nominate Mr. Poppleton, withdrew from the Convention. The delegation from Washington also withdrew from the Convention, but for another reason. They had been instructed to be governed by the following resolutions, passed at a primary meeting in Washing-

Resolved, That in view of the present egate to Congress, believing that such a reorganization would be construed into an ident of the United States, having the haneful tendency of creating divisions and discords among the patriotic Union

Resolved, That the Delegates appointed by this Convention to attenu the Democratic Congressional Corvention at Gmaha on the 20th inst., be, and they are hereby instructed, to use their influence in behalf of a coalition of the Democratic and Republican party upon an equitable basis, for the purpose of placing in nomination a candidate for Congress; and if failing to make such a coalition, our said delegates are instructed to urge upon said Convention to adjourn without making a nomination; and if failing in both of the above propositions, our said delegates are further instructed to withdraw from said Democratic Convention, and in no event to participate further in its proceedings.

The Republican Convention was organized by appointing Merredith, Chairman, and D. H. Wheeler Secretary.

The candidates for nomination were S. G. Daily, W. H. Taylor, Dr. Monell and John Taffe. After 45 ballots Mr. Daily was chosen.

We have not yet received all the proceedings, but will publish them next week.

Recruiting.

There is much talk now in this Territory about recruiting. Ten Recruiting Officers will be sent here from the Nebraska First in a few days, for the purpose of filling it up to the maximum number. Dispatches from Washington say all the old Regiments must be filled upif not by volunteering, by drafting. In addition to these, probably twenty of the citizens of the Territory have made application to the Governor for commissiens for recruiting, but the Governor has not seen proper to grant any until the Nebraska First is filled up. Some half dozen citizens from Missouri, Kansas and Iowa have also visited portions of this Territory, recruiting for different Regiments. On last Wednesday evening W. W. Updegraff passed through on his way to visit Gov. Saunders. He is authorized by Gen. Lane to raise another Regiment in Nebraska, for the defense of this Division. He appointed two recruiting commissioners in Richardson county, and three in this County. If more recruits can be raised in this Territory than enough for the Nebraska First, let it be for another Regiment, giving Nebraska the credit therefor. It will be much more pleasant for all that enlist to be consolidated in one Regiment. They will then have the Company and Regimental Officers from among their own acquaintances and friends.

Lane has, we believe, authority from Warlington to raise as many volunt ars as are offered in this Department, consisting of Kansas, Nebraska, Cclorado, and Dacotah, and we trust there will be no difficulty between Gov. Saunders and Gen. Lane.

Recruiting Officers will have no trouble in finding any number of men willing to serve their country in the capacity of officers. Every able-bodied man in Nebraska, and many that would be invalids in case of a draft, will gladly brave all the hardships and dangers of the tented field, in the capacity of Captain, Colonel. or Brigadier General, but it will not be so easy to find men who will go as high prieasy to find men who will go as anga prieasy to find men who will be sent by mail, oot pri
