OUR FLAG.

Then up with our flag! let it stream on the air! They had hands that could strike, they had souls that could dare.

Up, up with that banner! where'er it may call, Our millions shall rally around it.

FOR DELEGATE IN CONGRESS, SAMUEL G. DAILY.

The citizens of Nemaha county, irrespective of party, are requested to meet at Den's Hall, on Saturday, Oct. 11th, 1862, at 2 o'clock, P. M.

Letter from Gen. Thayer.

Just as our paper was going to press, we received the following letter from Gen. Thayer. It will be seen that those disorganizers, who were using his name for the purpose of aiding in the election of the gentleman from Utah, were doing so without his consent.

HEADQUARTERS SECOND BRIGADE, FIRST DIVISION, ARMY OF SOUTH WEST, BATTLE, ARK., Sept. 25, 1862.

Editor Nebraska Advertiser:

I have just learned that I have been nominated by a convention in Richardson County, for Congress. I have also received letters from different portions of the Territory, asking consent for the use of my name for that purpose.

Please publish this and oblige, Very truly yours, J. M. THAYER, Com'g Brigade.

Public Speaking.

Saturday 27th was the day announced in a general programme on which Hon. S. G. DAILY was to speak in this place. It was found necessary to postpone his appointment here until Monday, in order that additional points south of this might be served.

The facts are, in regard to the failure to confirm Gen. Thayer's appointment, that his name, with about 100 of others, were overlooked by the proper committee.

Dr. Renner took the stand and delivered an able and telling speech in favor of supporting Mr. Daily. His speech had a peculiarly good effect, coming as it did from a prominent citizen of Nebraska City, and one, too, who had been an unflinching friend of Wm. H. Taylor.

After Dr. Renner had taken his seat, O-l-i-v-e-r P-e-r-r-y M-a-s-o-n, who was present, was called out for the "fun of the thing."

The friends of the Chief Justice say Daily had no influence in Congress; never done anything for his county, Territory or friends; done nothing in favor of the Pacific Railroad, Homestead and many other important measures passed by Congress since he has been there, and then in the very next breath they charge him with defeating everything left undone, or done wrong.

Did He or Did He Not?

Did the Hon. Wm. H. Taylor write Chief Justice Wm. Pitt Kellogg, that he, Taylor, would give the aforesaid Chief Justice, one thousand dollars if he, the said Chief Justice, would resign in favor of the aforesaid incorruptible Taylor?

Did not Mr. Wm. H. Taylor make that offer over his own hand and sign name? Dare he deny it? Dare he, Taylor, say that Judge Kellogg has not such a letter in his possession? Did he, Taylor, write such a letter, or did he not?

And is this the same Hon. Wm. H. Taylor, author of the little book which says its papa has, "amid the whirlpool of Nebraska politics" preserved his integrity?—Omaha Nebraskan.

Think they have made a Point.

We were called upon this week by Dr. McPherson, who had in his possession a letter said to be from Capt. Allen Blacker to J. Maxon, of Nebraska City, in which it is charged that S. G. Daily defamed the confirmation of Colonel John M. Thayer as Brigadier-General.

There is nobody so consummately ignorant as to suppose that a political adversary has a right to demand of the opposite party the publication of any and every article or letter he may present and which it is thought may benefit his own cause?

We are not disposed to lug all creation into this little political fight between Mr. Daily and the Chief Justice of Utah. As the friends of the latter gentleman, however, have gone out of the Territory for a candidate they may be pardoned perhaps for pursuing the same course to procure canvassing material.

We referred last week to the mail swindle perpetrated four or five years ago whereby six or seven sections of the best timbered land in this and Johnson counties, and the country west, was secured through the provision of the Preemption Law.

These are not times in which we dare risk anything. Mr. Kinney may be as loyal as President Lincoln, or any other good Union man. But this circumstance, together with the fact that Kinney has long been intimately connected with mormondom; and the only Governmental official, we believe, ever sent there who was tolerated by Brigham Young: yea, who has not been driven out of that country, we insist are matters worthy the serious consideration of every honest, loyal voter of Nebraska.

Has Dr. McPherson and some others, who just now are such zealous sympathizers with Gen. Thayer, so soon forgotten their indignant manifestations a few months since at the treatment of company "C"—from this county—by Gen. Thayer; the lengthy petition of citizens for redress, to which no attention has been paid? We don't expect an answer, but simply ask the question to "make a point."

Mr. Blacker says he went to Washington to urge the promotion of Col. Thayer; he asked Mr. Daily to assist him in urging the confirmation; Mr. Daily assures him that he will do so if the officers of the regiment desire it; afterwards a petition is sent from the officers of the regiment to Mr. Daily, and Daily again promises to use his best endeavors to accomplish the object asked.

Mr. Blacker says, "a member of the House, in whom the people of Nebraska have great confidence,"—but whose name he is careful to suppress—writes to Mr. Blacker "that Daily is either opposing the confirmation of Thayer or doing nothing in the case."

