They stimuinte the functions of the body into vigorous activity. parify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not re-lieved, react upon themselves and the surrounding organs, producing general aggravatiou, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Fills, and see how directly they perform the action of the syn directly they restore the natural action of the sysdirectly they restore the natural action of the sys-tem, and with it the buoyant feeling of health sgain. What is true and so apparent in this trivial and com-mon complaint, is also true in many of the deep-sented and dangerous distempers. The same purga-tive effect expels them. Caused by similar obstruc-tions and derangements of the natural functions of the body, they are rapidly, and many of them surely, oured by the same means. DR. AYEB: Your Pills are the paragon of all that is great in-medicine. They have cured my little daughter of ubcerous sores upon her hands and feet that had preved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

As a Family Physic. From Dr. E W. Cartwright, New Orleans. Your Pills are the prince of purges. Their ex-cellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the doily treatment of disease. to us in the daily treatment of disease. Meadache, Sick Meadache, Foul Stomach.

From Dr. Edward Boyd, Baltimore. DEAR BRO. AVER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative modi-oine. I place great dependence on that effectual esthartic in my daily contest with disease, and be-lieving, as I do, that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855. Da. J. C. AVER. Sir: I have been repeatedly cured of the worst headacke anybody can have by a dose or two of your Pills. It ecems to arise from a foul stomach, which they cleanse at once. Yours with great respect, ED. W PREBLE. Clerk of Steamer Clarion.

Bilious Disorders - Liver Complaints. From Dr. Theodore Bell, of New York City. Not only are your Fills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bitious complaints than any one remedy I can mention I sincerely rejoice that we have at length a purgative which is worthy the confidence of the preferrior and the records the profession and the people. the profession and the people. DEPARTMENT OF THE INTERIOR, Washington, D. C. 7th Feb., 1856. SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartie we employ. Their regulating action on the liver is quick and decided, consequently they are an ad-mirable remedy for derangements of that organ. > The readers of the CONTINENTAL are aware of the important position it has assumed, of the influence which it exerts, and of the brilliant array of political and literary talent of the highest order which supports it. No publication of the kind has, in this country, so successfully combined the energy and freedom of the daily newspaper with the higher literary tone of the first-class monthly; and it very certain that no magazine has given with range to its contributors; or preserved itself so completely from the narrow infinences of party or of faction. In times like the present, such a journal is either a power in the land or it is nothing. That the Continental is not the latter "is abundantly evadenced by what it has done-by the reflection of its counsels in many important public events, and in the character and power of those who are its staunchest supporters.

Though but little more than a year has elapsed ince the Continental was first established, it has luring that time acquired a sterength and a signiicance elevating it to a position far above that previously occupied a strength and a political significance elevating it to a position far above that previously occupied by ony publication of the kind in America. In proof of which assertion we call attention to the following facts:

1. Of its polical articles republished in pamphlet form, a single one has had, thus far, a circulation of one hundred and six thousand copies. 2. From its literary department, a single serial novel, "Among the Pines," hos, within a very few

months, sold nearly thirty-five thousand copies -Two other series of its literary articles have also been republished in book form, while the first portion of a third is already in press. No more conclusive facts need be alledged to

prove the the excellence of the contributions to the Continental, or their extraordinary popularity; and its conductors are determined that it shall not fall behind. Preserving all "the boldness, vigor and ability" which a thousand journals have attributed to it, it will greatly enlarge its circle of action, and discuss, fearlessly and frankly, every principle in-nolved id the great questions of the day. The first minds of the country embracing the men most smiling with its diplomacy and most distinguished for ability, are among its contributors; and it is no more "flattering promise of a prospectus" to say that this "magozine for the times" will employ the the first intellect in America, under auspices which o publication ever enjoyed before in this country. While the Continental will express decided pinions on the great questions of the day, it will not be a more political journal: much the larger portion of its columns will be enlivened, as heretofore, by tales, poeiry and humar. In a word, the Continental will be found, under its new staff of Editors, occupying a dosition and presenting attracDysentery, Diarrhan, Relax, Worms.

From Dr. J. G. Green, of Chicago. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperi-ents I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diar-rheet. Their sugar-coating makes them very ac-ceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood. From Rev. J. V. Himes, Pastor of Advent Church,

DR. AYER: I have used your Pills with extra-ordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confi-dentity recommend them to my friends. dently recommend them to my friends. Constipation. Costiveness, Suppression, Ebenmatism, Goat, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada. Too much cannot be said of your Fills for the oure of costiveness. If others of our fraternity have found them as effectious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken

at the proper time, are excellent promotives of the matural secretion when wholly or partially sup-pressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Ray. Dr. Hawkes, of the Methodist Epis.

Church. PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856. HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Fills. Their effects were show but your and Fills. Their effects were slow, but sure. By per-severing in the use of them, I am now entirely well.
