This week the number of sheep and TO MERCHANTS, FARMER attle which have crossed at this point has far exceeded that of any farmer week within our knowledge; we believe IROR we do not exagerate to place the number of sheep at 2000. The fact that Nebraska is a good sheep raising country is becoming widely known. We have conversed with several gentlemen from Illinois, who have been engaged in sheep raising there, and who were looking over this and adjoining counties west for a location, and they all agreeded that this was the best country for sheep they had ever seen. One stated that he intended moving to this county, this Spring, and would bring with him 2000 sheep.

The news of the capture of Gen. Lee and his army, received here last Friday, caused considerable enthusiastic excitement. The big gun was brought gut and fired; all, with a few exceptions, wore smiling countenances, and those that didn't kept mainly in-doors. At night a grand illumination took place. The report originated in the capture of Fitzhugh Lee, and not Robert, as was here supposed. The correction was found in last Sunday's mail, when all agreed that we had illuminated for the fall of Richmond, &c. Monday morning news came well confirmed, that Gen. Lee and his entire army had surrendered on terms proposed by Gen. Grant. This is doubtless true. Can't we have another grand illumination. The news is good enough to warrant a grand jubilee.