The whole charge rests on the suspicions of Mr. Blacker, and the member from whom he received a letter, if he did, in fact, receive such a letter. It is a charge which Mr. Daily denies, and his denial is certainly as good as Mr. Blacker's suspicion.

Taylor's Opinion of Kinley.

During the recent Territorial Republican Convention, and after Judge Kinney had been nominated by the Democratic Convention, Wm. H. Taylor drew up and endeavored to get a member of the Republican Convention to offer the following preamble and resolution:

Resolved, That this Convention do petition and memorialize his Excellency, President Lincoln, to remove said Kinney from office.

Taylor's "Character Preserved!"

Taylor, in his "preserved character," has much to say about forgeries, fraud, corruption, &c., being practiced by Daily and his friends, by which he, Taylor, was defeated. Several little items of fraud and corruption have recently come to light, which shows the manner in which this man Taylor "preserved" his "character."

At the instance of Taylor a forged certificate for Delegate from Lincoln county to the Territorial Convention was presented to that body, purporting to be the proxy of one J. C. Gilman to J. H. Sahler of Omaha, Taylor's right-bower.

Taylor charges that fraud and corruption was practiced in this county. We mentioned some weeks ago that the only fraud discovered was, that in counting out the votes, a double-ticked was found in the box for William H. Taylor.

Taylor further charges that the daily convention was governed by the "free use of whisky." If this were true, we might say that whisky only triumphed over brandy; for it is a fact that Sahler, Taylor's man Friday, kept a two-gallon demijohn of brandy in the room adjoining the Convention room at Omaha, for the use of Taylor and his friends.

Mail Swindle.

We referred last week to the mail swindle perpetrated four or five years ago whereby six or seven sections of the best timbered land in this and Johnson counties, and the country west, was secured through the provision of the Preemption Law.

These are not times in which we dare risk anything. Mr. Kinney may be as loyal as President Lincoln, or any other good Union man. But this circumstance, together with the fact that Kinney has long been intimately connected with mormondom; and the only Governmental official, we believe, ever sent there who was tolerated by Brigham Young: yea, who has not been driven out of that country, we insist are matters worthy the serious consideration of every honest, loyal voter of Nebraska.

Kinney with the Mormons.

We mentioned last week that Judge Kinney in deeding certain lands, thus favored men who are to-day in open rebellion against this government. There is another matter worthy of serious consideration on the part of every truly loyal man in Nebraska.

As soon as the Territory was organized, the first thing that was done was to divide the Territory into counties. The first county was named after the first Governor, and the second after the first Lieutenant-Governor.

Taylor's Opinion of Kinley.

During the recent Territorial Republican Convention, and after Judge Kinney had been nominated by the Democratic Convention, Wm. H. Taylor drew up and endeavored to get a member of the Republican Convention to offer the following preamble and resolution:

Resolved, That this Convention do petition and memorialize his Excellency, President Lincoln, to remove said Kinney from office.

This same Taylor is now supporting that same John F. Kinney!!! This is another of the ways Taylor has of "preserving" his "character."

The Irishman's Flee.

Some years ago we heard John F. Kinney deliver the ultra democratic speech in the Masonic Hall in this town, we ever had the misfortune to listen to.—James Bohannon, and his Cabinet at Washington, were then "the powers that be."

At the instance of Taylor a forged certificate for Delegate from Lincoln county to the Territorial Convention was presented to that body, purporting to be the proxy of one J. C. Gilman to J. H. Sahler of Omaha, Taylor's right-bower.

Taylor charges that fraud and corruption was practiced in this county. We mentioned some weeks ago that the only fraud discovered was, that in counting out the votes, a double-ticked was found in the box for William H. Taylor.

Taylor further charges that the daily convention was governed by the "free use of whisky." What Taylor's old Friends now Think of Him.

Taylor had some friends before the meeting of the Territorial Convention. But his action since, and base treatment of friends who stood up for him to the last, has caused them all to disappear.

These are not times in which we dare risk anything. Mr. Kinney may be as loyal as President Lincoln, or any other good Union man. But this circumstance, together with the fact that Kinney has long been intimately connected with mormondom; and the only Governmental official, we believe, ever sent there who was tolerated by Brigham Young: yea, who has not been driven out of that country, we insist are matters worthy the serious consideration of every honest, loyal voter of Nebraska.

Cavalry Regiment.

In another column will be found an order of Brigadier-General Elliott, by command of General Pope, commanding this Department, calling for a Regiment of Cavalry, for nine months service, from this Territory.

Nebraska.

Now that an embargo is laid upon all shipments to this country, from Kansas and Missouri, we must look to Nebraska for our provisions and necessary articles of consumption in the Grocery, Boot and Shoe, Leather, and Dry Goods department.

The number of prisoners taken by our troops in the two battles, at the lowest estimate, is 5,000. Of these 1,200 were wounded. This gives the rebel loss in killed, wounded and prisoners at 25,542. It is to be observed this does not include stragglers, the number of whom are said to be, by citizens, very large.

On the battle field of Antietam 14,000 small arms were collected, besides a large number carried off by citizens. At South Mountain no collection of small arms was made, owing to the haste of the pursuit from that point.
