GET UP YOUR CLUBS FOR 1864.

NEW AND SPLENDID PREMIUMS!

PETESON'S MAGAZINE.

THE BEST AND CHEAPEST IN THE WORLD!

This popular Monthly contains more for the money than any Magazine in the world. In 1864, it will have nearly 100 pages, 25 to 30 steel plates, 12 colored patterns, and 900 wood engravings—and all this for only Two Dollars a Year, or a dollar less than magazines of its class. Every lady ought to take "Peterson." In the general advance of prices, its is the only Magazine that has not raised its prices, either to single subscribers or to clubs, and is, therefore, emphatically, The Magazine for the Times.

The stories in "Peterson" are conceded to the best published anywhere. Mrs. Ann S. Stephens, Ella Rodman, Mrs. Denison, Frank Lee Benedict, the author of "Susy L's Diary," T. S. Arthur, E. L. Chandler Moulton, Gabrielle Lee, Virginia F. Townsend, Rosalie Grey, Clara Augusta, and the author of "The Second Life," besides all the most popular female writers of America are regular contributors. In addition to the usual number of short stories, there will be given in 1864, Four Original Copy-righted Novelets, viz:

The Maid of Honor—a story of Queen Bess, by Ann S. Stephens. The Lost Estate—a story of to-day, By the author of "the Second Life." Maud's Summer at Saratoga, by Frank Lee Benedict. Fanny's Flirtation, by Ella Rodman.

In its Illustrations also, "Peterson" is unrivaled. The publisher challenges a comparison between its superb Mezzotints and other steel engravings, and those in other Magazines, and one at least is given in every number. Colored fashion plates in advance; It is the only Magazine whose Fashion Plates can be relied on. Each number contains a Fashion Plates, engraved on wood, and colored—from Fashions later than any other Magazine gives; also, a dozen or more New Styles, engraved on Wood; also, a Pattern, from which a Dress, Mantilla or child's Custome can be cut, without the aid of a mantua-maker—so that each number, in this way, will save a year's subscription. The Paris, London, Philadelphia and New York Fashions are described at length each month. Patterns of Caps, Bonnets, Head Dresses, &c., given. Its colored patterns in embroidery, crochet, &c.

The Work-Table Department of this Magazine is wholly unrivaled. Every number contains a dozen or more patterns in every variety of Fancy-work; Crochet, Embroidery, Knitting, Bead-work, Hair work, &c., &c., &c., Every month, a superb colored pattern for slipping, purse or chair seat, &c., is given—each of which, at a retail store, would cost fifty cents.

"Our New Cook-Book."—The Original Household Receipts of "Peterson" are quite famous. For 1834 our "Cook-Book" will be continued: Every one of these receipts has been tested. This alone sis well worth the price of "Peterson." Other receipts for the toilette, sick-room, &c., &c., will be given.

New and fashionable music in every number.—And hints on Horticulture, Equestrianism, and all matters interesting to ladies.

CURE OF DISEASES OF THE EYE

and having been uniformly successful in every one I have undertaken I now offer my services to the afflicted and warranted to cure every instance taken in hand.

BROWNVILLE, MARCH 3, 1864.

This is to certify that I have been suffering for the last two years with inflamation of the eyes together with partial blindness, from films on the cornea, and granulation of the lids, which were so thick that I could not raise them enough to see my way. I am proud to say that Dr. Lawrence, who is now stopping at Brownville, has entirely cured me, and I recommend him to all who are afflicted with sore eyes.

RICHARD E. CASE.

LONDON, March 3, 1864.

I had lost one of my eyes and thought that in a few months I would be deprived of the other, but hearing of Dr. Lawrence of Brownville. I went and consulted him in reference to my eye: he pronounced me blind from cataract. I procured a prescription from him, when to my astonishment, in one week my sight was nearly restored, and is now quite perfect;

THOMAS WALTERS.

Give him an early call.

BROWNVILLE, March 3, 1864.

HORACE WATERS, Publisher,
n41-1y No. 481 Broadway, New York.

Are you sick, weak and complaining? Are you out of order, with your system deranged, make our feelings uncomfortable? These symptoms are often the prelude to serious illness. Some slight sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into healthy activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Cased by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons:

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother is being grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MCGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W FREBLE.
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1855.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have scarcely met a case of *bilious disease* to obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their attentive effect upon the liver makes them an excellent remedy, when given in small doses for *bilious derangement and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.* JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Exhaustion, Gravel, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse* the *stomach and expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episcopal Church.

FULASKI HOUSE, Savannah, Ga., Jan. 6, 1855.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec., 1855.

DR AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that has afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

THE

CONTINENTAL MONTHLY

The readers of the CONTINENTAL are aware of the important position it has assumed, of the influence which it exerts, and of the brilliant array of political and literary talent of the highest order which supports it. No publication of the kind has, in this country, so successfully combined the energy and freedom of the daily newspaper with the higher literary tone of the first-class monthly; and it is very certain that no magazine has given wider range to its contributors; or preserved itself so completely from the narrow influences of party or of faction. In times like the present, such a journal is either a power in the land or it is nothing. That the Continental is not the latter is abundantly evidenced by what it has done—by the reflection of its counsels in many important public events, and in the character and power of those who are its staunchest supporters.

Though but little more than a year has elapsed since the Continental was first established, it has during that time acquired a strength and a significance elevating it to a position far above that previously occupied a strength and a political significance elevating it to a position far above that previously occupied by any publication of the kind in America. In proof of which assertion we call attention to the following facts:

1. Of its pelical articles republished in pamphlet form, a single one has had, thus far, a circulation of one hundred and six thousand copies.

2. From its literary department, a single serial novel, "Among the Pines," has, within a very few months, sold nearly thirty-five thousand copies—Two other series of its literary articles have also been republished in book form, while the first portion of a third is already in press.

No more conclusive facts need be alledged to prove the the excellence of the contributions to the Continental, or their extraordinary popularity; and its conductors are determined that it shall not fall behind. Preserving all "the boldness, vigor and ability" which a thousand journals have attributed to it, it will greatly enlarge its circle of action, and discuss, fearlessly and frankly, every principle involved in the great questions of the day. The first minds of the country embracing the men most familiar with its diplomacy and most distinguished for ability, are among its contributors; and it is no more "flattering promise of a prospectus" to say that this "magazine for the times" will employ the the first intellect in America, under auspices which no publication ever enjoyed before in this country.

While the Continental will express decided opinions on the great questions of the day, it will not be a mere political journal: much the larger portion of its columns will be enlivened, as heretofore, by tales, poetry and humor. In a word, the Continental will be found, under its new staff of Editors, occupying a position and presenting atractions never before found in magazine.

FRANK LESLIE'S.

ILLUSTRATED NEWSPAPERS.

Attractive Feature. The $5,000 Prize Novel The Gulf Between Them. By Mrs. Anne S. Stephens, Authoress of "Fashion and Famine," "The Rejected Wife," &c., &c.

In addition to its attractions; as the first and most authentic Illustrated Paper in America, surpassing all others in the variety, accuracy, and interest of the numerous illustrations which it offers, Frank Leslie's Illustrated Newspaper will begin in No. 435, dated January 30, 1864, the thrilling and absorbing novel, "The Gulf Between them," written by the great novelist, Mrs. Stephens, whose "Fashion and Famine" has a larger circulation than any other purely literary novel of our day, and was regarded as so masterly a work of fiction that it was not only republished in England, but was translated into almost every language of Europe.

The prize of $5,000, offered with unusual liberality by the proprietor for the best novel, drew forth no less than two hundred works, many of them of great merit. Among these, Mrs. Stephens' novel was selected, as evidently surpassing not only all others offered, but almost everything hitherto published. It is fully equal to "Fashion and Famine," and will be as widely read.

It will be of greater interest, from the fact that the scene is laid in our land and in our own times; and in delineation of character and absorbing power it will fascinate and charm the reader.

Subscription $3.50 per year.

HARPER'S WEEKLY.

SPLENDIDLY ILLUSTRATED.

Price Six Cents a Number; $3.00 a Year

Critical Notice of the Press.

Its fresh leaves, its clear type, its entertaining variety, its severe but just criticisms upon the follies of the times, its elegantly written and instructive articles, and its able correspondence, all combine to make it the model newspaper of our country, and one that every family must prize. Its condensed weekly summary of *foreign and domestic intelligence* is altogether superior to that contained in any other journal. Being published, too, in a form for preservation and binding, if taken care of as it deserves to be, it will be found in future years as welcome a companion for the family and fireside as the day on which it was first perused.—*N. Y. Evening Post.*

We would not so often call attention to HARPER'S WEEKLY if we were not well satisfied that it is the *best family Paper in the United States,* and that reason, and that alone, we desire to see it undermine and root out a certain kind of literature too prevalent, which blunts the morals of its readers vitiates their taste for sensible reading, and is already bad in its effects.—*New London Advertiser.*

Wherever we go—in rail-cars and steamboats—we find it seized with eagerness, because of its spirited sketches of passing events. We all like to look at the faces of men we have read of, and at ships and forts that have fig
