1LLUSTRATED NEWSPAPERS.

NEW ORLEANS, 25th August, 1859. DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks Another was attacked by secondary symp-toms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the dis order would soon reach his brain and Kill him. But it yielded to my administration of your Sarseparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by our Sarsaparilla in a few weeks. I know from ita formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable re-

Ayen: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes. "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no

other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young ngain. The best that can be easil of you is not half good enough. in advanced Senges of the Disease. This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs.

As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the
