A Fire in Brownville.

About 10 o'clock A. M. yesterday, a fire broke out in the Exchange Bank building...

New Advertisements.

In another column will be found the advertisement of Theodore Hill, to which we desire to call special attention...

Mr. Perkins has shown us some excellent Photographs taken by himself since he opened his new skylight gallery...

Gady's Lady's Book for December, is received, and is as usual excellent.

The Lady's Repository for November, has been received.

The engraving alone in this number are worth a year's subscription.

They consist of most life-like pictures of "The Bird Catchers," which fairly brings to memory the halcyon days of our childhood...

The other is called "The Past and the Present," two superb female figures sitting together, in one of which, is pictured sorrow, deponding and resignation; in the other all of life and buoyancy that hope and happiness can give.

The contrast is most striking and truly affecting.

The Lady's Repository is much superior to most other Magazines gotten up especially for the Ladies. Free from the foolish look of boys' sick stories, it strives to lay before its readers such illustrations as will prepare them for the discharge of their duty, enlighten their understanding and make them ladies in the true sense of the word.

Vote in the 1st. Nebraska.

The following from a private letter received in this place, is all that we have heard of the vote in the 1st. Neb. so far:

Co. "B" Lincoln 42 McClellan none. Co. "G" " 57 " 16.

A Place to Live At.

The Columbus Sun S. C. of the 23d ultimo says:

Have a few places at \$5 per week, from \$3.25 to \$3.50. Best of a very fair quality is disposed of for \$2 per week, chickens sell at about \$4 a piece from the wagon. They generally are of mixed sizes. Wood is sold at \$3 a cord, and is sold at \$3 per cord, shavings \$2 per yard and sheating at \$4. Yarns sold for \$45 to \$50 per bunch according to numbers, some grades selling higher. A country produce is high. During the week, at auction, sole leather has sold at from 11 to 12 1/2 cts, as high as 75c per pound, though averaging about 75c; and negroes at very high prices; silver has sold as high as \$20 per one, and we believe gold is quoted at \$24 for one.

The Memphis Bulletin learns from passengers on the Tycron from Davall's Bluff, that a detachment of the 4th Mo. cavalry and a portion of some Kansas regiment, numbering 500 all told, went from Little Rock several days ago, encountered the pickets of a large force of Texas Rangers at Camden. A dash was made into the town, and after a severe fight of an hour's duration, the rebels were driven out, leaving all their camp equipage, a number of small arms and horses, besides killed and wounded, in our hands. The enemy lost twenty-five killed; the number of wounded and prisoners is unknown. Our loss was fifteen in all. We were unable to learn the names of the commanders. The dash of our troops is regarded as a decidedly brilliant affair.

We have just heard from the Comtee across the river. Atchison gives Lincoln 528; McClellan 7. Four of the votes cast for McClellan were Union tickets with only the names of the candidates changed. This made them illegal, and they were, of course, thrown out. Lincoln's majority, 575.

Halt County gives Lincoln 504; McClellan 51. One precinct is still to hear from. Lincoln's majority, 423.

The Difference.

General Price entered Missouri nearly one month ago, penetrated to the heart of the State and was sorely molested while he robbed the people of entire districts of everything they possessed. He then entered Kansas, but scarcely had he set his foot upon her soil, when he was met by an opposing army, routed and quickly driven out. Thus it has been throughout the entire war. Kansas has, by her location, been almost as completely exposed as Missouri. The two lie side by side. And yet, with the exception of one or two petty raids, lasting but a day, as in the case of Quantrell's raid on Lawrence, the rebels have never effected a lodgment on Kansas soil. They have never encamped for a night upon her territory, while they have repeatedly done all over Missouri, and their armies have for months taken up their quarters without molesting her borders.

Why this remarkable difference? The people of Kansas we admit, have prided themselves to be possessed of great courage and sound loyalty, and the fact just stated is exceedingly or'dible to them, but a large portion of the people of Missouri have been just as loyal and just as brave. The reason evidently is, as people of Kansas have all been true to the Union, while Missourians have had rebels and rebel sympathizers living among them, and have continually been groined and comforted to the enemy. Had a policy been adopted which would have freed Missouri of her resident disloyal element—making her population united to their loyalty, as the people of Kansas are, Price could no more have successfully penetrated Missouri than he could Kansas and Missouri would to day be as quiet and safe as Kansas.—No. Dem.

The Steamer Kate Kearney, belonging to the St. Louis and Keokuk packet company was attacked and robbed at Clarksville Mo. on Monday the 31st of October by a band of guerrillas under command of a man named Penn. They took some horses and a sack of shot, but beyond that nothing was disturbed. The steamer was then allowed to pass on her way. The officers and men—having first been paroled.
