A Practical Guide to Health and Vigor.

## THE NEW GYMNASTICS,

FOR

## MEN, WOMEN & CHILDREN.

*With a translation of Prof. Kloss's Dumb Bell Instructor, and Prof. Schreber's Pangymnastikon.*

BY DIO LEWIS, M. D.,

Proprietor of the Essex Street Gymnasium, Boston.

*With Three Hundred Illustrations. One Vol. 12mo*

*PRICE* $1.00

No recent Magazine-paper has excited more general interest than the article in the August *Atlantic*, on "The New Gymnastics." The present work is a complete exposition of the system of which that article gave a synopsis.

The author of this work has been for many years engaged in teaching Gymnastics. The book describes and illustrates his New System of Physical Training. This system has had the practical test of long and varied use. It comprises exercises with Dumb Bells, Rings, Wands, Clubs, etc., all of which are made perfectly clear by full explanations, while many are illustrated by pictorial representations of the position of the body required to perform them.

The Dumb Bell Instructor, connected with this work is of the highest interest and importance. It is designed for home use, and gives a great variety of Dumb Bell Exercises together with a carefully-selected progressive series for every-day practice.

The Pangymnastikon is a very simple, useful, and cheap piece of gymnastic apparatus, upon which all gymnastic exercises may be performed, and which can be introduced, at small cost, into any private house.—It is fully described and illustrated in this volume.

The "New Gymnastics" should be read in every family in the land where exercise is valued as a means of health. Ladies, especially, will find in it a great variety of Easy, Simple and Invigorating Exercises, all of which may be practised in the crown homes.

## THE RURAL AMERICAN.

A CONCORD GRAPE VINE FREE TO EVERY SUBSCRIBER.

I am now issuing a new series of that popular Agricultural and Horticultural paper, the *Rural American*, in Utica, N. Y. It will be published on the 1st and 15th of each month, in a good style—large size—at one dollar a year, or only *seventy-five cents* in clubs. A

FIFTY CENT CONCORD GRAPE VINE

will be sent free to every subscriber in a club of four or more; and *two* vines, free of all cost, to those who pay *one dollar*.

The *Rural American* is devoted exclusively to rural subjects, and is one of the best papers for Farmers, Stock raisers, Fruit-growers, Gardeners, Bee keepers, &c., in the United States. I am well known throughout the entire country, as the former editor of the *Northern Farmer*, and the author of the "American Bee-Keeper's Manual," and "Domestic Poultry Book." I have spent a life in rural pursuits, and now am a *practical* farmer and fruit-grower. I have 20,000 Concord Grape Vines to distribute free. This is decidedly the best grape in this country. It ripens in all climates, and yields *double* the quantity of fruit of any other variety. Vines four years old will generally produce a *bushel* of grapes, worth $5 in any market.

PRINDLE'S PATENT.

Agricultural Cauldron and Steamer.

FOR SALE 221 and 223 South Water Street, Chicago, Ill. Prices, Wood $35, Coal $40, other sizes in proportion, with freight added from factory in New York to Chicago.

The advantages of cooked over raw food is attested by all. The old way of boiling in kettles is slow and expensive, as much so that but few use it. Something more practical must be had. Steam seemes to be the only alternative. The Prindle has retained all the advantages of the Portable Caldron for boiling, and devised means of generating steam sufficient for all purposes. It is simple and practical, and proves a PERFECT SUCCESS.

Sole agent for Illinois and North-West,

The above will be sold on account of the manufacturers, at their respective factory prices adding freight to this place.

## E. H. BURCHES,

PROPRIETOR.

TREES, SHRUBS, FLOWERS, &c.

Can be adapted to our climate and soil. In view of these facts, I have established in this place and offer for sale at

## Wholesale or Retail.

A large and well selected stock, suited to this climate, of

Ornamental Trees,
Greenhouse and Bedding Plants, etc., etc.

To which I would beg leave to call the attention of the people of Nebraska, Kansas, Colorado Iowa and Northwest Missouri.

☞ My terms will be as low as any reliable eastern Nursery.

By purchasing of me the expense of transportation from the east can be saved.

## THE DAY SCHOOL BELL.

THE DAY SCHOOL BELL.—A New Singing Book for Day Schools, called the DAY SCHOOL BELL, is now ready. It contains about 200 pages of choice Songs, Odes, Rounds, Catches, Duets, Trios, Quartets and Choruses, many of them written expressly for this work, besides 22 pages of the Elements of music. The Elements are so easy and progressive that ordinary teachers will find themselves entirely successful in instructing even young scholars to sing correctly and scientifically, while the tunes and words embraces such a variety of lively, attractive, and soul stirring music and sentiment that no trouble will be experienced in inducing all beginners to go on with zeal in acquiring skill in one of the most health-giving, beauty improving, happiness yielding, and order producing exercises of school life. In simplicity of its Elements, in variety and adaptation of music, and in excellence and number of its songs, original, selected, and adapted, it excels by much to excel all competitors. It will be found to be the best book ever issued for Seminaries, Academies and Public Schools. A few sample pages of the elements, tunes and songs are given in a circular, send and get one. It is compiled by Horace Waters, editor of "Sabath School Bells," N. s. 1 and 2, which has had the enormous sale of 855,000 copies. Prices—paper covers 20 cts., $15 per hundred; bound 30 cents, $25 per hundred; cloth bound, embossed and gilt 40 cents, $35 per hundred. 25 copies furnished at the one hundred price. Mailed free at the retail price.

NOTICES OF THE PRESS.

THE DAY SCHOOL BELL.—The tunes are lively and such as may be easily mastered by children. The sentiment of the songs is unexceptionable and well adapted to the school room. It is the cheapest and among the best compendia of school music published.—*New York Teacher.*

DAY SCHOOL BELL.—This book is eminently adapted to use in our common schools.

We have a great number of school song books before the public, but many of them lack material as well as literary taste, and are really demoralizing in their influence upon the musical talent of the young. A proper knowledged excellence, wedded to words of true poetry are the qualities that ought to be sought with the greatest care in the preparation of a school song book. The book seems to combine the two qualities.—*Pennsylvania School Journal.*

FLOWER SEEDS.

The Ladies, (God bless them), all want a fine flower garden—they wish to make home attractive—they wish to have a neat, well kept Lawn, with its green sward shaded, and here and there dotted with nature's fairest treasures, nodding their jeweled heads to the summer breeze, and emitting their delicious fragrance to all around. The husband, when he returns at even from the care and turmoil of business, meets the smiling face half, who smiles because she has a home, made one of attractions that God intended should typify all that is beautiful and pure. A man or woman who loves flowers can never be coarse or unrefined—they have a language that speaks to the heart, and the best indicates; they are emblematical of pure thoughts, noble impulses and moral aspirations.

To our Lady readers of the "Farmer" and "Advertiser," ourge up your Liege Lords, and have a supply of flower seeds ready for spring planting. We have the following:
