The Franklin Family SEWING MACHINE,

Has one advantage which is worthy of especial artention in addition to the peculiar character of the stitch, and that is its adeptation to either light or medium heavy work.. The Machine which at one moment is used on THE MOST DELICATE FARRIC, in a few moments after can be brought to bear with the same facility on cottonades and towals of the coarsest description. Lis adaptation for FAMILY WORK, is thus remarkssle, and gives it a superiority over every other style of machine in the Market, In order that these Machines may be placed in the

sands of all classes, we have reduced the price of our FRANKLIN FAMILY MACHINE TO PORTY BOLLARS. From the increase of our business for the last year, and the entire satisfaction our Machines are Countries, we are led to believe that our determination to manufacture a PERFECT, SIMPLE, RELIABLE AND CHEAP MACHINE, has been fully appreciaten by the public. This policy will romain unchanged, and as heretofore no Mischine will be allowed to leave the office that we cannot fully warrant in every respect .-We shall keep on hand at all times a general assortment of Sewing Machine materials Needles for all machines can be ordered by Mail or

GREAT IMPROVEMENTS IN

## SEWINGMACHINES EMPIRE

SHUTTLE MACHINE. Patented February 14th, 1860

Salesroom, 510 Broadway

NEW YORK.

This Machine is constructed on an entirely new principle of machinery, possing many rare and valuable improvements, having been enemined by the mest profound experts, and pronounced to be SIM-PLICITY and PERFECTION COMBINED. The following are the principal objections urged against Sewing Machines - L-Expansive fatigue to be lampacity to sew

2. Liability to get out of every description of material. 8. Dispresable noise 1. Expense, trouble and white in operation. loss of time in repair-

The Empire Sewing Machine is Exempt from all these objections.

pt has a straight needle perpendicular action makes the LOCK or SHUTTLE STICH, which will KEITHER RIP por RAVEL, and is alike on both mides ; performs perfect sewing on every description of material, from Leather to the finest Nansock Mur-liu, with cotton, lines or silk thread, from the cos-

sest to the finest number. Having neither CAM nor COG WHEEL, and the the least possible friction, it runs as smoothly as

Emphatically a Neiseless Machine!

It requires twenty-five per cent. less power to drive it than any other Machine in market. A girl of twelve years of age can work it steadily, without fatigue or injury to health. Its strength and WONDERFUL SIMPLICITY of construction render it almots impossible to get it out of order, and is GUARANTEED by the company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior srticle, to call and examine this UNRIVALLED MACHINE. But in a more special manner do we solicit the

FRENCH'S CONICAL

The most simple, durable, convenient and economical article ever invented for the purpose. Will do the washing of an ordinary family before breakfast, not only saving time, but clothes. By strictly following the printed directions, which are simple and easy, it will wash, at one time, six shirts, or two degen small articles, in about six or seven minufes, or their equivalent. By all the ordinary methods of cleaning fine fabrics, such as laces, &c., the greatest care is required, while with this machine the most delicate article can be

washed without the possibility of damage. These results are produced by the constant reaction the suds while the machine is in motion. I have published in pamphlet form.

All I ask of the Public is a careful examination of four years old will generally produce a bushel of grapes, this machine before purchasing of others.

TO THE PEOPLE OF

THE UNITED STATS In the mouth of December, 1868, the undersigned for the first time offered for sale to the public DR, J. BO-VER DODS' IMPERIAL WINE BITTERS, and in thir short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of hodliy and mental misery arising simply from a negleet of small complaints is surprising, and it is there. fore of the utmost importance that a strict attention to the least and most triffing bodily aliments should be had; for disease of the body must invariably affect the

mind. The subscrirers now only ask a trial of DR. J. BOVEE DODS'S Imperial Wine Bitters from all who have not used them. We challenge the

world to produce their equal. These Bitters for the cure of Wesk Stomachs, General Debility, and for Purifying and Enriching the Blood, are absolutely unsurpassed by any other ramedy on earth. To be assured of this it is only recesessary to make the triat. The wing is of a wary superior quality being about one-third stronger than othor wines, warming and invigorating the whole system from the head to the feet. As these bitters are tonic and alterative in their character, so they strongthon and invigorate the whole system and give a fine tone and healthy action to all its parts, by equalizing the circulation, removing the obstructions and producing ageneral warmth. They are excellent for diseases and weakness peculiar to Females, where a tonic is required to strengthen and brace the system. No lady who is subject to lesitude and faintness, should be without
